The adulterators and sellers of fraudulent food are busy trying to so amend the pure food bill that it will be meaningless and harmless to their rascally schemes to poison the people. Farmers should watch these moves and write to Congressmen to head them off. A drastic pure-food bill would greatly benefit every farmer, who lives by selling pure food, and it would still more greatly benefit the eaters of food, which includes all the people. The worst of crimes are those who deal in the vile stuff.

A lot of people are making a living by abusing John D. Rockefeller. For years he has been making "copy" for magazines and newspapers, and incidentally salaries for numerous scribblers. He is also a prime favorite for the sensational preachers and it is a cold Sunday that one of these "hot gospellers" does not hold John D. up as an awful example. After awhile people will actually begin to sympathize with the Staudard Oil magnate as they do with a deer pursued by wolves or a dog being devoured by fleas.

The statistician in the Department of Agriculture of the United States estimates that in 1931 the population of this country will be 130,000,000 and the census bureau agrees that this is a conservative estimate. To supply the requirements of this number of people will necessitate the production of 700,000,000 bushels of wheat, 1,250,000,000 bushels of oats, 3,450,000,000 bushels of corn, 100,000,000 tons of hay; and cotton, tobacco and fruits in proportion. To produce this immense quantity of food and kindred products will necessitate the bringing under cultivation an additional 150,000,000 acres of land, and it is estimated that we have only 108,000,000 acres available for cultivation. These figures lead the Chicago Live Stock World to remark that "good agricultural land today offers the best and safest investment on earth," and we agree with this able paper. If a man wants to leave his descendants an inheritance that will constantly increase in value and be safer than any other form of wealth, let him invest in the best desirable lands in the United States.

Sciatica Cured After Twenty Years of Torture. For more than twenty years Mr. J. B. Massey, of 3222 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that intiment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. Mr. Massey relates his experience for the benefit of others who may be similarly afflicted. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by Chas. I. Clough's Drug Store.
