Don't Like the American Farmer.

TO THE EDITOR TILLAMOOK HEADLIGHT. DEAR SIR,—I am surprised that you, knowing as much about Socialism as you do, would copy the rot that you did from the American Farmer. You know well that our agitation is against the graft, boodle and extortion of the present competitive system. We know and so do you that Morgan, Rocky & Co. are having unrivaled prosperity. We also know that while wages have increased 10 per cent. in the last 12 or 13 years, that the cost of living has increased 38 per cent., and this makes prosperity for the wage slave (over the left). See government report, also Dunn and Brädstreets. If you will read the first three columns on page 3 of Appeal to Reason of May 5 you will see what some of the leading republicans and democrat papers think of socialism. They take a more practical view of the situation than Solon Goode's understriker and pun pusher of the American Farmer. Solon Goode is a grafter of the first water and he is duping the people through the American Farmer into a scheme to settle a lot of worthless land down in Southern Texas. I don't wonder that he is disturbed by socialist agitation when he sees his graft in danger. I have lived in Texas and know where I speak. Bro. Baker, all we ask is justice, just simple justice. Yours for fair play, F. C. VARNER.

Not as Rich as Rockefeller

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when combined with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by Chas. I. Clough's Drug Store.

It is Dangerous to Neglect a Cold.

How often do we hear it remarked, "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by Chas. I. Clough's Drug Store.

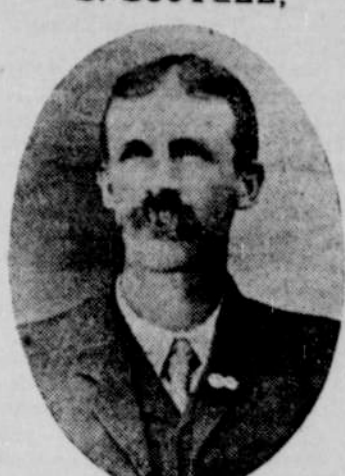

Letter from San Francisco.

Wiped Out City, San Francisco, April 25th, 1906. MY DEAR SISTER AND BROTHER: Yours of the fatal 18th inst. has been received and my nerves have been so very much shaken up I can scarcely hold the pen, but will do the best I can. I am thankful we are all alive. The great earthquake did us no serious damage, but broke nearly all that is breakable. I never saw such a house as we saw when we staggered out between 5 and 6 A. M. The floor was covered with broken dishes and glass; stoves and bureaus were out of place; chairs tumbled over and clocks on the floor, and my milk room, with fourteen pans of milk and cream floating en masse on the floor. My Polly was shook off the perch and vainly trying to crawl up again. Oh! it's no use to try to tell of the horrors of that day. The city on fire, the blowing up of buildings to stop the fire, and between the noise of the explosions, the ocean was roaring as if impatient to swallow us, and every five minutes an earthquake. The fire burned three days and nights without cessation, as all the water works were smashed. No gas, no nothing and no water yet. We have to go away up in the hills where there is a spring. There were over 20 people there this morning. We take our cow up once a day. Nearly every building of note is either burned or blown up. For once money is no object, and we cannot buy anything to eat, drink or wear in all San Francisco. There were no papers printed for three days and no cars running yet, but will be on some lines today. Everyone can ride on them free for some time to come, when they do run again. All anyone can get to eat besides what they had in the house have to go to different places and stand in the bread line, which is blocks long. Minnie and the children go daily, and I have been once myself with them. I felt more strange than words can express while standing waiting for my turn, it seemed like some horrible dream. We get meat, bread and groceries and there are milk wagons going around giving away milk. I am thankful to God we came out here, as it was our salvation. I have heard of only two families of our friends who are not burned out. The park is full of refugees and on Wednesday night there were 18 babies born there, with only the heavens for their covering, but now all are comfortable and have plenty of bedding and plenty to eat and have good water all over the park. Some of them now have more comforts than they ever had before. We are far better off now than before, have only six dollar rent to pay. The money in the bank is all right. We intended building in May, but don't know now if we will or not, and the times will be so very busy and work so plentiful that the men folk will want to earn all they can. They say the city will be built up more beautiful than ever and fire and earthquake proof. Chinatown, with all its diseases, is no more. One benefit to us. It is all burned from North Beach to Townsend St. from the water front to Filmore St. from 18th to Mission and most of Mission from the ferry to 18th St. The dry goods stores gone and the new P. O. on 10th St. a wreck. Harry met his boss, who was wealthy, last Tuesday. Had just finished his mansion for himself and he said that all the money he had now was \$10 in his pockets. There are plenty of others in the same boat. I think in the long run, this terrible ordeal will be for the better as the city is purged and purified by fire. Oh, Heavens! another shock while I write which shook the house so we all ran out. When will this all end? It is shaking yet. No one is allowed to have a fire in the house. We had a stove in the basement which we set up in the front yard so all could see it. There are stoves in every one's yard and tents all over. If we don't have a tidal wave yet we can thank our stars. The ocean is much wrought up—another quake, making the second in five minutes. Well, we are beginning to get used to them, but you should have heard the children that morning. Such screams I never want to hear again, and to my dying day, which may not be far off, I shall not forget that terrible shake. We have a barn big enough for a cow and a ton of hay, but we had very little on hand when this affair came and now there is none in the market. All burned up, but soon there will be any amount in from the country as they are rushing things in at a rapid rate. We had lettuce on the first day of Jan. and radishes that we raised, but now it is getting dry, as the rains are over and no water to use on the gardens. Well, if I live I will write again soon, as I have not told you half there is to tell about the city. I am going down town just as soon as the cars run and suppose I will see a sight. So goodbye hoping to hear from you soon. We don't have to put stamps on our letters now. Ever your loving sister, Mrs. M. L. MILLER.

For Sale.—Miscellaneous Lot of Wire

Cable, new and second hand, any length, pipe of any description and size. Machinery to suit anybody. Write for prices on anything. Metal scrap iron and all kinds of junk and machinery bought and sold. Address M. Baude & Son, Portland, Oregon.

S. SCOVELLI,

Socialist Candidate for Joint Representative, Tillamook and Yamhill Counties.

Esteemed Friend:

Having been chosen as candidate for Joint Representative of Tillamook and Yamhill Counties by the Socialist Party Convention, and not being able to visit you personally, I take this method to invite you to study the Socialist platform and principles. If you are a laborer and would receive the full product of your labor, or a farmer, the most oppressed of all workers, a merchant, perhaps, that the trusts and the colossal mercantile establishments will soon put out of business, should you be a Christian and would like to see an environment in which one could live and do the Golden Rule, if you want a square deal and equal rights to all, Study Socialism. You will find it a beautiful study, in harmony with Divine and natural laws. I invite you to make me your choice at the ballot box on June 4th, in harmony with the Socialist doctrine. Fraternally, S. SCOVELLI.

Acceptance of Nomination.

As the Democratic party in Yamhill and Tillamook Counties at the primary election have voluntarily tendered me the nomination of their ticket for the office of Joint Representative in the Legislature, from the 14th District, without solicitation upon my part, and in fact without my knowledge in advance of their intention so to do, I deem it my duty to accept it, and make the race for the position, and in accepting such nomination, to state briefly some of the principles I adhere to, so that those who wish to favor me with their votes in June, may know before hand what to expect of me in event of my election. First.—I adhere firmly to, and pledge myself to support the statement known as "Statement No. 1," which is in effect that I will support the people's choice for United States Senator, without regard to my personal preferences, or his political affiliation. Second.—I am opposed to grants of all kinds, believing in equal rights to all and special privileges to none, and am especially opposed to the custom of grouping appropriations of public funds for different purposes, into one appropriation bill, thereby forcing the people to support a weak proposition with a strong one. Third.—I believe the quickest, cheapest and easiest way to develop the whole country, is by building and maintaining good permanent highways, and if elected will favor such laws as will in my judgment facilitate the opening and permanent improvement of our roads with less expense and less "red tape." Fourth.—I believe in the taxation of franchises and the gross earnings of corporations, as a means of reducing the burdens of taxation to the producer and the laboring classes. Fifth.—While running for the office, I am running on the democratic ticket, yet if elected I will not favor the passage of any measure that I do not believe will benefit the whole people, as I believe the representative is no greater than the people he represents. I am a citizen first, a democrat afterwards. Very respectfully yours, W. W. CONDER.

Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow, when my doctor prescribed Electric Bitters, which cured me." Sure cure for Biliousness, Nephritis, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At Chas. I. Clough's Drug Store, 50 cents.

Death from Appendicitis

decrease in the same ratio that the use of Dr. King's New Life Pills increases. They save you from danger and bring quick and painless release from constipation and the ills growing out of it. Strength and vigor always follow their use. Guaranteed by Chas. I. Clough, Druggist, 25c. Try them.

We carry a Large Stock of Hardware, Tinware, Glass and China, Oils, Paint, Varnish, Doors, Window Sashes, Fine Line of Choice GROCERIES. Agents for the Great Western Saw. ALEX. McNAIR CO., The Most Reliable Merchants in Tillamook County.

CHARLES V. GALLOWAY, Yamhill County.

Democratic Nominee, Representative in Congress.

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when disease of the delicate, womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers. As a soothing and strengthening nerve-tonic, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency. It cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration. Dr. Pierce's medicines are made from harmless, but efficient medical roots found generally in our American forests. The Indians knew of the marvelous curative value of some of these, and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities. Your druggist sells the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

Piano Tuning & Action Repairing.

I am no hanger, but an expert grad nate of the Niles Bryant Piano Tuning School of Battle Creek, Mich., and can give the best references. I am a resident of Tillamook. C. G. ZIPP, P. O. Box 142.
