Whitney has been chosen principal of The Dalles high school, and within a week after he closed the school here he succeeded in getting a position in one of the large towns of Eastern Oregon. The Independent Church.

The government of the United States guarantees the right to worship God according to the dictates of conscience. The Independent Church accepts that guarantee. We have tested the feasibility of a government on so broad a principle. Why not a church? The functions of a church are somewhat different from a government. The church is governed by the moral or unwritten law, while the government is ruled by the civil code that has been established by legislation. The church supports doctrines, the government laws. The grace of the Lord Jesus Christ, the love of God, and the communion of the Holy Ghost, constitutes the doctrines of the Independent church, without form, sacrament or ordinance. J. C. GOYE.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. To do this, however, prompt action is necessary. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two.
