The Liquor Dealers in Politics.

The liquor dealers, as an organization, should keep out of politics. They have had this admonition given them of late, as well as several times before, in a very striking way.

The principal of "home rule," as involved in the local option question, is too well grounded in the minds and consciences of the people to admit of successful attack on the part of the Liquor Dealers' association and its cohorts, no matter how organized and forcefully conducted.

The Agricultural Committee of the House very wisely decided to abolish the appropriation for free seeds, which for many years has disgraced the great farm supply bill.

McCormack and Osborne machines have been tested through seventy-four harvests and have grown in favor through each one.

McCormick levers are always within reach; a fact which every farmer appreciates. McCormick's and Osborne's world-wide reputation is not the result of accident—it is the reward of merit.

Like the town cranes of old, the farmers sing out the praises of McCormick and Osborne machines until they are known wherever grain is grown.

Now is the time to get your machine oil and extras.—B. O. SUFFER, Agent.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Brounch, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." For sale by Chas. I. Clough's Drug Store.

BOULDER CREEK.

Last Sunday was a day long to be remembered by Boulderites. As our school house is very small Mr. W. D. Gladwell very kindly offered the use of his barn, and they fixed a platform and comfortable seats the full length of the driveway. Sunday school was held at ten o'clock, and at an early hour people began to arrive on foot, on horseback, in buggies, carts and wagons, and the barn was soon filled to overflowing.

After Sunday school Rev. A. M. Ginn, of Beaver preached, and then came dinner; table cloths were spread upon the grass and then to see the good things appear from baskets, pails and boxes was a sight to tickle the palate of an epicure.

A gentleman remarked to your correspondent, that in writing up the dinner we could not say, "the table groaned beneath its load of good things," as we had no table; but we told him we would borrow the title of one of E. P. Roe's books, and say, "The Earth Trembled."

When dinner was disposed of, the fragments were gathered up and we have an idea there were more than twelve baskets full. Mr. Ginn furnished the strawberries which disappeared long before the sun.

Then every one having eaten as much as possible, they gathered again in the barn to listen to children's day program. Every thing passed off quite well, and considering the bad weather, muddy roads, sickness, and accidents which interfered with practising, we consider the little folks acquitted themselves very creditably. At least our visitors seemed to think so.

Rev. Chas. Waymire made a short but stirring address to the children at the close of the exercises and also sang a beautiful hymn. Then every one sang "We'll Never Say Goodbye in Heaven," and the service closed with a short prayer by Rev. Helm, of Beaver.

Among those present we noticed people from Cloverdale, Hebo, Spruce, Beaver, and Blaine. Various estimates were made as to the number present, which ranged all the way from 150 to 200. We cannot say positively, but think it was somewhere between the two figures.

We thank all of them however for their presence and words of cheer and commendation, and we truly hope they felt repaid for their trouble in getting here.

We must not forget to mention Mrs. Eliza Brady, who was the prime mover in getting up the entertainment. She has worked most faithfully amid many discouragements, and deserves the lion's share of credit for her efforts.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown to us because they have hesitated about giving a testimonial of their experience for publication. These people, however, are some of the best friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by Chas. I. Clough's Drug Store.

Sore Muscles.

Prominent athletes throughout the country find that the best treatment for sore muscles after severe exercise or hard work of any kind, is a hot bath at bed time, which opens the pores. This should immediately be followed with an application of Chamberlain's Pain Balm vigorously rubbed into the skin. This liniment removes all stiffness and soreness and has become a favorite rub down, as it acts promptly and keeps the muscles in excellent condition. For sale by Chas. I. Clough's Drug Store.

Rheumatism.

Why suffer from this painful malady when one application of Chamberlain's Pain Balm gives relief? Hundreds of grateful people testify to the magical power of this remedy over rheumatism. For sale by Chas. I. Clough's Drug Store.

ABOUT FARM MACHINERY

McCormick's and Osborne's are the Best and Cheapest.

You don't want a rake that is weak in the head and weak in the joints or that has faulty teeth do you? Well, better buy a McCormick or Osborne and take no chances.

A telephone connection with all the world's wheat fields would enable one to hear McCormick and Osborne machines at work continuously from January 1st to December 31st.

A McCormick knife grinder will sharpen any thing from a pair of scissors to a mower knife.

A fool and his money are soon parted. Buy a McCormick and don't part with your money for repairs on your mower. A successful farmer is a practical one who thinks out his work and then works out his thoughts.

McCormack and Osborne machines might well be indorsed by the humane society—they are so easy on the horses. McCormack and Osborne machines have been tested through seventy-four harvests and have grown in favor through each one.

McCormick levers are always within reach; a fact which every farmer appreciates. McCormick's and Osborne's world-wide reputation is not the result of accident—it is the reward of merit.
