How's the yellow weed coming along and what have been done to prevent it spreading?

* * *

Will the federal authorities get any more Tillamook people into their muckrake? It looks as if they will, so we are informed, before long.

* * *

Civic or city pride—in Tillamook and by some people—is to own a number of little fire-trap shacks. Oh, yes, clean up the city, but don't forget the shacks.

* * *

Of course, the would-be and couldn't-be mayor, is expected to lecture the city dads once in a while, but they seem to pay no attention whatever to Rollie's "hot air" lectures. Well, they don't have to.

* * *

The land fraud cases are to tried in Portland next month, and of all the persons who are indicted, a large number of people are not slow to express their opinion in Tillamook, for there is one person in particular whom they want to see sent to the penitentiary.

* * *

Socialists did not vote straight on the state ticket either. That party's strength in Oregon appears to be somewhere near 7,000, yet for governor the socialist candidate fell below his party strength about 3,000 votes, or more than enough to re-elect Governor Chamberlain.

* * *

The defeated democratic candidate for county commissioner was in town Tuesday, and made the remark that the reason why he was not allowed in the democratic band wagon when the democratic push went over the county was because he was the only candidate not drawing down a salary from the county.

* * *

It is to be hoped that when the newly elected peace officers get into harness they will raid the places where the boys get the tanglefoot and thereby add some revenue to the county. Now let us see whether the newly elected officials will be any improvement. We hope so, for it is time to get out of the old rut and do as other counties are doing—make the law breakers dub up.

* * *

Nehalem precinct fooled the republicans two years ago, but this year it fooled the democrats, who thought they had it almost solid, as did also some of the republicans in the primary election, yet it did not pan out as they figured. Nehalem has been fooled quite a number of times by the politicians in previous years, so it played tit for tat, and having attained its object, it looks as if it is one of the first precincts to come back sold for the republican party in future elections.

* * *

Rollie don't think the city has any further use for a city marshal and street commissioner. We we will agree with him if he will say there's no use paying wages to lazy men to hold down the office of street comissioner and then pay other men to fix up the streets. The street commissioners have always had plenty of spare time to keep the business streets in good shape, but somehow, the street commissioners haven't been built that way.

* * *

The vote for county commissioner in Little Nestucca and Sandlake precincts is hard to explain if it is not these places have not had a square deal at the hands of the present county court. For instance, in the two precincts, the vote was: Republican, 5; democratic, 1; socialist, 76. That is the biggest slum in the whole election. At the next election we hope the republicans will feel they have had a square deal in road improvements and won't kick over the traces again.

* * *

Lincoln County is dry, and the saloon men themselves are entirely at fault and have only themselves to blame for the changed conditions. The long continued and flagrant violations of the state and local laws had been tolerated until forbearance had ceased to be a virtue and the righteous indignation of a substantial majority of the people had been thoroughly aroused. We do not hesitate to predict that once the benefits, socially and morally, of the present local option law are are realized the County will remain in the ranks of prohibition for all time.—Yakima Bay News.

The Oregonian often jumps onto the country newspapers for errors and small fry paragraphs, but here is one on the great Oregon daily taken from that newspaper on Monday:

"H. D. Brady, who lives near Milwaukie was severely injured in the middle of last week, while climbing on an O.W.P. car."

The Headlight man is totally in the dark as to where his "middle of next week" is located so as to protect it from injury. Will some one, please, enlighten us?

* * *

Election frauds in Portland are being inquired into, and it is right and proper that it should be, for there is more or less of that in that city every election and from all appearance it was bribery and corruption which defeated Sheriff Word. The election law should be so amended that unless a person registers he should not be allowed to vote, for the system of colonizing a lot of men and swearing them in on election day and then allowing them to vote is getting too rotten to be tolerated any longer. Multnomah is not the only county where this rottenness is carried on, but it should be put a stop to.

* * *

"Turn the rascals out!" is what all office holders run up against after a few years. Out goes all the democrats in this county next month and republicans will take their place, and republicans, those who have stayed with the party, will have entire control of county affairs, and they are entitled to it for that reason The republicans of the county have placed confidence in the new officials, and what they want is an administration that will give every part of the county a "square deal" and avoid getting into any unholy alliance with Claude Thayer, the same as the democrats did. It will come home to them if they do.

* *

Our socialist friends do not appear to appreciate the fact that several belonging to that party in the recent election deserted the socialist Wolfe and traded and hobnobbled with a Woolfe of the democratic stripe. If socialists will sell out with but a small organization, it seems to us that with a larger organization the incentive to do so would be that much stronger, now that some of them have fallen into the same old tricks they adopted when belonging to either of the other political parties. It is certainly too bad that some of the Tillamook socialist have not learned their catechism yet. Who are the biggest sinders, the political corruptors or the corrupted socialists?

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. To do this, however, prompt action is necessary. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. CONFIRMATION SERVICE.

Archbishop Christie Gives Some Good Advice.

A large number of Catholics and non-Catholics assembled at St. Alphonsus Academy hall on Sunday morning to hear Archbishop Christie and see him confirm a large number of young people belonging to the Sacred Heart Church in this city. As the church was too small to hold the congregation the Academy hall had to be used.

Father J. J. Burri, of McMinnville, read Mass at the temporary altar, while Father Le Miller acted as master of ceremonies.

Archbishop Christie read the gospel of the day, taken from St. Luke, xiv. chapter, and dwelt at some length upon the doctrine of the church in the real presence of Christ in the sacrament of the Holy Eucharist.

His Grace then addressed the young persons who were to be confirmed, giving them some good Christian and practical advice. He exhorted them to say their prayers morning and evening, for that was very essential, and something they should never neglect. Another thing in which the Archbishop exhorted them was obedience to father and mother, and this obedience to parents should not cease when they attained their majority, but should be continued, and they should be obedient to parents who had been so kind to them. There was a tendency amongst the young people of America to disregard praternal advice, but he hoped they would obey and respect their parents, who had done so much for them, and also obey and respect those who were in authority. In regard to temperance, he said he noticed that Tillamook had gone "dry"—he did not think it was very dry on his way in—but whether it remained "dry" or "wet," he advised them to be temperate. It was not so much the young people he feared about that as it was the old, hard case he came across in most communities, and in addressing the young women, one of the worst sights was to see a woman drunk, who, when she got into that condition, was low and dirty. The Archbishop said he had great faith in the young women and young men of the United States, and they ought to be proud that they were American citizens, closing with the remark that he hope the young women and young men whom he was addressing would lead lives of holiness and purity and be a credit to the community.

After Archbishop Christie had performed the ceremony of confirmation, he expressed his appreciation at so large a congregation He was glad to see so much improvement since his last visitation, and praised Father Le Miller and the Sisters for the work they were doing in the community for religion and morality. He was sorry he could not stay longer with them, but he had to leave after that service to meet his appointments in other places.

Below will be found the names of those who were confirmed by Archbishop Christie, the name between parenthesis being the confirmation name selected by the candidate:

Sore Muscles.

Prominent athletes throughout the country find that the best treatment for sore muscles after severe exercise or hard work of any kind, is a hot bath at bed time, which opens the pores. This should immediately be followed with an application of Chamberlain's Pain Balm vigorously rubbed into the skin. This liniment removes all stiffness and soreness and has become a favorite rub down, as it acts promptly and keeps the muscles in excellent condition. For sale by Chas. I. Clough's Drug Store.

Slum in Socialist Vote.

TO THE EDITOR TILLAMOOK HEADLIGHT.

You were right, Bro. Baker, when you thought the socialists voted straight. Every class conscious socialist voted the socialist ticket on the 4th of June. I will admit that some men who claim to be socialists voted a mixed ticket, but they are only socialists in name. They do not understand socialism. We do not believe in putting new wine in old bottles, nor do we believe in patching an old garment with new cloth. In other words, our present system of government has served the purpose for which it was designed. It is old and decayed and must be displaced. Combination and cooperation is the order of the day. The present system was all right when all the work was done by hand, and the men that did the work owned the tools of production. Now all work is done by machinery, and this machinery of production has all passed out of the hands of the producer and the labourer, who produces all wealth, has become a wage slave and is in a worse condition than ever the Chattle slave was in The Chattle slave had a home, food and raiment, his doctor's bill was paid. The wage slave has nothing, not as much as an assurance of a job tomorrow. He creates all wealth and on an average gets one fifth of what he produces (see Carol D. Wright's 13th annual labor report). Our present system breeds trusts, millionaires and paupers, graft, robbery and doodle. We socialists have a sure cure for the above evils, "Let the nation own the trusts."

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by Chas. I. Clough's Drug Store.

CLOUGH'S PLAIN TEAT BISTOURY

For Cutting Obstructed Teats.

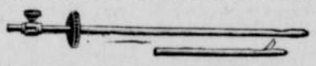

Illustration shows instrument both open for cutting and closed for inserting.

This obstruction may be a stricture or other growth of a tumorous nature, which is often the result of the bite of a dog, a kick or a bruise caused by going over a fence or through a dense under brush; or the cow may have had some trouble with that quarter of her bag, and in milking and forcing the thickly curded milk out, a small rupture had resulted, so that when the scar tissue formed, the opening became smaller.

I also carry of German silver milking tubes, four different lengths.

$8.50 PUNCTURE-PROOF TIRES ONLY $4.80 PER PAIR

Regular Price $8.50 per pair. ***To Introduce We Will Sell You a Sample Pair for Only $4.80*** NAILS, TACKS OR GLASS WON'T LET OUT THE AIR (CASH WITH ORDER $4.65)

NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. **No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS.** Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "H" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is $8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a **cash discount** of 5 per cent (thereby making the price $4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at **OUR** expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, **built-up-wheels, saddles, pedals, parts and repairs, and** everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big **SUNDRY** catalogue.

DO NOT WAIT but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it **NOW.**
