Those who play fair and act square in politics generally come out on top.

Another man gone crazy ! What is getting the matter with the men folk in this county, anyway ?

* * *

Might save the pugilistic events for the fair and invite the Bend sluggers to do up the Tillamook bruiser again.

It was the unlucky number (13) that beat Sheriff Woolfe in the recent election. This ought to be food for gossip for the superstitious.

* * *

Why not demand a recount on county judge because the republican candidate's majority over the democratic candidate was over three to one ?

* * *

When the citizens see certain parties take boys and the born drunks to a certain building in the city, it is natural to suppose someone is dealing in tanglefoot and the county is loosing a good big fine because the officials won't raid the places where the boys get the drink.

* * *

This is the time of year when the people of Tillamook are pestered with traveling agents who exact big money for what they sell. Don't be fooled and buncoed, and to avoid buying a pig in a poke and throwing away good money for nothing, consult the home merchants

Poor little Dolph ! It only cast 16 votes at the election, and now the democrats want to wipe the voters in that precinct off the earth because, somehow, only one pair of ears, of the democratic mule's dimension, are allowed to sprout and grow at Dolph and are kept there as a curiosity.

* * *

Men who aspire to public office will have to figure on the voters who scrutinize the private and moral characters of candidates. It used to be that politicians figured on getting the saloon and transient vote, but now that is being gradually cut out, it is plain to see that it is the law enforcement voters who will predominate, especially in county and city affairs.

This week our contemporary has one of our business men wearing petticoats and selling muslin "underware," which we suppose, means that the muslin is made out of tin, iron, glass, china or granite ware. It must be quite a novelty, this muslin underware. But we would like to know who the joke is on, the merchant, the ladies or our contemporary ?

The Canadian thistle is making its appearance along the Trask river and some measure ought to be taken to prevent it spreading This is something for the Fairview Grange to take up and start a crusade against. A little effort now in cutting it down and preventing it from seeding might save a lot of trouble in the future, for once the Canadian thistle takes root, it hangs on and is almost impossible to stamp it out.

Now that the land frand trials are set it is liable to give some persons sleepless nights with a worried feeling, for when Uncle Sam goes after some people he goes after them to do them up. Strange, but it is true nevertheless, that this is exactly the same methods some of those who are indicted used to "do up" those whom they could not control or had no use for. Oh, the agony of suspense, for it's a cruel way to "do up" those who have been in the habit of doing up other people.

* * *

By way of argument we will admit that every republican judge and clerk of election committed errors and bungled up the election returns—which has to be substantiated. What about the democratic judges and clerks allowing all those irregularities which the democratic brethren complain of ? It looks, from reading the complaint set out by the attorneys for a recount, that every judge and clerk of election was a son of a gun and not competent to serve on an election board. We shall see whether this is so or not,

Republicans who have staved with the republican party in the numerous factional fights in Tillamook will be in control of county affairs next week. Those who stay with their party generally get on top, and those who do the bolting and knifing generally get it in the neck sooner or later. However, the old and the new county officials will have to do the square thing by the taxpayers, and we hope they will not enter into any unholy alliances and give every part of the county a square deal in regard to road improvements.

* * *

Judge Frazer, in the Word-Stevens contest, has ruled that a voter making a distinguishing mark on his ballot, the judges of election should have thrown the entire ballot out. This is something to be remembered when another election rolls round, for the voter who wants to be funny or thinks he is smart by marking his ballot other than the way it is intended, will be thrown out. In previous elections the judges of election have been puzzled lots of time to decide how a freak voter wants his ballot counted.

Two railroad companies are wanting rights of way in Tillamook, and it looks as if Tillamookers are in a devil of a fix to know which really means business. They've been up against so many railroad problems for the last twenty years it is not surprising that this new phase of the railroad situation is a sticker. No wonder that railroad promoters think that Tillamookers have hides as thick as hippopotamuses, but it's only got that way through railroad promoters pounding on it. Tillamook wants a railroad, and wants it bad, but the question that is perplexing is : Which of these two companies mean business ? Perhaps both mean business.

If the state legislature can amend the election laws so that the floating voter would have to register thirty days before an election or not be allowed to vote, it would put a stop to a good deal of voting in precincts where voters have no right to vote, There is hardly a city in Oregon but what on election day dozens and hundreds of unregistered persons are herded up and made to vote, whether they are entitled to or not. It used to be that the politicians paid that class to vote and they have even colonized and kept them in hotels for weeks in Portland, and after the election was over the floaters were given the tip to clear out of the city, and they did so, for two or three days after election it was no uncommon sight to see a string of men hit the railroad ties. Now, it seems, all that the floating voter can get in that city is a night's lodging and a day's grub for his vote.

The So-Called Socialists.

TO THE EDITOR TILLAMOOK HEADLIGHT.

DEAR SIR,—There is no class conscious Socialist that is going to offer any apology for the 3000 so-called Socialists who voted for Chamberlain, nor those who voted against our county ticket. They are the same men or class of men who stranded the populist party, and they would do the same with the socialist party if they could, but they will never succeed. All fusion and political trading is abhorent to all class conscious socialists, and any member of the party who would suggest such a program would be read out of the party. Our program is to educate the people along lines of scientific government, and to get the workers of the world to see that their intesests and that of capitalism are diametrically opposed to each other. When men get to see this as it really is they become class conscious and vote the socialists ticket at all hazzards. Our slogan is let the nation own the trusts.

New Laws Go Into Effect.

SALEM, Ore., June 25.—Governor Chamberlain today issued his proclamation declaring all measures approved by the people at the June election in force from and after this date. The vote was officially canvassed this morning and the result announced. The Governor did not, however, proclaim the anti-pass law enacted, for it has no enacting clause, and is, therefore, believed to be invalid. He will submit the matter to the Attorney-General and will be guided by the latter's opinion. If the Attorney-General is of the belief that the law is invalid because of the defect, the Governor will not issue a proclamation declaring it in force.

The measures included in the proclamations and which go into effect today are : The appropriation bill, the two gross earnings tax bills, a consuitutional amendment providing a more speedy and simple method of amending the constitution, the constitutional amendment giving cities and towns power to amend their charters, the constitutional amendment giving the Legislature power to fix the salary of the State Printer and regulate printing, and the constitutional amendment for the initiative and referendum on local and special laws.

Rheumatism.

Why suffar from this painful malady when one application of Chamberlains Pain Balm gives relief ? Hundreds of grateful people testify to the magical power of this remedy over rheumatism. For sale by Chas. I. Clough's Drug Store.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Death of Walt. J. Smith.

Death deprived Tillamook of another pioneer and well known character in this county at an early hour on Saturday morning at his home on the Wilson river. Walt. J. Smith, who had been ill for several months with consumption, being another of our citizens to succumb to that dread disease. For several weeks his death was expected, and it was no surprise to his family and friends. The remains were brought to this city Sunday, and on Monday they were buried in the Oddfellows' cemetery, the religious service being held in the M.E. church, conducted by the pastor, Rev. C. A. Stockwell.

Walter James Smith was born at Mountain Dale, Washington county, Oregon, August 4, 1848, being the next oldest of a family of twelve of Mr. and Mrs. Isaac W. Smith, two of Oregon's earliest pioneers. While still a child he went to Rudville, where he lived until at the age of sixteen, when he enlisted at Fort Vancouver in the First Oregon Infantry, Company B., for service in the Union Army during the Civil War.

The Indians having broken out in Eastern Oregon and Washington, his company was ordered there to help quell the trouble. He saw 19 months service in the capacity as scout when the war ended by the capture of the Bannock chief.

In 1878 Mr. Smith joined a party of gold seekers bound for Alaskan points under the charge of T. H. Miller and J. C. Moss. Their travels took them up the Stickeen River, Alaska, to Dease Lake and overland to Juneau. He helped to build the first house at Glenora, Alaska.

On February 11, 1882, he was united in marriage to Alice Olds, of Tillamook City, the oldest daughter of Mr. and Mrs Eli P. Olds, residents of this city. Four children were born to them : Sam J. Smith, Toby L. Smith, Mrs. Margaret B. Illingworth and Miss Estelle E. Smith.

Mr. and Mrs. Smith moved to their present home in July, 1886, having lived there 5 years before the Wilson River Toll Road was opened between Tillamook City and Washington County. Mr. Smith was a member of the I.O.O.F., G.A.R. and charter member of local lodge K. of P., all of Tillamook City.

Mr. Edison has been searching the southern states for cobalt, with which metal he can reduce the weight of automobile storage batteries one-half, and he thinks he has found a good supply in four of the counties of Tennessee. This will be a great year for motor vehicles if it adds plenty of cobalt to untaxed denatured alcohol.

CLOUGH'S PLAIN TEAT BISTOURY

For Cutting Obstructed Teats.

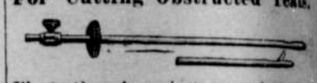

Illustration shows instrument both open for cutting and closed for inserting.

This obstruction may be a stricture or other growth of a tumorous nature, which is often the result of the bite of a dog, a kick or a bruise caused by going over a fence or through a dense under brush ; or the cow may have had some trouble with that quarter of her bag and in milking and forcing the thickly curded milk out, a small rupture had resulted, so that when the scar tissue formed the opening became smaller.

I also carry of German silver milking tubes, four different lengths.

$8.50 PUNCTURE-PROOF TIRES ONLY $4.80 PER PAIR

Regular Price $8.50 per pair. To Introduce We Will Sell You a Sample Pair for Only $4.80 (CASH WITH ORDER $4.55)

NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

NO MOPE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. **No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS.** Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "H" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

DESCRIPTION : Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is $8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price $4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned **at OUR expense** if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big **SUNDRY** catalogue.

DO NOT WAIT but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it **NOW.**
