Peter W. Jacobs, plaintiff, vs. Cornelius Desmond, defendant, was a suit filed in the circuit court on Tuesday in which Jacobs sued Desmond for \$450. It seems that Desmond, who had leased his farm at Netarts, promised to pay Jacobs, provided he would give it up, as he had an opportunity to dispose of the place, which he did. Jacobs having failed to receive any compensation for giving up the lease he brought suit, who is represented by Attorney H. T. Botts.

Married, on Thursday, in Tillamook City, Mr. Charles Davis, of Sheridan, and Miss Mary Jensen, of Hebo. The knot that binds was tied by the Rev. G. P. Zimmerman, pastor of the Christian church in the parlor of the Allen house. The happy couple are well known in the south part of the county, where they have many friends to congratulate them and wish them all the happiness that married life affords. They will make their home at Sheridan.

The long dry spell was brought to a close on Wednesday with a good soaking rain during the afternoon, thus, for another year, all danger of forest fires are over. With the exception of one light sprinkle, it has not rained in Tillamook since June, making about three months

of continuous fine weather, which is something usual and leads credence to the idea that climatic conditions are changing in Tillamook, for the county had one half the rain last year to that recorded in the previous years.

A. O. Jackson vs. C. Mills was a case tried before County Judge Goodspeed and a jury on Tuesday, in which the former sued to recover the sum of \$200 he paid the defendant commission in a real estate deal, which fell through on account of the failure to borrow enough money to purchase a farm. When the deal fell through, Jackson wanted back his \$200, which Mills refused to pay, for he claimed that as commission. It took the jury but a few minutes to bring in a verdict, which was for Jackson and for the full amount sued for.

It is expected that Judge McBride will be in next Wednesday for the purpose of passing sentence upon A. J. Hembree, who was found guilty at the last term of the circuit court for murdering his daughter, Ora Hembree, a girl of 16 years of age, at Sandlake last December, and a verdict of manslaughter was brought in. The jury stood 11 to 1 that Hembree had committed the awful crime. C. B. Handley being the only juror who wanted to turn Hembree loose. After being locked up all night and part of the next day a compromise verdict was agreed upon, which was manslaughter, the penalty for which is one to fifteen years in the penitentiary.

Married, Sept. 1st, at the Baptist parsonage, McMinnville, Ore., by the Rev. Adams, Miss Ethel Helen Wilks, of Lafayette, Yamhill county, and Mr. William H. Sales, of Astoria, Clatsop county. The bride's wedding dress was dotted Swiss, while the groom wore the usual conventional black. The happy couple left Lafayette on the afternoon train on their way to Northern Washington to visit Mr. Sales' parents and sister for a few days, when the bride will return to her parent's home for the present, while the groom will resume his work on the Columbia river. Mr. Sales is well and most favorably known in Tillamook, for he lived for the greater part of his life in this county, and whose friends will be glad to hear of this happy union.

LONG PRAIRIE.

Mrs. Murphy, of Wisconsin, has been lecturing through the county in the interest of "The King's Daughters."

M. W. Storey and wife have moved back to the prairie; also C. S. Wells and family, who is helping Mr. Storey run the oil well, Albert Olds and N. J. Myers being on the night shift.

School will commence Sept. 10th with Edgar Manson at the desk.

Several teams are hauling gravel for our roads, and it will be quite an improvement when rainy weather sets in.

Mrs. W. H. Owens is improving slowly since the arrival of her daughter, Mrs. H. Kirry, of Rainier, this seeming to cheer the old lady considerably.

Mrs. Dighton has rented her place to James Bibby and will leave soon for Roseburg, where she expects to make her future home, so as to be near her aged father and send her daughter Edna to school.

What about the fruit exhibits at the fair? We fear Long Prairie did not do her duty, as no finer fruits grew anywhere than that grown here. Mrs. Dighton had some, especially fine plums, Logan and wine berries and Mr. Heyvaert has the finest blackberries in the county, while other neighbors have nice plums, apples and other fruits, which ought to have made a fine showing.

Albert Olds, Ike Wells and Mrs. H. Olds and son, George, have gone to the hop fields.

Bank Robbed in Broad Daylight

RAINIER, Oct. 3.—While the cashier lay bound hand and foot, gagged and tied to a table in a back room, two bandits leisurely looted the State Bank of Rainier in broad daylight yesterday afternoon. It was two hours before their unfortunate victim was able to free himself sufficiently to give the alarm and in the meantime the robbers had made their escape, taking with them between \$2000 and \$2500 in gold coin.

P. W. Van Aucher, the cashier, was the only person in the bank when the robbery was committed, having come down, although it was a holiday, to work on his books. The robbers were evidently aware of this fact, and had laid their plans accordingly. Walking in through the unlocked front door, about 4 o'clock, unmasked and dressed like ordinary workmen, they attracted no attention from people on the street, and when Mr. Van Aucher turned to wait on them he found himself completely at their mercy.

The bandits had closed the door behind them, and the shades on both doors and windows had been drawn. Seeing that it would be useless to resist, Mr. Van Aucher dumbly complied with the conventional command, "Hands up!" backed by the presentation of a big six-shooter.

CLOUGH'S PLAIN TEAT BISTOURY

For Cutting Obstructed Teats.

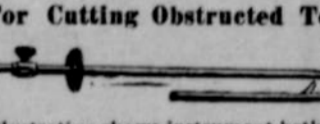

Illustration shows instrument both open for cutting and closed for inserting. This obstruction may be a stricture or other growth of a tumorous nature, which is often the result of the bite of a dog, a kick or a bruise caused by going over a fence or through a dense underbrush; or the cow may have had some trouble with that quarter of her bag, and in milking and forcing the thickly curdled milk out, a small rupture had resulted, so that when the scar tissue formed, the opening became smaller. I also carry of German silver milking tubes, four different lengths. Improved instruments for opening obstructed teats without cutting. Feed Probes or Sounds.
