Men Only. TO THE EDITOR TILLAMOOK HEADLIGHT. Exodus xxiii., 17—Three times in the year all the males shall appear before the Lord God. I was at one of these gatherings that Christ instituted the holy supper. They were feasting and drinking on bread and wine at the feast of the Passover when Christ took of the bread and wine and established the new testament. There is no such thing in the Bible as woman suffrage or total abstinence, either under the old or new testament. The modern church has drifted until no one knows where it is at. It is a conjecture of an old woman's whims. In just the ratio that women have become prominent in the church, men have abandoned it for the lodge, where a woman's voice is never heard. A woman was never at the three yearly feast under the Jewish time, nor is there anything to show that Christ ever dispensed the bread and wine to a woman, or that he ever authorized any one else to. There is a distinction between a church and a home. It is all wrong for a woman to abandon the responsibility of home life to do the strenuous in the church. The early Christian Church is all we have to go by, the modern amount to nothing but the support of an indolent preacher and a place of gathering for women, children and very old men. Men are related as neighbors, as citizens, and as members of a church before God, who is the Supreme Judge. The old law demanded that men congregate three times in a year. Once at the passover, and once at the harvest and once at the gathering, but there is no stated time when men should commemorate in honor of Christ. The modern Lord's supper is about as near nothing as can be. A little old cake of flour and water, and a cup of something to imitate wine. What is served to 100 people, not enough, if it was worth eating or drinking to put one man's mouth out of taste. They were at a feast that Peter and John had prepared that had been celebrated for about 1500. Christ and the 12, something that no woman had to do with. Who changed it? J. C. GOVE.

Eminent Doctors Praise its Ingredients. We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription. Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says: "Uniform root (Helonia Ditch) which is one of the chief ingredients of the 'Favorite Prescription'." "A remedy which invariably acts as a uterine invigorator." "It makes for normal activity of the entire reproductive system." He continues: "In Helonia we have a medicinal which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonia (Uniform root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen." "If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Fyfe's Favorite Prescription, one of the leading ingredients of which is Uniform root, or Helonia, and the medicinal properties of which it most faithfully represents." Of Golden Seal root, another prominent ingredient of 'Favorite Prescription,' Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions, and general enfeeblement, it is useful." Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is unobscuredly regarded as the tonic useful in all debilitated states."
