Tillamook, Oregon.

Editorial Snap Shots.

Better take a vote to see whether the honking machine ought to be kept up.

Mayor Botts has gone fishing today. Look out for a fish story next week, for it is four years since he caught mud cats.

Do not get excited over railroad land grants unless you are prepared to squat on it, and squat on it good and tight, until the railroad company gets through lawing. Let's see how many have the grit and bull dog tenacity to stay with it.

If a monument is erected to Joseph C. Champion, the first white settler of Tillamook County, it is to be hoped that it will be erected in some public place—the court house grounds, for instance—and not buried and placed away in the cemetery.

The honking machine has again opened its throttle on County Clerk Lamb and the Portland land office. Exchange about is fair play. The Portland land office can make it exceedingly interesting for the honking machine if it would send a special agent and inquire into the honk's homestead proof. It looks to us that the land office and Mr. Lamb can make it exceedingly interesting for the honk if they feel that way inclined.

Don't that beat the band. The preacher "soaked" the editor for 430 the morning he left town—never to return. Why, that's better than suing the editor for \$5,000 for libel and getting \$1 damages and the parties who brought the suit having to pay \$20.40 costs. But mark what we say. We will make the preacher pay the cost in this affair also—but it will be to his reputation. This may not be a Christian spirit, but we do like to make it tropical for fakers, hypocrites, crooks and dead beats.

Considering the number of shipping accidents on the Pacific Coast in recent years it is a matter of congratulation to note that but few accidents have occurred to vessels trading in Tillamook Bay, and taking Captain P. Schrader's record, who now averages about 50 trips a year, he has met with scarcely any accidents during the 18 years he has been plying between Tillamook and the Columbia river. This is a record which Captain Schrader has reason to be proud of, as well as the citizens, for he has carried passengers and freight all these years without accident, notwithstanding the fact that the weather on the Pacific becomes exceedingly boisterous at times. With good judgment and skill, Captain Schrader has not jeopardized his boat, the lives of the passengers and crew, nor the enormous freight he has handled, so we repeat again that we have all reason to congratulate ourselves that the vessels plying between here and Astoria have been so free from accidents. Thanks to Captain Schrader.

FAIRVIEW.

The last few days of spring will soon be past and summer will be with us once more. We have had a lovely spring but hardly enough rain has been the remark from the farmers.

William Hughey left last Friday with a load of passengers for Forest Grove, among them Mrs. Crawford and daughter, she going to attend the annual Grange meeting, and Mr. Cyrus Randall, to Idaho, to look after his mine.

The school pupils are all high in their praise of Prof. W. R. Rutherford as a chaperon on a picnic and also the rest of the teachers. They say they had a splendid time. I suppose some of the pupils are beginning to regret that they did not work harder now, as their examination papers show the big word failure.

Mr. and Mrs. Henry Rogers were visiting in Fairview last Sunday.

Mr. Eli Olds and son Lester are visiting Henry Olds.

There was quite a crowd at the dance at the hall Saturday night.

Mrs. John Facquet has been visiting her daughter, Mrs. Peter Jacobs, a few days.

Mrs. A. L. Donaldson and her uncle, Mr. Henry Bivens, visited D. T. Edmunds and family last Sunday.

BOULDER CREEK.

H. L. Jensen started to Sheridan Monday evening to meet his sister-in-law, Miss Bessie Bays, who is returning from college at Philomath.

C. A. Smith came up from Cloverdale last Thursday to move down some of his farm machinery.

H. A. Chopard came down from Blaine Saturday to spend Sunday with his family.

Manuel Borba took a load of cheese to Tillamook for W. D. Gladwell last Monday.

Hazel Bend cheese factory begun operations Saturday, Maurice Bays is head cheese maker.

Mrs. Millie Sappington visited her brother, H. L. Jensen, the latter part of last week.

Mrs. Della Jensen and son Carl took butter to Cloverdale last Friday.

Mr. and Mrs. L. N. Sandoz made the round trip to Beaver and home again last Saturday.

Mr. Mark Bays and wife, of Tillamook, and H. L. Jensen and family, spent Sunday at W. N. Bays.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. For sale by Clough's Drug Store.

Relief from Rheumatic Pains.

Among the troubles that beset mankind rheumatism is one of the most aggravating. "I suffered with it for over two years," says Mr. Rolland Curry, a patrolman of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by Clough's Drug Store.

How's This?

ROYAL Baking Powder is indispensable to the preparation of the finest cake, hot-breads, rolls and muffins.

Housekeepers are sometimes importuned to buy other powders because they are "cheap." Housekeepers should stop and think. If such powders are lower priced, are they inferior? Is it economy to spoil your digestion?

The "Royal Baker and Pastry Cook"—containing over 800 most practical and valuable cooking receipts—free to every patron. Send postal card with your full address.

Alum is used in some baking powders and in most of the so-called phosphate powders, because it is cheap, and makes a cheaper powder. But alum is a corrosive which, taken in food, acts injuriously upon the stomach, liver and kidneys.

I have just opened up the most complete line of

STAPLE & FANCY GROCERIES
