When we Buy Pianos

we investigate closely the factory asking us for an order. We make it a point to always find out first, whether said factory has ample capital to buy materials and labor on a big enough scale to make their product economical to produce. Second, we discover the grade said make of piano belongs in, and we see to it that said factory doesn't cheapen their piano in any way without cutting the price. Third, we then contract for enough instruments of said make to obtain their very lowest rock-bottom price by car loads, (for we never buy pianos except by car load).

When we Ship Pianos

we time our shipments from the various factories so as to have several car loads on the way at one time, making it more convenient for the railroad companies. Then we route our shipments over lines of roads giving us quickest service, and because we are the heaviest shippers of pianos on the Pacific Coast we get the very lowest freight rates musical instruments are handled for.

When we Sell Pianos

we pass on the benefits we secure from heavy buying and heavy shipping to those who buy from us. We are content to see our sales increasing so heavily year by year, and a smaller profit on each instrument sold pays us in the end for the larger number of customers we secure by being liberal. Look over the assorted summer stock of pianos we are shipping to Tillamook. Many different makes will be shown. Easy terms if wanted.

Eilers Piano House,

J. M. WARD, Salesman.

Cured Three of Family with One Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and found it to be all claimed for it in the advertisement. Three of the family have used it with good results in summer complaint."—H. E. HOWE, publisher of the Press, Highland, Wis. For sale by Clough's Drug Store.

Take the Postmaster's Word for It.

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale by Clough's Drug Store.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.
