School Libraries.

Three years ago there were 1645 volumes in all of the school libraries of the county; this number has increased year by year, and the district librarians re ported for last year 4,169 yolumes. which shows a gain of 2524 volumes, or a gain of 153 per cent. A still greater increase will be made during the present year, due principally to the library levy made by the county court last lanuary. from which \$265.00 was secured. This amount was immediately invested in library books, and about 570 books were distributed among the different schools of the county. This year a like amount will be received from the same source. In addition to the funds received from the library tax, many districts expend considerable money from their general fund for this purpose. One district (No. 28) has just recently placed an order for fifty supplementary readers. which will be paid out of the general funds of the district. Many other dis tricts use the entertainment plan for se curing additional funds for library pur poses. District No. 13 recently gave an entertainment from which over \$40 was received. A splendid interest is being taken in the school libraries in all parts

of the county. Teachers' Employed.

Of the seventy-two teachers employ ed in the schools of the county last year one-fourth or eighteen of them held state papers : eighteen others held first grade certificates : sixteen others held second grade certificates ; nine held third grade certificates; while eleven were granted temporary certificates either upon opecial examination, or upon certificates held in other counties and not valid here.

Of the seventy-two, thirty-five or near ly one-half, had received either normal or collegiate training; eighteen others had either graduated from high schools or received academic instruction equivalent thereto. Most of the others had made two or more years of advance study above the public school course

Long Sessions of School Held. During the last fiscal year, two school districts, Foley and Garibaldi, held eleven months of school. Miss Effic Holt, a graduate of Sodaville College, taught in the former district; while Miss Sara Watt, a graduate of the Tillamook High School, and Miss Lillie Hull, a graduate of the Monmouth Normal, taught in the latter. Two other districts, Nebalem and Balm, held ten months of school the teacher at Balin being Mr. E. W. Black of the Monmonth Normal. Miss Bertha Row and Miss Sophia Nordhau

sen were the teachers at Nehalem. Miss Rowe is also a graduate from the Mon. outh Normal school.

Of the remaining districts, eleven held nine month terms, four held eight month terms, cleven held seven-month terms, seven held six month terms, and thirteen held five-month terms or less.

Teachers' Salaries.

Teachers' salaries have been gradually increasing during the last three years. In 1903, \$12,399 were expended for this purpose. Two years ago, \$15 202; one year ago, \$17,357; and last year the amount paid teachers increased to \$19,-522. This shows an increase of 57 per cent in three years. School boards as a rule realize that in order to secure the The people of Tillamook County are best teaching service, better salaries \$35. A still greater increase has been Fifty public schools are maintained made this present year. Of the 49 tea \$35.

M.E. CHURCH, TILLAMOOK CITY.

FACTS.

What Tillamook Has

One of the best harbors between San Francisco Bay and the mouth of Columbia River. 35,000,000,000 feet of merchantable

timber. Great natural resources in diverse

branches. Balance of trade always in its favor. Equable temperature, insuring bodily comfort.

Good wages, for working men in cash each month.

Abundant rainfall, guaranteeing crops and water. Good schools within reach of every

home. An honest, law-abiding, peaceful population.

Healthfulness, especially absence of fevers and malaria. Land unsurpassed in productivness. Pure, cool mountain water in abus-

dance. Magnificent mountain and beach scenery.

Splendid hunting and fishing.

What Tillamook Has Not: No Chinese to compete with Ameri can labor.

No irrigation, with its expension litigation. No codling moths to destroy

apples. No potatoe pest of any kind. No long severe winters, when stock must be housed and fed.

mar Till peri Che ed

No severe frosts to destroy regel No crop failure from any whatever.

No earthquakes, cyclone, blizza droughts, or excessive heat.

No tramps or strikes. What Tillamook Needs A railroad to connect with

world (now building). Electric lines.

More manufactures in nearly lines. Capable, energetic settlers who

business. Harbor improvement.

Tillamook County affords sp oyment during the whole camping parties. Hundreds of st loaded with campers and camping fits, visit Tillamook every Jeal. spend part of the time carping mountains hunting and fishing go to the beach and rusticale, clam digging and berry picking

TILLAMOOK CITY PUBLIC AND HIGH SCHOOL.

This building was erected in 1905 and is in every respect a modern, up-to date school building, with eight commodious and well lighted, well ventilated and well heated rooms, with all the paraphernalia necessary in a well equipped school, including an expensive piano. It is heated with steam and the school directors make it a special point to employ a splendid corps of teachers. The citizens of Tillamook City are justly proud of their public and high school, and with a magnanimous spirit allow pupils from other districts to take the high school course at a nominal charge. After pupils have graduated from this high school, should they desire more education, can enter the State University at Eugene.
