OLYMPIC FLOUR

It's the biggest seller in the west to-day, there's more bread made from it than from any other two or three brands combined. Enough proof that it's the best flour made—isn't it?

New College Course.
This College has recently introduced a Private Secretary Course, which prepares young people to accept the higher class business positions, those which pay \$200.00 per month, rather than \$100.00 per month, at the start.
A business man took one of our graduates a few years ago at \$75 per month. He is now making \$300 per month, but the firm had to develop him. This the College is now doing.
Write for particulars on this new College course, as well as other business branches taught in our Day and Night Schools.
