There was a representative meeting of business men and shippers at the City Hall on Tuesday evening, to consider the proposition of the Portland people of putting on a steamer to ply between that city and Tillamook. The proposition met with general approval and the business men and shippers promised to support the steamer. It was pointed out what a great benefit it would be to Tillamook to have a steamer leave Portland for this county. There was general complaint at the charges now made for freight, it being \$6.50 a ton from Portland, which makes feed and other things so much higher here. It was also said that about 40,000 boxes of cheese were shipped from this city last year, the cost of freight having jumped to 28½ cents a box. Another meeting is to be held in the opera house on Saturday at 2 o'clock at which the dairymen are invited, when it will be decided whether stock will be taken in the new line of steamers. The promoters have the option to purchase the gasoline twin crew Antioch, which has a carrying capacity of 300 tons of freight and accommodation for 60 passengers. The vessel is now in California, and is for sale at \$41,500 cash. She is comparatively a new vessel.

Gibson, and she was born Jan. 12th, 1836, at Hinchinbook, Huntington county, Province of Quebec, Canada, and on the 20th March, 1864, she was married to Wm. Henry Owens, in Cresco County, Iowa. Some time after they moved to Minnesota, and from there they went to California, and from there they came to Tillamook, the deceased residing here until her death. At the age of 14 she became a devoted Christian, and since that time had lived a model Christian life. She was a patient kind and loving mother and wife. She leaves a husband and two children, Nellie Kirry, the oldest, who reside at Forest Grove, and Willie, who has lived with his parents on the farm, and Frank, an adopted son, who reside at Cloverdale. Mrs. Owens was a woman who was greatly loved and respected by all who knew her, and it is with much sorrow that her friends mourn her death and sympathize with the bereaved husband and family.

Mass Meeting of Dairymen and Citizens of Tillamook County is called for Saturday at 2 p.m. at the Opera House for the purpose of discussing the purchase of the Gasoline Schooner Antioch to ply between Portland and Tillamook.  H. V. Alley, one of the county commissioners of Tillamook County and an active and prominent citizen of that section, was in the city yesterday, the guest of Judge C. J. Trenchard, with whom Mr. Alley came to confer in regard to the early settlement of the proposition to connect up the two counties by means of a good open highway clear through both. He and all his constituents are eager for the opening and believe it will be of immediate and distinct benefit to both counties. Mr. Alley is on his way to Portland where he hopes to close negotiations for the purchase of a rock crusher for Tillamook and will ship the machine back before he leaves if all goes to his liking. He is evidently one of the live men over in his bailiwick and he has a cheerful word for his neighbors up this way as well as for the house county.—Astorian.
