The funeral of Miss Rosie Quick, daughter of Mr. and Mrs. I. C. Quick, took place on Saturday, the religious service being in the M. E. church, conducted by the pastor, Rev. I. V. It is expected that by the middle part of next month the line of steamers and lumber schooners, which is to be put on between San Francisco and Tillamook Bay by the Miami Lumber Company, will be running, and as it is the intention of the company to carry freight, and at one half of what is now being charged from Portland, this will divert considerable business from Portland if a line of steamers is not put on from there.

The Pacific Railway & Navigation Company, in securing right of way for the seaside end of its line from Portland, is guaranteeing that the line will be completed and in operation by January 1, 1909. As that date is only about ten months in the future, it is apparent that Mr. Harriman expects to begin very soon to make the Tillamook-Seaside line to this city something more than a red streak on the map. Now that other persons are making a move on Central Oregon, it is not beyond the range of possibilities that Mr. Harriman will also find means for carrying out his plans in that direction.—Oregonian.

After the ceremony and the usual congratulations and best wishes for their future happiness, the wedding guests were invited to a splendid wedding feast prepared by Mrs. Worthington. The happy couple will make their home at Oretown.

A meeting was held on Saturday in regard to the proposition to put on a line of steamers between Portland and Tillamook. President W. C. King, of the Development League, called the meeting to order, and Frank G. Tillman spoke of the benefits which would result from a line of steamers direct from Portland to Tillamook. Alex. McNair and Frank G. Tillman were appointed on a committee to represent the business men, and the chairman appointed Henry Rogers, representing Long Prairie creamery; Geo. Williams, Tillamook Creamery; W. B. Alderman, Maple Leaf creamery; Chas. Wells, South Prairie creamery; W. J. Maddux, Fairview Dairy Association; M.
