

HOBSONVILLE.

Frank Mosher and Dick Myers, who have been employed in the mill here for several months past, left Monday for Nehalem, where they expect to work in the logging camp.

John Hobson made a flying trip to Garibaldi, Tuesday with Captain Peterson and his noble little launch.

Mr. Sharp, the Miami Lumber Company's book keeper, returned on the Elmore from Portland, where he had been on a business trip for the company.

Mrs. Frank Hobson returned to her beautiful home near Garibaldi, Monday, from Tillamook, where she had been several days under the doctor's care.

Captain Farley and crew, of the U. S. Life Saving Station, were at this place Tuesday with one of their new boats.

Lee Ackley was a guest of the Schlappi's at the Miami hotel, one day last week.

Mrs. John Paquet, of Garibaldi, has been under the weather for several days.

Mr. A. Boe returned on the last Elmore from Seattle, where he had been on a pleasure trip for several days.

Mrs. Joe Warren, of this place, was a Tillamook shopper last week.

SANDLAKE.

The Sandlakers think this is fine weather for ducks, but very poor for gardens.

H. H. Hayes, of Sunnyside, purchased two fine colts of Frank Dye this week.

Arthur Hays and brother Lloyd are on the lake this week visiting with old friends. Arthur reported seeing a fleet Monday morning with the Della in the lead. Wonder what nation we are in war with now.

Miss Lillie Webb has had a very severe attack of the lagrippe this week, but is improving very fast at this writing, and we all hope to see her smiling face on the streets of Sandlake in the near future.

The entertainment Friday evening was a very quiet affair owing to so many being laid up with the lagrippe. Miss Mable Dimond went to Woods Monday to work for Mrs. Collis.

If Governor Chamberlain runs as well all over the state as he did in Sandlake his pardoning power will soon come to a close. He must be a statement No. two man for that is what he got.

Some of the young ladies on Sandlake are getting anxious to start up house keeping, as I heard one propose to a young gentleman the other night.

Badly Sprained Ankle Cured.
Three years ago our daughter sprained her ankle and had been suffering terribly for two days and nights—had not slept a minute. Mr. Stallings, of Butler, Tenn., told us of Chamberlain's Pain Balm. We went to the store that night and got a bottle of it and bathed her ankle two or three times and she went to sleep and had a good night's rest. The next morning she was much better and in a short time could walk around and had no more trouble with her ankle.—E. M. BRUMITT, Hampton, Tenn. 25 and 50 cent sizes for sale by all druggists.

The Best Pills Ever Sold.

After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes B. F. Ayscue, of Ingleside, N.C. Sold under guarantee at Chas. I. Clough's drug store. 25c.

To the Public.

Having sold my implement and vehicle business to Clarence Hanenkratt, I desire to thank the public for the patronage received for the past six years and hope you will give Mr. Hanenkratt a call.

Yours to serve,
B. O. SNUFFER.

No Need of Suffering from Rheumatism

It is a mistake to allow rheumatism to become chronic, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Pain Balm. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. Do not be discouraged until you have given it a trial. Many sufferers have been surprised and delighted with its pain-relieving qualities. 25 and 50 cent sizes for sale by all druggists.

BOULDER CREEK.

Mrs. Nellie Ayers and Mrs. Mina Booth are visiting their mother, Mrs. N. Smith this week, at Blaine.

E. P. Mills took a load of ranch products to Cloverdale last week.

H. D. McIntyre and family visited Mr. and Mrs. Ino. Borba, last Sunday.

Ethel Jensen is reported to be rapidly recovering from her recent severe illness.

Dr. Smith was called from Tillamook Sunday evening to officiate at the arrival of a little son at the home of Mr. and Mrs. Dee Moon and a daughter at Mr. Forest Ayer's.

G. H. Robinson went to Sheridan Saturday and returned Sunday over the Hebo trail.

Prayer meeting was held at W. D. Gladwell's last week and is announced to be held at H. McIntyre's Thursday night.

H. T. Miller is getting his stock of groceries, etc. hauled in as fast as possible. He is living at the store now, and gives it as his sorrowful conviction, that the joys of a bachelor's life have been greatly over rated. He is our authority for the statement that beer is by no means the chief product of Milwauke. There are some pretty girls there too; and very likely some of them would like a trip to the Pacific Coast, especially with a nice young cheese maker in view at the end of the journey.

An unusually large crowd of voters were at Blaine Monday, and election passed off quietly in that precinct.

Miss Maud Williamson, of Amity, is teaching in district No. 50. She is well known at Beaver where she taught school some years ago, and gave excellent satisfaction.

Mr. Beach and a tinner from Tillamook came out to Hazel Bend cheese factory, last week to fix a leak in the vat.

M. T. Soares returned from the county seat last week, having made final proof on his homestead.

Lloyd Woods went out to the city Sunday and M. T. Soares went Tuesday.

L. N. Sandoz went to Beaver for a load of chairs, last Thursday.

Mr. Almeida Cady and children visited at H. A. Chopard's one day last week.

F. T. Bennett is out in our valley selling the famous Angle lamps. They are said to be something extra.

Bucklen's Arnica Salve Wins.

Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I applied Bucklen's Arnica Salve. Less than half of a 25 cent box won the day for me by affecting a perfect cure." Sold under guarantee at Chas. I. Clough's drug store.

It is remarked that a principle that can keep a flying machine afloat for 250 feet can keep it afloat for a week. Just mention this to operators about to begin a flight. They often need the encouragement inside of a few minutes.

Instead of writing a letter of acceptance Tom Watson fills several columns on the degeneration of Bryan. The manner in which Mr. Watson begins indicates that he will be unable to give all his views on this prolific subject before November 3.

All the presidents of America republics sent a message to be read when the corner stone of the International Bureau Building was laid in Washington, except Castro of Venezuela. He is entitled to some acknowledgment for showing that he is the only one of this kind.

It is promised that the new St. Louis Coliseum, which will seat 15,000 persons and include all modern improvements, will be ready by October 1. The central city expects to offer permanently the best attractions for conventions and exhibitions that require an immense auditorium.

A son of Gen. Sherman writes that the general, on September 12, 1864, wrote to the mayor of Atlanta: "War is cruelty, and you cannot refine it." The expression that "War is hell," can not be found in any of the general's papers, and his son says that if his father ever used it it must have been in an off hand speech of which he has no record. Perhaps the accepted phrase is a colloquialism that sprang up no one knows where.

Thinks it Saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and a healer of weak lungs it has no equal. Sold under guarantee at Chas. I. Clough's drug store. 50c. and \$1.00. Trial bottle free.

AN ERA OF SLANG.

A Boston Appeal for Moderation in its Use.

If the slang of to-day is the correct speech of tomorrow, what language will our children speak a generation hence? Will it be the English of George Meredith or the English of George Ade? Shall we talk in the flowery hyperbole of the Bowery, with which our newspapers of to-day, and even our books, are filled, or must we be content with the speech that has satisfied many generations of our forefathers? As we saunter along in enjoyment of the invigorating spring air on a bright Sunday morning, whether we have been listening to the words of the preacher or merely taking our Sabbath pleasure in the open, shall we say to our children, "You kids hike along home," or shall we tell them, "Run along, and we'll follow." Of course, it will be needless to express ourselves in such grandiloquent phrase as "Children journey home, and behave yourselves decorously," for the youth of to-day would be ill-mannered enough to laugh at us thereafter, but there is a happy mean between the vulgar and the stilted, and correct and informal speech will fall upon childhood's ear like the words of an unintended sermon.

As a matter of fact, a little slang is an excellent thing, but in the present era of slang more than the smallest quantity is a great deal to o much. The English language may fairly be said to be the most picturesque and most expressive in the world, and it does not need the verbiage of the slum, or even the catch words and catch-phrases of the street, to add to its vigor and variety. As a rule, the use of slang is indicative more of paucity of thought and idea than of a susceptibility to the humorous and the graphic. If we tell our friends to "get onto his job," "to get onto himself," "to get busy," "to get a move on," or any one of a hundred other things, we certainly reveal our tendency to move with the tide of the hour, but at the same time we clearly show that we are more imitative than original. We speak slang frequently through sheer laziness. It was the last word in the mouth of a companion, and it becomes the next word in ours. It is echoed by the speaker, by the teacher, by the lecturer, by the writer, but with rare exceptions it never becomes anything but slang. After all it is only the best of slang that survives, but even then we need not excuse ourselves for becoming proficient in its use. We should think of the present as well as of the future. Why use slang when we can speak the speech of our heritage equally well? Why become the blind leaders of the blind?—Boston Transcript.

A Grand Family Medicine.

It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 438 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at Chas. I. Clough's drug store. 50c.

Born in Iowa.

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made at Des Moines) for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly proving in favor—E. W. BROS. This remedy is for sale by all druggists.

A little fore-thought may save you no end of trouble. Anyone who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale by all druggists.
