WOMAN SUFFRAGE.
Mrs. Duniway has a Word of Praise for the Press and Voters of Tillamook Co.

Mrs. Abigail Scott Duniway, President of the Oregon Equal Suffrage Association, showed her appreciation of the Press and the voters of Tillamook county, in a letter received from her, which we give below, as Tillamook was the only county in Oregon which gave the Woman Suffrage cause a majority vote, which, certainly, is gratifying to know that the men of this county are ready to place women on a level with them in the exercise of the ballot.

Portland, Ore., June 4, 1908.
TO THE EDITOR TILLAMOOK HEADLIGHT:
MY DEAR SIR,—Accept the thanks of your unballoted women constituents for the splendid fight you made for us, which culminated last Monday. While the returns are not yet in from all over the State, we are resigned to our political rating for two years longer, among idiots, insane persons and criminals, sadly conscious of the fact that the majority of men are not yet ready to bestow upon the mothers of the people their rightful heritage of liberty. But we do thank God and take courage because of the existence and bravery of newspapers and men like the editor and his beacon, the Tillamook Headlight. Long may it gleam across the dark waters of ignorance and tyranny; and may the time speedily come when every county in Grand New Oregon may continue a majority of voters, equal in manliness and chivalry to those of Tillamook.

ABIGAIL SCOTT DUNIWAY,
President Oregon Equal Suffrage Association.

A Practial Cheese Maker.

Saturday evening Mr. B. R. Ruger, of Tillamook, arrived in this city in route to Waldport where he will take charge of the Waldport cheese making plant. Mr. Ruger is a practical cheese maker and expects soon to have the plant in full operation. He has had a large experience in the cheese making business in Tillamook county, and from what little he had seen of this county he considered that the conditions were equally as good as they were in Tillamook county and was at a loss to understand why the industry was not as fully developed. This is really a matter that more than one man has failed to understand, for their seems no plausible reason why the creamery and cheese making industry should not be in the same flourishing condition as in the counties to the north and south of Lincoln. We hope at no distant day to see this industry fully developed and that the steps now taken by the Waldport people will bring lasting and permanent benefits.—Yaquina Bay News Reporter.

Thinks it Saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, a mild healer of weak lungs it has no equal. Sold under guarantee at Chas. I. Clough's drug store. 50c and \$1.00 Trial bottle free.

Bucklen's Arnica Salve Wins

Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I applied Bucklen's Arnica Salve. Less than half of a 2 cent box won the day for me by affording a perfect cure." Sold under guarantee at Chas. I. Clough's drug store.

The Best Pills Ever Sold.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes B. F. Ayscue, of Ingleside, E.C. Sold under guarantee at Chas. I. Clough's drug store. 25c.

STRICTY PROHIBITION.
Wants the Whole Country to go "Dry."

TO THE EDITOR OF TILLAMOOK HEADLIGHT.
MR. EDITOR—I write as one being interested in both the material and moral welfare of Tillamook Co. Having been a homesteader and still owning my homestead, I am desirous to see the county have access to the outside world by rail and an improved water communication. I want to see Tillamook County kept "dry." To that end I want to see the state and the United States go "dry." Until both these objects are accomplished it will be a guerrilla warfare. You had an editorial in your issue of May 21st, in which you speak of the failure of the Anti Saloon league to keep up its fight for the maintenance of the local option law after local option had been carried in Tillamook. That is one and only one of the many ways in which local option fails to be an efficient remedy for the evil. Local option is a child that no political party will own. It is a waif. It is no more of a cure for the evil than was the Douglas doctrine of Popular Sovereignty a cure for the national crime of slavery. Nothing short of national prohibition of the liquor traffic with a party behind it as was the Republican Party behind the anti-slavery movement will do it. The liquor interests are thoroughly organized. We cannot successfully meet them without as thorough organization. A political party is the only thing that will do the work. For the same reason that neither the Whig nor the Democratic Party could not successfully espouse the anti-slavery cause, the republican nor the democratic party can not espouse the prohibition cause. It would be suicidal for either to do it.

In the same issue you quote Mr. Brumby representing the Blodgett Co.'s interests in timber lands. While the Beals bill was pending you kindly gave me space to offer what seemed to me to be a serious objection of the bill. It was that the large interests having bought their holdings on the estimate of cruisers who by instruction of their employers cruised it "safe." The holder of small lots (the homesteader and the purchaser) under the stone and timber act of not over 160 acres being in the market to sell would naturally estimate his at something near what was on it. These estimates would be given the Assessor by the owners. Any one can readily see that the result would be that the homesteader and the purchaser under the stone and timber act would pay taxes way out of proportion, while the lumber barons would go nearly scot free.

An excessive taxation would force the small holder to sell for what ever the barons might be willing to give. I for one think the method now being used by far the most equitable for finding out the amount and value for taxation of the timber lands. I cruised timber lands in Michigan and agree with Mr. Brumby that the time given for the work in Tillamook County is entirely too short.

Badly Sprained Ankle Cured.

Three years ago our daughter sprained her ankle and had been suffering terribly for two days and nights—had not slept a minute. Mr. Stallings, of Butler, Tenn., told us of Chamberlain's Pain Balm. We went to the store that night and got a bottle of it and bathed her ankle two or three times and she went to sleep and had a good night's rest. The next morning she was much better and in a short time could walk around and had no more trouble with her ankle.—E. M. BRUMMITT, Hampton, Tenn. 25 and 50 cent sizes for sale by all druggists.

No Need of Suffering from Rheumatism

It is a mistake to allow rheumatism to become chronic, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Pain Balm. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. Do not be discouraged until you have given it a trial. Many sufferers have been surprised and delighted with its pain-relieving qualities. 25 and 50 cent sizes for sale by all druggists.

Time, money, experience and pluck will certainly bring a practical and reliable airship. The American inventor never surrenders.
