

CLATSOP COUNTY TO ELECTRIC ROADS.

Always Company is being and Headed Coast Counties.

They themselves from the forfeit franchise granted by reorganized United Railway this morning resumed the construction of its road to Hillsboro, a distance of 10 miles. Today was the last time limit granted by the state.

A force of graders began work at the Six Mile Post on road. This is the first that has been done on this financial pinch of last fall. It is now given that the work would until the line is completed.

The goal of both the United and the Oregon Electric is Tillamook is likely to be an in-between the rival electric lines.

That the Tillamook people much encouragement and in- they possibly can was in a week or so ago, when sev- business men were here and were tired of waiting for E. make good his oft-repeated concerning the Pacific Railway project from Portland to Tillamook.

Progressing rapidly on the line; with construction work on the United Railways, is the only railway project on which nothing is a telegram.

Work broken for the new elec- tion this morning by a of the United Railways com- ing was begun about one of the Claremont tavern, and in the wheel of suburban from Portland is assured rapid transit to the west side of the river.

As to the United Railways a little less than two stipulation being that granted should be forfeit work were begun in good faith. The track is to be laid on the eastern side of the road, and to have the right to haul from quarters along the coast, and a low price has been set that the city may de- street work, making it pos- sible to have two the cost of rack pure city.

Selection of T. L. Greenough of the company and the controversies with the city construction of the road from Hillsboro and Forest Grove, to Tillamook is assur- enough is a large stockhol- company, and with his Seattle controls its policy. He is an railroad contractor, and has plans for pushing construc- tion for the first seven miles. The distance are daily expect- ing Portland, having been in all weeks. The necessary building the line is now at by Mr. Greenough from completed in Washington.

Construction of another inter- city system out of Portland during the past week, when railways started work on the line, which is the first link in Hillsboro and Forest Grove, to Tillamook and other por- tate. Workmen are now the Linnton road and the that point, which will be within the next ninety days, make a thriving Portland station.

On the Linnton line is the track will be laid along road, already a level grade, and grading will be necessary. of the company to have cars on the next three months, it will be carried out without

It is expected the United build a line up into Wash- by way of Cornelius Gap, through the hills west of the Hillsboro, electric lines to and nearby coast country will power to drive the cars from swift streams in the hills.

BUILD COAST LINE.

Astoria Subscribing Money for Road South--Surveyors Now in Field.

Astoria capitalists have put up money to pay for surveys for the electric line projected by the Astoria people, the Astoria, Seaside & Tillamook Electric Com- pany. Residents of the country to be traversed by the line have donated rights-of-way for almost the entire distance. During the past week surveyors have been put in the field and are seeking the best route for the new line. The proposition is in the hands of a promoter to finance and it is said the new road has the brightest prospects for becoming a real railroad.

Construction is easy as far south as Seaside, it is said, and those behind the project say the line can be built for that portion of the distance for \$20,000 a mile. South of Seaside the country to be crossed is mountainous and the cost of construction is expected to in- crease. However, this fact will not de- ter the men behind the project from put- ting it through, it is said.

An attractive part of the proposition is said to be the fact that the Nehalem River, which will be crossed by the line, will be made to furnish electric power to operate the railroad. It is said that a reconnaissance made by the surveyors for the road has disclosed an ideal site for a power dam and that practically unlimited power may be developed along the stream as it is needed.

A party of 15 surveyors is working southwest from Astoria to Seaside and will have the first part of the line map- ped out within the next few days. Then the somewhat more difficult country north of Tillamook Bay will be entered.

Astoria people are thoroughly in ear- nest over the project and a few men in the city subscribed \$10,000 in a few hours recently to pay for the first sur- veys. They are resolved to open up a portion of the coast country that has been long neglected, and they do not propose to wait longer for either the Hill or Harriman interests. Both systems have projected lines into Tillamook but neither is doing any work on the surveys at present.

The engineering crew, 12 strong, of the Astoria, Seaside & Tillamook Electric line, headed by Chief Engineer L. C. Rogers and General Manager F. L. Evans will start out on the preliminary surveys this morning, from the corner of Twelfth and Duane streets; and the active work of the project takes its initial start at that time and place. Success to them and the enterprise.—Astorian.

Call For Bids.

Notice is hereby given that sealed bids will be received by the County Court for graveling the first two miles of the county road lying on the east side of the north fork of the Nehalem river, from the beginning of said road near the gravel pit in section 25, tp. 3 north, range 10 west, under the following conditions: All gravel must be of a good quality of river or creek gravel to be placed on said road as may be directed by the county court or its representative. The work must be completed on or before Oct. 1st, 1908. Bids must be sub- mitted at so much per cubic yard on the above work, and to be filed with the county clerk on or before 9 o'clock a. m., August 5th, 1908. All work must be done to the satisfaction of the court and the right being reserved to reject any and all bids. For further particulars apply to H. V. Alley, county commissioner, at Nehalem, Ore.

By order of the County Court. J. C. HOLDEN, County Clerk.

Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by all Druggists.

Boy's Life Saved

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured him and believe that saved his life.—WILLIAM H. STROBLING, Carbon Hill, Ala. There is no doubt but that this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by all Druggists.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.00.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrer, of Cat Island, La., "for several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill. Sold by all Druggists.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed pro- cesses which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissem- ination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stom- ach, constipation or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any consider- able number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indig- estion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the relief of the above symptoms are Dr. Pierce's Golden Medical Discovery, sold by all leading druggists and practitioners of all the several schools of medical practice. It has been skillfully and harmoniously combined with Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

THE WORLD'S GREATEST SEWING MACHINE

LIGHT RUNNING NEW HOME

If you want either a Vibrating Shuttle, Rotary Shuttle or a Sewing Thread (Chain Stitch) Sewing Machine write to THE NEW HOME SEWING MACHINE COMPANY, Orange, Mass. Many sewing machines are made to sell regardless of quality, but the New Home is made to work. Our guarantee never runs out. Sold by authorized dealers only.

Notice of Final Account.

NOTICE IS HEREBY GIVEN.—That the undersigned has filed his final account, as executor of the last will and testament of William Hatterson, deceased, in the County Court of the State of Oregon, for Tillamook County, and the County Judge of said County has set Monday, September 7th, 1908, at the hour of 10 o'clock a. m., at the office of the County Judge, in the Court House, in Tillamook City, Oregon, as the time and place for the hearing on objections thereto and the settlement thereof. Dated this 23rd day of July, 1908. SAMUEL M. BATTLESON, Executor.

NOTICE OF SCHOOL INDEMNITY SELECTION

United States Land Office, Portland, Oregon, June 30, 1908. Notice is hereby given that the State of Oregon, on June 30, 1908, applied for the N 1/4 of Sec 12 and Sw 1/4 of Sec 14 of section 15, tp. 1 south, range 8 west, and filed in this office a list of School Indemnity Selections in which it selected said land; and that said list is open to the public for inspection.

Any and all persons claiming adversely the above described land or any legal subdivision thereof, or claiming the same under the mining laws, or desiring to show said land to be more valuable for mineral than for agricultural purposes, or to object to said selection for any legal reason, should file their claims or their affidavits of protest or contest in this office. ALGERNON S. DRESSER, Register. GEO. W. HIBBE, Receiver.

I hereby designate the Tillamook Headlight, printed at Tillamook, Oregon, as the paper in which the above notice is to be published. ALGERNON S. DRESSER, Register.

Citation.

In the County Court of the State of Oregon in the matter of the Estate of J. H. Whinery, deceased. Citation.

To Beryl Whinery: In the name of the State of Oregon: In pursuance of an order of the above-named Court, duly made and entered of record on the 6th day of July, A. D. 1908, in the above entitled matter, you are hereby required to appear before said court in and for said county and state, on the 23rd day of August, A. D. 1908, at 10 o'clock a. m. of said day to show cause, if any there be, why an order should not be made, authorizing and directing Geo. W. Evans, administrator of the above named estate to sell the following described real property to said estate, to-wit: Lot 5, in Block 20 in Thayer's second Addition to Tillamook City, in Tillamook County, State of Oregon.

Administrator's Notice.

NOTICE IS HEREBY GIVEN.—That the undersigned has been duly appointed by the County Court of Tillamook County, State of Oregon, administrator of the estate of T. S. JEWELL, deceased. All persons having claims against the said estate are hereby required to present the same to me properly verified, as by law required, at the office of V. H. Cooper, Attorney for administrator, within six months from the date hereof. Dated this 30th day of June, 1908. J. C. BEWLEY, Administrator of the Estate of T. S. Jewell, deceased.

NOTICE FOR PUBLICATION.
