

**SHORT STORIES.**

Red haired persons are usually impulsive and outspoken.

The estate of David Valentine has been settled at Fall River, Mass., after having been in the courts 102 years.

A building in Calais, Me., now used as a moving picture theater and formerly as a prize fighting arena was originally a church.

Elmer Barnard of Orlando, Me., captured a sturgeon nine feet long, weighing 400 pounds, in his weir recently. It is said to be the first sturgeon taken in the Penobscot in ten years.

A cane has been presented to the governor of Virginia that is a souvenir of two battlefields. The cane is of hickory and was cut from the famous field of Chancellorsville, and the handle is a deer foot, the animal being killed in the Wilderness.

The most remarkable oil field in the world is at Summerland, Cal., which is really in the sea and where oil is pumped from beneath the surf. There are now about 200 producing wells there, and they average about five barrels of oil a day.

**Stolen Bases.**

Infielder Shaefer of the Detroit is unquestionably the greatest comedian today among ball players.

This is Frank Chance's tenth year in baseball. In all of this time Chance has remained a member of the Chicago Nationals.

Walter Manning of the New York Americans seems to have the right stuff in him to make a success of the big league pitching job.

Pitcher Campbell of the Cincinnati Reds has no love for St. Louis. He says his turnaround by that club in 1905 put him back three years in his advancement in the profession.

When a pitcher gets as old as Cy Young one does not expect him to spring anything new on the batters, but it is claimed Cy is using more curve balls this year than he ever did.

**German Gleanings.**

One of the large electrical firms in Germany gives yearly from \$4 to \$7 to employees who have served for more than a year. The sum thus expended exceeds \$110,000 a year.

The table linen of the Prussian royal family and likewise of the reigning families of Baden, Saxony, Bavaria and Sardinia is made at one particular factory devoted to the purpose at Bielefeld.

A new German law provides that the German language shall be used at all public meetings in all parts of the empire. This is part of the systematic effort to bring about the Germanization of Alsace, German Poland and the Danubian districts of Schleswig-Holstein. The number of people affected is about 4,000,000.

**Flippant Flings.**

When, too, those Lamentations of Job were written long before anybody ever peeked out with the bases full.—Athenaeum.

Spitzer's eighth satellite has just been discovered, and just to think how long and how nicely we got along without it.—Loran (O.) Times-Herald.

The short and simple annals of the state in Georgia now read "Jug, jig, jig, juggled," and prohibition goes on.—Louisville Courier-Journal.

Thinking about your "Merry Widows" you want to, but you just ought to know some of the contraptions men wear on their heads in lodge rooms.—Galveston News.

**Flower and Tree.**

The orange tree will continue to bear until it is 150 years old.

The leaf of the cocconut tree is nearly thirty feet long, while a single leaf of the parasol magnolia of Ceylon will bear fifteen or twenty persons.

The Inaj palm is the tree which is distinguished for having the largest leaves. They often reach a length of thirty feet and are from ten to twelve feet in width.

If you wish flower cuttings to bloom while the plants are small put them in small crocks. As soon as the crocks are filled with roots they begin blooming, especially geraniums.

**Facts From France.**

The Paris prefect of police has decided that in future no more licenses to carry barrel organs in that city will be issued.

Five couples have just celebrated their golden weddings at Abrest, a town near Vichy, France. Three of the descendants were present at the ceremony.

A project is being considered for the enclosure of the Jardin des Plantes, a site three miles outside Paris. It is intended to create a "zoological oasis" in which the animals have comparative liberty.

**Pith and Point.**

One expects that his grave will be visited.

Many men honor women and their wives.

One of the things described as "heavenly" is to be found in heaven.

Many people who require "renewances" should give them instead.

Men are ruined by great offices, but most men are sufferers from the effects of petty folly.

One man who takes a part in your conversation expects that some day you will show a horn in his procession.—The Globe.

**A Faithful Friend.**

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1874, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols, of Oakland, Ind. Ter. When a man has used a remedy for thirty five years he knows its value and is competent to speak of it. For sale by all Druggists.

**In Good Luck.**

"About two years ago my father came here from Mason City, Iowa, on a visit," says O. L. Scott, Duffield, Mich. "While here he was taken sick with diarrhoea and cramps. I gave him several doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and it cured him." This remedy always cures. It is for sale by all Druggists.

**For Sore Feet.**

"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions," writes Mr. W. Stone, of East Poland, Maine. It is the proper thing to use for piles. Try it! Sold under guarantee at Chas. I. Clough's drug store, 25c.

**Oregon Agricultural College Notes.**

A bulletin on "Incubation Experiments," to be published soon, will prove one of the most interesting and valuable publications ever issued from the college. It embodies results of extensive experiments on methods of incubation.

Prof. James Dryden, head of the poultry department, has been elected First Vice-President of the "International Association of Poultry Instructors and Investigators," at a recent meeting held at Cornell University.

It has been demonstrated by Prof. Pernot that freshly canned fruit heated at a low temperature three days in succession will serve the same purpose as one heating at a high temperature and at the same time preserve the color, flavor and shape of the fruit. Housewives should note this fact, and if information is desired sent to the college for bulletin.

It is not generally known that the Engineering department of the Agricultural College has been giving road building a great deal of attention. It is the intention to add instructors to this department, go into road-building extensively and as soon as possible give the people of Oregon information that will result greatly to the improvement of the State's highways.

Science Hall, a building authorized by the Board of Regents early this spring, is about completed and will be ready for occupancy at the beginning of the next school term, Sept. 25. This is a handsome three story structure of red brick, costing \$40,000. The first floor will be given to Agronomy, the second to Domestic Science, and the third to the Commercial department.

The College Catalogue just issued from the college printers, is a 288 page book containing 46 pages of illustrations. The catalogue shows the addition of 24 instructors, and 10 graduates employed as student assistants, making a total of 76 in the faculty for the year 1908-09. There are 16 buildings on the college grounds. The student body numbered 1156 last year, and a total of twenty-two societies, clubs and literary organizations among the students assisted materially.

The Y. M. C. A. building now in course of construction on ground immediately adjoining the college, is a three-story structure of exceptional beauty and convenience. A swimming pool there in will be a delight, and nine or ten rooms for college fraternities, and organizations generally, will prove a great convenience. The first floor will be devoted to reading room, indoor games and social quarters. A kitchen and serving quarters may be provided.

**\$100 Reward, \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. The Catarrh Cure is the only positive cure not known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CLEMENT & CO., Toledo, O. Sold by all Druggists.

Take Hall's Family Pills for constipation.

**Excellent Health Advice.**

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor. For the benefit of those seeking relief from such afflictions, there is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Chas. I. Clough's drug store. 50c.

**She Likes Good Things.**

Mrs. Chas. E. Smith, of West Franklin, Maine, says: "I like good things and have adopted Dr. King's New Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at Chas. I. Clough's drug store. 25c.

**Hop Pickers.**

Anyone wishing to pick hops this year will call at the office of Dr. Morris to make arrangements for the trip. Call before August 20th. M. L. MORRIS.

**Notice.**

Notice is hereby given that bids will be received for the construction of three miles of road on what is called the "Keareney Mountain Road," beginning at the three mile stake of road survey, or Station 44, 85 S. of the locating survey and continuing three miles on said locating survey northerly toward Clatsop County line. The road is to be graded for a width of 14 feet including ditches to properly drain the same. For further specifications apply to the County Clerk or H. V. Alley, County Commissioner, at Nehalem, Oregon.

All bids must be filed with the County Clerk on or before 9 o'clock a.m. Wednesday, the 2nd day of September, 1908. The Court reserves the right to reject any and all bids.

Dated this August 10th, 1908.

J. C. HOLDEN, County Clerk.  
By K. MILLS, Deputy.

**Why James Lee Got Well.**

Everybody in Zanesville, O., knows Mrs. Mary Lee, of rural route 8. She writes: "My husband, James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at Chas. I. Clough's drug store. 50c. and \$1.00. Trial bottle free.

**Libby Prison Diarrhoea Remedy.**

Mr. Edward E. Henry, with the United States Express Co., Chicago, writes: "Our General Superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack of the old Libby Prison diarrhoea. I have used it since that time and cured many of our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes and William Mc. Kinley four years in the 23rd Ohio Regiment, and have no ailment except Libby Prison diarrhoea, which this remedy stops at once." For sale by all Druggists.

Mr. Bryan regrets to learn that Mr. Hearst also considers himself good for six more presidential performances, and not as second violin.

**From an Electrician's Note-Book**

Berlin police are taking steps to prevent the best streets from being disfigured by electric signs. No objections are offered to the erection of street signs in ugly or confined spaces but they will be excluded from the best streets.

Although milking cows by electricity was at first ridiculed it has been demonstrated that it can be successfully and profitably accomplished.

Marconi is working upon a system of wireless telegraphy by which wireless messages can be sent both ways at once. He is also experimenting with a device to locate the direction from which a message is coming.

One of the inventors of the General Electric Company has patented a device for holding the recording instruments on electric vehicles. Until this device was produced the wattmeters and other meters were not accurate on account of the vibrations. The new attachment does away with all this trouble.

A large system of electric signals has just been completed along the line of the Caledonian Railway, Glasgow, which is the first installation of its kind in Scotland.

The colors of lightning flashes vary from white to blue. Red is the commonest in forked lightning, with blue closely following, and orange and green less frequent. White is seen oftentimes in sheet lightning, red and yellow coming next. Hail usually comes in a thunder storm with blue lightning.

By adopting the electric drive in English rolling mills, the output of the mills wherever that power has been installed has been more than doubled.

A Chicago church has installed electric footlights on the floor at each corner of the pulpit, to obviate objections of the pastor to the light falling on him from above.

The transmission of pictures or the drawing of pictures, so to speak, by wireless telegraphy, after the system invented or devised by H. Knudsen, the German scientist, is giving satisfactory results and promises to become a practical use. By the same system Knudsen asserts that he can operate a typesetting machine anywhere within the field of the station's operating capacity.

The success of electrically driven pumps for supplying water for irrigation purposes on lands lying along transmission lines of suburban railways having been demonstrated by the Puget Sound Railway and Power Company, between Seattle and Tacoma, the irrigation in that way of such lands, where irrigation would be an important help to farming, is being suggested as a new and profitable field for central station managers to exploit for promoting the sale of electrical energy in territory tributary to their lines.

Electric cooking utensils in kitchens of railway dining cars do away with the danger always involved where glowing coals and open flames are the rule. The necessary current for electric cooking can be produced by a dynamo driven by a small Curtis steam turbine located in the baggage car.
