The new electric light plant, which would be a credit to any city three times the size of Tillamook City, was put to work last week, the engine and dynamo working smoothly. It will not be long before all of the business houses will be using electric lights again.

The Patrons of Husbandry and members of Fairview Grange, No. 273, are hereby notified that the day of meeting has been changed from the second Saturday of each month to the second Thursday of each month, and will meet at Fairview on Thursday, the 8th day of Oct. next at 10 A. M. A general turnout of the members is solicited. H. F. Holden, Master.

The Astoria Council passed an ordinance granting a 30 year franchise to the Oregon Coast Railway Company for an electric carline over various streets in the city. The proposed carline is to be a portion of a suburban road for Astoria via Warrenton and Seaside to Tillamook All the surveys have been completed and the engineers representing the men who are to underwrite the bonds were to leave Philadelphia for Astoria yesterday.

P. S. Schwengel, cheese maker at the Red Clover Creamery Co.'s cheese factory received the highest number of points for cheese at the recent State fair, the score being 97 points, which is considered very high and a great credit to Tillamook county. The Maple Leaf and Clover Leaf factories also scored high with 93 points, Tillamook Creamery 91 and Chas. Ray 87. There were a few others who scored, but we have been unable to obtain the figures.

Tillamook County is doing her share towards providing an auto road that will skirt the sea. By next season autos can go through that county and into Clatsop over a splendid road that will overlook the Pacific ocean part of the way. Tillamook county has $60,000 to spend on roads this year. There will be $100,000 next year, and more thereafter. If Polk and Yamhill and Clatsop and Columbia and Washington counties will wake up in road matters that region will soon be the talk of the whole country. Those counties will have an asset in good roads that will help their development and add to their wealth in many ways.—Statesman.

The Sunday "Lid" Put On.

The show people from the State fair, who were billed to play here for four days, being detained at Astoria on account of bad weather, did not succeeded in getting here until Thursday afternoon, and it was Friday morning before their tents reached the city as the Evie ran aground in the bay. The shows were of the dime order in other towns, but they tapped the Tillamook people for twenty five cent, but the most peculiar feature of the show was that $400 subsidy had been subscribed by the business men to bring the dime shows to this city. The show people announced on Saturday that they would show on Sunday, and as they were occupying the main streets his caused some indignation, several of the citizens went to Deputy District Attorney Cooper and told him that it would be a disgrace to the city to allow them to show on that day. Sunday the deputy district attorney, after consulting with District Attorney McNary, sent word to the show people and the candy and cigar store to close up, which they immediately did, and for the first time in the history of Tillamook City the "lid" was put on Sunday trading. As to whether Mr. Cooper intends keeping the "lid" on remains to be seen.

Another Railroad Proposition.

Manager Buffum, of the Bankers, Savings & Loan Society, of Astoria, was in the city last week in the interest of the Oregon Coast Railway Company, and a number of business men met Friday evening in H. T. Botts' office to hear Mr. Buffum's plans, which amounted to this: A company had been formed at Astoria to run a survey and procure rights of way for an electric line in Clatsop county, the expenses of this work being paid by those who subscribed for stock, and as soon as the road was taken over or financed this money would be returned with interest. And so as to continue the survey to Tillamook City and to procure rights of way Mr. Buffum was wanting the people of this county to raise $10,000. Most of the business men present expressed themselves by saying that they would like to see an electric line between this city and Astoria, but were somewhat positive in their remarks that that amount of money could not be raised, and as to securing options for rights of way for two years that was considered impossible. Mr. Buffum met with little or no encouragement; in fact, the meeting plainly proved that the people of this county are not in the mood to take hold of any new railroad proposition of a visionary character, and Mr. Buffum found himself in a little hornet's nest when he undertook to carry it into effect. After talking over the matter the next day and Sunday with others, Mr. Buffum found that he could accomplish nothing so gave the matter up.

Death of E. A. Fitzpatrick.

It was with much regret that the people heard the sad news of the sudden death of Mr. E. A. Fitzpatrick on Friday afternoon. He was apparently in good health, but was somewhat troubled on account of his son-in-law's recent failure in business. He was in the city Friday morning, and at noon went to the home of Mrs. Walker for dinner, and while at the table he suddenly expired. Dr. Boals was immediately called, but could do nothing for the unfortunate man, as life was extinct, the cause of death being attributed to heart failure. Deceased was a son of Mr. and Mrs. Wm. Fitzpatrick, and a brother of Messrs. Dave and Frank Fitzpatrick. He was born in Ontario, Canada, on January 1st, 1868, where he resided 34 years. He came from Canada to Tillamook in 1892, where he has since resided. He was married on April 27th, 1885, to Miss Mellie Souvie, of Michigan, and ten children were born, seven of whom are living. Deceased was a man who was greatly respected by all who knew him and the people deplore his sudden death, and at the same time extend their sympathy to the bereaved wife and family. The funeral service was held at the Catholic church on Sunday, conducted by Fathers Chappi and Miller, and the interment was in the Catholic cemetery. A large numbers of friends of the bereaved family attended the funeral.

INSPECT TRAFFIC OF COUNTRY.

Railroad Officials Going Over Line on New Tillamook Road.

J. P. O'Brien, general manager of the Harriman lines in this territory, R. B. Miller, general freight agent for the same lines, and E. E. Lytle, president of the Pacific Railway & Navigation Company, the line now building into Tillamook, will leave the city this morning in Mr. O'Brien's car, "Oregon," for a trip into the country about to be opened up by the new Lytle road.

The party will go to Hillsboro over the West Side division of the Southern Pacific, where the railroaders will take a team and drive along the route of the new railroad to Tillamook. They expect to be away from the city about four days and will make a careful inspection of the country to be opened up and of its traffic possibilities. Mr. O'Brien has never been into the Tillamook district as yet.—Oregonian.

The party, which included Engineer Geo. L. Davis, of the P.R. & N. Co., arrived in this city this afternoon.
