

Editorial Snap Shots.

This is a positive fact. No decent, law abiding person would be guilty of spirit-

After all other advertising schemes are tried, business men come to the conclusion that the home newspaper is the most effectual and the cheapest.

Who is the individual who made the statement that there were not a dozen virtuous women in the city? A woman's vigilance committee is the next thing in order.

The ruction in the post office last week is only another little incident in the factional fight in this city in which law and order is arrayed on one side and lawlessness and a spirit of despotism and intimidation on the other.

The voters in Tillamook and Hoquartion precincts will be given an opportunity to vote on a proposition to enlarge the scope of the Port of Tillamook, making it an elective body.

The ungentlemanly, disgraceful fight in the post office last week be-littled the party who was the cause of it, be-littled the office of mayor and be-littled Tillamook City.

My! We have just read over that letter which Mayor Johnson addressed to the City Council in regard to the enforcement of the local option law.

We understand that the dairymen are not going to be fooled, but ridicule the misleading and untruthful statement that they are losing \$50,000 a year by the present method of disposing of the cheese output of this county.

The blow which knocked out Cortell was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein.

We move that the business men get together and work together for the purpose of making Tillamook City a live, wide awake, progressive city.

The Golden Medical Discovery has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached.

To Improve the Slough.

To the Voters of Tillamook City: At the election to be held next Tuesday, certain amendments are proposed to the charter of the Port of Tillamook.

The amendments further provide that the Port of Tillamook shall be governed by a board of commissioners, one to be elected from each voting precinct and one at large.

If the amendments to the charter are carried it is proposed to have a special election for the purpose of voting upon the question of taking in additional territory so that the Port of Tillamook will include the whole of Hoquartion Precinct, Tillamook Precinct, Fairview Precinct and South Prairie Precinct.

The United States engineers have surveyed a plan for the improvement of Hoquartion Slough by cutting a straight channel from Tillamook City to the end of Stillwell Ditch, reducing the distance about one mile and providing for a channel 150 feet in width, with a depth of eight feet of water at low tide.

If this project is carried out vessels of much larger capacity can come direct to Tillamook City and load freight. Also, there will be excellent facilities for booming grounds for large saw mills in the bends of the slough which will be cut off.

Plans showing the proposed improvements may be seen at the office of Claude Thayer, Tillamook County Bank, Carl Haberlach, H. T. Botts and at the Government headquarters.

Respectfully submitted, CLAUDE THAYER, Sec. present Commission; M. F. LEACH, F. R. BEALS, ALEX. McNAIR, H. T. BOTTS, P. E. DEVELOPMENT LEAGUE, CARL HABERLACH, Sec. Development League, P. W. TODD, E. T. HALTOM, ERWIN HARRISON.

The Knock-out Blow.

The blow which knocked out Cortell was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein.

The Golden Medical Discovery has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached.

THE BUGLE CALL.

C.L.S. Editors: Eliza Dawson, Robert Stillwell, Clarence Stanley, Lillian Anderson, Mabel Goyne, Wilbur Burdick, Horace Sappington, Daisy Goodspeed. E.L.S. Editors: Elmer Allen, Cloyd Dawson. Assistants: Albert Bramwell, Mary Goldsworthy, Mabel Edmunds, Eva Wheeler, Lynn Eberman, Eva Woolfe.

We are sorry to announce that the Misses Mabel Goyne, Lillian Anderson and Eliza Dawson were on the sick list last week. The party did not seem to have a very good effect on them.

The Tenth Grade think they have discovered Mr. Richen's age now, as one day when he asked how old Coleridge was when he was married, the answer given was: "Twenty-three," which seemed to amuse him very much and his face resembled a rose bud.

Quite an excitement was caused in school last week by the "Clang! Clang!" of the fire bell. Everyone wanted to see, but were soon quietly at work again.

Miss Young is again one of our number for one period a day.

The Seniors wish to extend a vote of thanks to the Sophomore English Class for writing such lengthy papers that Mr. Richen found it necessary to spend twice the usual time in correcting them.

In one of the Eighth Grade examinations the main facts concerning the constitution were asked for and the answer was a follows: They sat with locked doors and windows and did not know whether it was night or day; they sat there four months and when they got out they said it was raising some.

The boys of the Ninth and Tenth Grades are getting very loving of late.

We are glad to see the vacant room in use, but the Junior and Seniors miss the "dear old table" where so many happy hours have been spent analyzing botany specimens.

The Eighth Grade pupils certainly have queer tastes raising bugs, worms, caterpillars and grasshoppers for their special pets.

Miss Shirk's gate will soon need some repairing, it is thought.

While looking up some references in the library the other day, one of our worthy students heard the following:

First student: "I wonder what motive brought Mr. Goldsworthy to Tillamook?"

Second student: "Locomotive."

Mr. Richen has been trying for the past two weeks to decide what books the Twelfth Graders shall read for supplementary reading this year, but every one he suggests has been read, so he has partly decided to use the ninth grade compositions for classics.

The Juniors seem to find much amusement in Latin, and every little while his covers something new. The other day one of the boys discovered that "Gall" bore considerable likeness to one of the many slang phrases.

The Ninth Graders find room four a pleasant room for study, as they can be found in there most any time of day.

We notice that last Sunday, in church, Fatty had the seat that Dutch ought to have had. Too bad, Dutch, but it is all in a life time.

Life sized foot prints, bearing a striking resemblance to those of Ernest Edmunds' have been noticed by certain people on a certain corner in the west end of town.

Miss Shirk and Miss Enterwall engaged in a pleasant game of horse shoe one evening this week, in the course of which several rings were thrown. Good luck to the ladies.

One evening this week was spent by the librarian and others in rearranging and classifying the books in the library.

Don't fail to see the foot ball game on the 3rd, to be played between Bay City H.S. and the T.H.S.

Advertisements. Dr. E. Allen, physician and surgeon. For good fit, see Daisy Goodspeed-dressmaker. Clarence Stanley, attorney. If you have trouble with your eyes, see Cloyd Dawson. See Reichen for hats. Miss Shirk, photographer. See Dr. Sappington for your teeth.

The Tenth Grade is taking physical geography this year, so the pupils are very much interested in all such things. While going home from school one evening a young lady of the class, said to her friend (she was walking with one who was an Eight Grader): "I wonder what makes the sky look bluer in winter

HEADQUARTERS FOR DAIRYMEN'S SUPPLIES AND STEEL STOVES & RANGES. We carry a Large Stock of Hardware, Tinware, Glass and China, Oils, Paint, Varnish, Doors, Windows, Sashes, Fine Line of Choice GROCERIES. Agents for the Great Western Saw. ALEX. McNAIR CO. The Most Reliable Merchants in Tillamook County.

than in summer? The Eight Grader replied, "Why, I suppose it is because it is cold like everything else."

One of the best features of the last C. L. S. program was Mr. B. Burdick's recitation.

Thursday after noon the students of the school were surprised to hear the fire alarm. But everybody got in line, and from the time the alarm was sounded till we were out of the building was just ninety seconds. But with a little practice we can beat that.

Monday night a surprise party was given on Evin Ross at her home. Many of the high school students attended.

Mr. A. Edmunds, of the High School, has retired from the foot ball team on account of the small pay he was receiving.

We hear that Frank Schrader, of the Ninth Grade, is preparing to go to Portland, where he will attend school.

Does Ernest still stay around on the corner waiting for somebody? Ask him!

Mr. Stanley, of the Eighth Grade, had a very valuable sack of candy which he was deliberately munching in school recently found its way up to the waste-paper basket near Miss Shirk's desk.

Lost, Strayed or Stolen.

Lost, by Miss Garfield, sometime between sun rise and sun set. One broad smile. No reward is offered, for it is gone forever.

Strayed: a lamb. Generous reward for its return to Clarence Stanley, Tillamook, Oregon.

Stolen from Carl Dawson, one mile, finder will be liberally rewarded.

Found by Miss Shirk, a good impression of the High School.

The Debating League is now a settled thing, which will mean a great deal of hard work.

Miss Maude Franklin, of Oretown, is now occupying a seat in the Eighth Grade room.

Spooning in the library is a thing of the past.

But Robert and Violet wish it could last.

The Ciceronian program was given last Friday afternoon. Evidently the Ciceronians were quite happy for a number of the quotations began with, "Laugh and the world laughs with you."

The Emersonians seem to believe in that saying, for their next program is to be on the comic order--well it is better to laugh than to cry.

Keys! Keys! who's got the keys? new game.

Oscar--"Where are you going?" Theo--"You're mistaken, I'm not a Goyne."

The Senior and Junior girls have about decided to be engineers.

The Juniors are beginning to think seriously about their book and play.

The fire drill was given for the first time this year, Tuesday afternoon. This is very valuable practice and we have plenty of room for improvement.

Robert says the Library is the most pleasant room in the school house--"I wonder why I wonder why."

Robert is the president of the C. L. S. At a recent meeting they were not so quiet as he wished so he said "More Noyes and less racket please!"--See?

Found by Clarence Stanley, one mile, but he prefers the mile to the reward offered.

Carl likes to sing and you can almost always find him at the piano practicing. We wonder if it is really the music or the pianist that is the main attraction.

For lessons in "love making on the stage" see Clarence Stanley and Jennie Blanchard.

Of course no one could ever take Elsie's place. It takes three to do that. See Clarence about it. The story is so (ex) Austin.

Nellie Chase started to school here Monday.

The Emersonians and Ciceronians have each given one program this year and they were very satisfactory. The next program will be given a week from Friday by the Emersonians. They have decided to give a comic program; it is as follows:

- Song..... Societies Roll call--Answered by quotations. Elmer Allen. Instrumental Solo..... Vida Rogers. Recitation..... Ralph Himes. Solo..... Carl Dawson. Charade..... E. L. S. & Co. Comic Story..... Floyd Eberman. Duett..... Burl & Harvey E. Debate. Resolved that single blessedness is more conducive to happiness than holy matrimony. Aff. Neg. Elva Austin Theodore F. Cloyd Dawson Blanche R. Comic Reading..... Lynn Eberman. Comic Song..... E. L. S. & Co. Bugle Horn..... Editors Trio. Eva Bailey, Mabel Edmunds. Comic Recitation..... Logan Severance. Critic's Report..... Critic Song..... Societies.

Say if Fatty don't like girls any other day he does on society day.

The Ciceronians are thinking about their Thanksgiving dinner already.

The program given by the C. L. S. Friday was nicely rendered. The comic recitation given by Bill B. was enjoyed by all. The solos and chorus were about the best features of the program.

The Emersonians and Ciceronians are still working very hard, each with a desire that they will win this year.

We thought Bob had Violet's love but we begin to think she likes a blue eyed boy named Lynn quite well.

How could Horace keep from laughing when there was a girl in the audience for him to keep his eyes on? (instead of who?)

It is thought that Mr. Richen ought soon to learn how to spoon. As a great deal of it goes on in the back corner of his room.

Bill Burdick makes a fine Irishman as far as the talking part is concerned.

Teacher--George, if I had three apples and gave one away how many would be left? George--None, cause I'd grab the others.

Gail Buel returned to school Tuesday.

Fifty Years a Blacksmith. Samuel R. Worley, of Hixburg, Va., has been shoeing horses for more than fifty years. He says: "Chamberlain's Pain Balm has given me great relief from lame back and rheumatism. It is the best liniment I ever used." For sale by all Druggists.

Would Mortgage the Farm. A farmer on Rural Route 2, Empire, Ga., W. A. Floyd by name, says: "Bucklen's Arnica Salve cured the two worst sores I ever saw; one on my hand and one on my leg. It is worth more than its weight in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c, at Chas. I. Clough's drug store.

A Healthy Family. "Our whole family has enjoyed good health since we began using Dr. King's New Life Pills, three years ago," says L. A. Bartlett, of Rural Route 1, Guilford, Maine. They cleanse and tone the system in a gentle way that does you good. 25c, at Chas. I. Clough's drug store.

Deafness Cannot be cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the use of the Catarrh Remedy, which is made of natural remedies. Deafness is usually caused by a running of the Catarrh from the mucous surface of the Eustachian Tube. When this tube is inflamed, it causes deafness, and when it is entirely closed, it causes deafness. It is the result, and unless the inflammation be taken out, and this tube restored to normal condition, hearing will be lost forever, since cases out of ten are due to Catarrh, which is nothing but an inflammation of the mucous surface. We will give One Hundred Dollars to any person who can cure a case of Deafness (caused by Catarrh) not cured by Hall's Catarrh Remedy. Sold by all Druggists. Take Hall's Family Pills for Deafness.

Where Buletts Find David Parker, of Family veteran of the civil war, foot at Gettysburg, says: "Electric Bitters have done more than five hundred dollars' worth of stomach trouble for me. I tried other medicines, but they did not cure me. I now use Electric Bitters, and they keep me well." 50c, at Chas. I. Clough's store.

First Bank & Company, BAY CITY, OREGON.
