

THE BUGLE CALL.

C.L.S. E.L.S. Editors: Eliza Dawson, Robert Stillwell, Assistants: Clarence Stanley, Lillian Anderson, Mabel Goynes, Wilbur Burdick, Horace Sappington, Daisy Goodspeed.

Following are some of the yells given by the rooters of the grand stand at the football game on Tuesday: Rah! Rah! Rah! Zip! Boom, bah! Zip! Boom, e!

Lynn was right there during the foot ball game. Yes, and he was right there "After" the football game.

Who couldn't win a game when they had such loyal support from the grand stand as the T.H.S. had? We thank the rooters.

People can now yell "Bill" until they are hoarse and know which Bill they are yelling for.

Is Miss Centerwall afraid of cows? Ask her.

When Fatty starts out he always knows where he is going, so does everybody else.

Albert has added music to his many accomplishments.

It's too bad that Lillie can't use her eyes in a game of winkers. We advise her to get some practice. Practice makes perfect.

Lillie said she wished that they had double seats in her room, then she wouldn't have to sit alone. We are sure that Jasper would want one all to himself.

Carl is very fond of singing, but of late instead of practicing his solo he has been singing "He, haw, and her name was Maud."

"Lynn, how's Cecil," asked one of his friends. "Oh, she's all right." "Who's all right—Cecil's all right."

H-o-l-m-a-n—Holman! That's the way to spell it. That's the way to yell it. Holman!

The Bay City people had one yell and great it was: Tillamook Tiddle-Dediddle-Dede.

One of our bright little poets yelled from nigger heaven in the grand stand: Listen to Bay City snore, She can't make a score.

We are all very sorry about Ralph Moore getting his collar bone broke and think it would have been a much better game if it had not happened.

Isn't it queer. Spot is now hiring lively rigs.

The T. H. S. Students were all sorry of the accident of Prof. Moore of the B. C. H. S. team.

Did Lynn go clear away? No! He just went Hathaway.

It is expected there will be another football game Thanksgiving between the T. H. S. and the B. C. H. S.

Ernest Kirby entered the 8th Grade last week.

The Eighth Grade indulged in an old time "spelling down" Thursday, as a review of their two month's work.

Tuesday being general election, the school had a holiday.

The improvements on the school premises are nearly completed.

Good cheer! Good Cheer! for the foot ball team!

Good cheer for the white and red! May it ever be said of Tillamook high That in whatever game we've taken a try.

Whether its foot ball or phrys or grometry, Our boys have always led.

The Football Game.

The foot ball game Tuesday afternoon between the Bay City High School and the Tillamook High School resulted in a victory for the T. H. S., the score being 33 to 0. In the first half of the game Holman made two touch downs and one goal kick. In the last half Holman made three touch downs and one goal kick. Bramwell made the other touch down and Sappington the other goal kick.

Holman says: "Although some may think I deserve most of the glory for making the five touch downs, but if I had not the interference I had, I could not have done the work." He says the interference the T. H. S. gave to their runner was perfect.

In the first half of the game Ralph Moore, the B. C. H. S. full-back, got his collar bone broke, and they put in Schilling, a man of about one hundred and eighty pounds, but this did not matter when men like Eberman and Stauley could keep him off.

There was absolutely "nothing doing" for the B. C. H. S. on their center rushes, for Fatty, the T. H. S. full back, was right there for all there was in him. Sappington probably saved the T. H. S. from letting Fleming, the B. C. H. S. end, make a touch down, as the ball was fumbled and but a few knew where it was; but when the fog cleared we found Sapp calmly resting on Flemings head awaiting further action.

The Halloween Party.

On Saturday evening the teachers gave an informal party to the students of the High School and Eighth Grade and their parents. When you entered the school house, where the party was held there were two ghosts who motioned you upstairs where a program was soon to be given.

The program was as follows: Chorus, School; Recitation, Miss Shirk; Solo, Lillian Anderson; Recitation, Miss Centerwall; Chorus, E. L. S. boys; Recitation, Mr. Richea; Chorus, School; Chorus, C. L. S.; Recitation, Prof. Goldsworthy; Chorus, School. All parts of which were well rendered.

After the program some played games while others went down to the basement to have their fortunes told. Among the horrors of the road to the witch's house was having thunder clap about your head, walking a greased plank into unknown darkness, and walking a very bad road.

Then after most every one had had their fortunes told they all went up stairs where lunch was served. A few games were played, the High School yells were given and every body went home saying: "I'm glad I went to the party tonight."

A Hunting Trip.

BY JOHN NIELSON, 7th GRADE. Once I went out hunting. I had a big rifle and twenty-five bullets. I hadn't got far before they were all gone and I didn't have anything left in my pocket but a big spike. When I was going home I met a bear. He started after me and I ran around a tree and he ran after me. I could see his tail going around the tree and I was following it but I soon got tired. Pretty soon I thought about the spike in my pocket, so I took it out and put it in the end of the gun and aimed at his tail and pulled the trigger. It went off and pinned the bear's tail to the tree and he howled and pawed until he busted his tail and then he ran as hard as he could up in the mountains and I never saw him again.

Pride in Our Society Work.

Most students take pride in doing the society work well, and do not stint in their efforts to excel. A student who does not exert himself to the utmost lowers his society average. But as members of the H. S. our ambition should be to keep up the standard of the school, and this is not done by concentrating our efforts along one line, but by doing our best in every department of the school work. The student whose department is poor, or whose class work is low lowers his class average. A class of low average, lowers the standard of the entire school. Let us not be proud of any one-sided or narrow development.

We would advise Bay City to have some yells ready next time. We don't like to do all the yelling.

You should have heard some of the T.H.S. girls yell the individual yells. O my!

The foot ball game on Tuesday resulted in a complete victory for the Tillamook High School. Of course the Bay City team was at a disadvantage after the accident in the first part of the game and they are planning to make the next game more interesting. We hope they can, for it would be more "glory" for our team to win a closer game, and they are certainly winners.

How did Fatty do at the foot ball game? O! Fatty was "there with the goods"—Miles of it!

Theo. was trying to give the first conjugation of Amo. There was a dreamy look in his eyes and he started something like this: "Amo I love, Amas Uia (you love)." Of course it was easier to shorten it that way.

You should hear Mr. Finny define magister. He is a star in Latin.

Some one has been singing "Sweet Evalena" quite often of late.

Theo is excusable for not being quiet when you remember how much he likes a Noyes, altho Violets are not his favorite flower.

Carrie, "Did you have any fun at the party?" Jennie, "Yes, a good Deuil."

The teachers gave a party to the high-

school students and others last Saturday evening in the school-house. Everyone had a nice time and the teachers deserve a great deal of credit for such an interesting party on short notice.

The recitations by four of the teachers were certainly appreciated by all.

"Down on the Farm" was rendered again for the benefit of the visitors, and was no small feature of the entertainment.

Lillie's solos were fine. We can always depend on Lillie. And her name was Maude. Ask Carl about it.

It is too bad that the ghost at the foot of the stairs wasn't Stella. Isn't it Fatty?

Miss Marian Hare, of the Senior class of 1908, and also a staunch Emersonian, has turned from her city life to that of a farmer. She now raises chickens and turkeys, and has one turkey that sits in her lap to eat its food. But for all her petting chickens, turkeys and cows, she is afraid to ride behind a horse. We hope she will soon feel quite safe and that before many years of her life are spent on the ranch, we will see her driving through the streets of our city with her horse and rubber tire buggy.

We hear that Miss Carrie Hathaway is quite popular at Mounmouth. She is a very popular school girl with us and we are glad she is still so well liked.

John Aschim, with his business like manner, is quite a fine example of what the T.H.S. can do. There are several more pupils in our High School who are trying to make themselves useful as well as those who have finished school.

First Student—"What is needed most in the High School?"

Second Student—"Gymnasium."

First Student—"Good, keep shouting, maybe we'll get one after a while."

Zip boom bah! Zip boom bah! Teachers of the High and public School Rah! Rah! Rah!

Tuesday evening a supper was given by the T. H. S. foot ball team, the T. H. S. teachers and some of the H. S. students being invited. Games were played and all had a fine time.

The girls and teachers also deserve some glory for the yells they gave Tuesday at the foot ball game because this helped to encourage the players.

The Modesty of Women. Naturally makes them shrink from the indelicat questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispels all the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It is almost always cured. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential. Dr. Pierce's Pleasant Pellets invigorates and regulates stomach, liver and bowels.
