The Parker Bros. at the candy kitchen
 did the generous act on Sunday morning
 in providing hot coffee for the fire boys,
 and it was appreciated by them, for as
 most of their clothes were wet through
 and the fierce heat that they endured
 when the fire was at its height, is some
 what exhausting, hence the hot coffee
 provided by Parker Bros. was doubly
 appreciated.
 There were fifty five teachers enrolled
 at the Teachers' Institute held in this
 city last week. The teachers expressed
 their pleasure for having received so
 much practical instruction. The instruc-
 tors, Messrs. Alderman, Goldworthy
 and Traver demonstrated their capa-
 bility as institute workers, and they will
 not soon be forgotten by the teachers of
 the institute.
 The Shakespeare Club had its monthly
 meeting at the home of Mrs. John Groat
 on Friday, when another delightful after-
 noon was participated by the ladies. As
 the afternoon lunch is one of the special
 features, the hostess on this occasion
 served the usual dainty refreshments in
 nice styles. The dozen merry wives of
 Tillamook are wrestling with "The Mer-
 ry Wives of Windsor," and, incidentally,
 with the corpulent Sir John Falstaff.
 Early Saturday morning Homer Craig,
 the cook at the Alien House, went to the
 shed to get some kindling to light the fire.
 It was dark at the time, and he espied a
 man crouched down. The cook took no
 notice of him and went back to the hotel
 for the purpose of procuring his revolver.
 As he came from the hotel the second
 time he saw the man coming from the
 shed with a sack on his back. The cook
 fired, but unfortunately missed its mark.
 The man dropped the bag of cabbage he
 was making off with, and refusing to
 obey the command to stop the cook took
 another shot at the man as he disap-
 peared in the darkness.
 Virgil Donaldson had a close call on
 Monday. He was taking what he thought
 to be some patent medicine, but
 instead of doing so he was taking aceti-
 c, and had swallowed down about an
 ounce and a half of the poison before he
 was aware of the mistake he had made.
 The poison immediately took effect and
 he came near dying. His brother came
 to town for a doctor, who met Dr. Ross
 and he hastened to the Donaldson place,
 and Dr. Smith having been notified to
 hasten there with a stomach pump, the
 two doctors succeeded in preventing the
 poison from proving fatal to the young
 man.

The Supervisor and the Knockers.
 TO EDITOR OF TILLAMOOK HEADLIGHT
 DEAR SIR,—There are some parties in
 this road district who have a great deal
 to say because I have employed some of
 my relatives to work on the road. I had
 some trouble in getting men to work on
 the road this summer, and if my rela-
 tives were willing to work, and were
 putting in a good day's work—which
 they were—I do not see how anyone in
 the district have any just reason to
 "knock." The county is getting full
 value for the road money expended in
 this district.
