## The Independent Church.

[TO THE EDITOR TILLAMOOK HEADLIGHT]

The Independent Church is dedicated to but one proposition, i.e., God is a Spirit. We do not undertake to settle what God was or what he will be in time to come. God might always have been a Spirit, but on account of the limited understanding of men of old he revealed himself as described by Moses and afterwards as the Son of God of the New Testament, or there may be three distinct beings, two with the bodies the image of men and the third the Spirit. God under whose administration we subscribe to worship.

If I had my choice there would be three churches in every locality, one for the circumcision where the law of Moses is read and practiced, one for the believer in Christ where baptism and the sacrament is perpetuated, and the third for those who hold that the Spirit is God. The law and the gospel, like the last year's bird's nest, have served their purpose.

There was no use for the Christian to try to worship with the Jew, for if the tithe went to the priesthood there was nothing left to support the disciples of Christ. We read "Judas carried the bag," the contents of which has always been the leading question of both the Jewish and Christian religions.

The worship of God, according to the dictates of conscience, will never become popular with the popular preacher any more than the religion of Jesus Christ did with the Jew, for the simple reason, if a man is guided by the Spirit of God, he has no use for a preacher, hence the preacher bosses his support, as did the Jewish Rabbi.

The greatest events in the world's history are: 1st. the promise of God to Abraham; 2nd. the promise of a redeemer; and 3rd. the gift of the Holy Ghost. The Jewish synagogue stands for the first. The Catholic Church for the second, and the Independent Church for the third.

Every person that has come to years of accountability, knows full well that God is a Spirit, that the convictions of right and wrong within need no interpretation, and it is not until we have hardened our heart and banished the Spirit away that we become lost to our best sense of manhood and need the restraint and guidance from others.

For the want of a church that recognizes the supremacy of God the Spirit many a young person has abandoned their honest convictions for a worthless life that is bound to end in dispondency.

My children are subject to croup, but New Discovery quickly cures every attack." Known the world over as the King of throat and lung remedies. Sold under guarantee at Chas. I. ## PARTY OF PERFORMACE.

### Republican Organization Fosters All Policies Tending to Make the Country Great and Prosperous.

The Republican is a party of action. It rests upon what it has done, and not upon what it possibly may do in the future. It has fostered everything that has tended to make the country great and prosperous. It has moved with the people. It has kept abreast of the times. It has ever stood ready to modify an old policy or to adopt a new one when the business interests of the country have needed the modification or the change. It has protected American industries. It has protected American labor by stringent immigration laws. It protected the credit and business stability of the country by prompt declaring in favor of a gold standard, and writing it in the statutes. When the time came it promptly seized upon the time and the opportunity to begin the speedy construction of the great isthmian canal. It has never hesitated to assume a responsibility. When the cruelties in Cuba threatened the interests of America the Republican party resolved to put an end to those cruelties. When trusts sprang up it enacted a law to curb and control those trusts. When commerce was at the mercy of the railroads, it provided for a commission to regulate them. When shippers were oppressed by transportation companies it promptly enacted a rate law. It has met every emergency in war or peace, met it in a wise, prudent and statesmanlike manner. It is progressive when progressiveness means upbuilding. It is conservative when conservatism means the maintenance of peace, order and prosperity. It has been prompt without undue haste. Peace and prosperity at home—honor and respect abroad has been, is now, and always will be its motto.—Republican National Platform.

## CAMPAIGN EXPENDITURES.

### Democratic Party Cannot Claim Unsullied Virtue as to Source of Its Revenues.

(From Gov. Hughes' Youngstown Speech.)

"Mr. Bryan also has much to say with regard to corrupt practices and campaign expenditures. But he omits to give due credit to the Republican party for what it has accomplished with regard to these important reforms, an accomplishment the more noteworthy in the light of Mr. Bryan's reiterated criticisms of contributions to Republican campaign funds. In the State of New York a Republican Legislature in 1906 passed a statute prohibiting corporations from making any political contributions directly or indirectly, and providing that officers, directors or stockholders participating in or consenting to the violation of the law should be guilty of a criminal offense. And I know of no more drastic statute in this country with regard to the publicity of campaign contributions and for the prevention of corrupt practices than that passed in New York under Republican auspices. These were not promises of an opposition party seeking power, but enactments by a party in power securing genuine reforms. Proper recognition must, of course, be given to the patriotic Democrats who supported these reforms, but they were enacted by a Republican administration. Congress has also legislated against political contributions by corporations. Purity of elections and free opportunity for the uncorrupted expression of the popular will lie at the foundation of every reform and cannot be too carefully safeguarded. And there should be federal legislation securing proper publicity of and accounting for campaign contributions in connection with federal elections. But it must fairly be recognized that the skirts of neither party have been clean. If we search Mr. Bryan's following we shall find not a few who have sinned, and also those who, if we may judge from their local activities, are still unrepentant. The Democratic party cannot claim unsullied virtue either with regard to the source of its revenues or its readiness to receive them."

## LABOR IN DEMOCRATIC STATES.

### Coal Miners in Alabama Subjugated Into Cringing Dependencies.

That there's a "rift within the lute" of the Gompers proposition to deliver the labor vote of the country to Democracy is becoming more apparent. While Mr. Bryan and Mr. Gompers are making special appeals to labor, neither refers to the deplorable condition of laber in the Democratic South. Mr. John P. White, for six years president of the Iowa United Mine Workers, and now one of the national officers of the United Mine Workers' Association, who investigated mining labor conditions in the South, is not so reticent. In a recent address to Local Union No. 97 of Albia, Iowa, he told of persecutions of labor in Alabama where a coal miners' strike was in progress. He is reported as saying: "The miners of Alabama have been subjugated until a majority have become cringing dependencies. Almost daily some of the laboring men of that State were mercilessly shot down for daring to assert their rights as American citizens. Ninety-one members of the Mine Workers' Association were thrown into jail without having committed any crime other than becoming members of the organization." Alabama is a State absolutely under control of Bryan Democracy.

## The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.
