VOL. II.

C.L.S. E.L.S.  
 Editors: Mabel Edmunds,  
 Violet Noyes, Lynn Eberman,  
 Assistants: Mabel Goynes,  
 Theodore Finney,  
 Daisy Goodspeed, Leslie Finney.

Lynn is getting so that he calls all the girls Gladys.

Estella Miles has quit school and returned to her home at Woods. The girls will have to find someone to take her place in the baseball team.

A basket supper will be given by the E.L.S. next Saturday evening, Feb. 13th, at the gymnasium immediately after the basket ball game between the High School and Bay City.

Leslie Finney had, for some unknown reason, a great desire to pull Eula's hair, until one day Miss Noyes caught him by one of his thumbs, and for once Finney was obliged to beg. Since then Leslie has been a very good little boy.

The library has been kept locked the last few days for the purpose of rearing the books and magazines.

For good service see Clarence Stanley, the noted love letter, telegram and note carrier. Sure delivery guaranteed.

Mr. A. A. Bramwell is working in the Sheriff's office this week. He has already distinguished himself in his new position—chewing gum with lightning speed.

The three debaters returned last week from Astoria. Although they did not get the judges' decision in their favor, they all had a good time visiting Astoria.

The C.L.S. gave their program Friday, and a dialogue was given that took up most of the time.

After C.L.S. program, each society met in a different room to choose officers. The following were elected:

E.L.S.—President, Elmer Allen; vice-president, Cloyd Dawson; secretary and treasurer, Mabel Edmunds; sergeant at arms, Ralph Himes; critic, Gladys Beals; pianist, Eva Wheeler.  
 C.L.S.—President, Robert Stillwell; vice-president, Oscar Aschim; secretary and treasurer, Mabel Ebenger; sergeant at arms, John Ebenger; critic, Jennie Blanchard; pianist, Daisy Goodspeed.

When Johnnie was jumping up to pull the window down, one of the boys was heard to remark that is a Johnnie Jump Up.

Albert has been given a position in the sheriff's office because he is such a marvel at figures.

The 1st and 2nd girls' team played the preliminaries at the game last Tuesday evening.

Robert Stillwell has taken Albert Bramwell's place as janitor at the school house.

For pressing engagements see A. A. Bramwell, office opposite Lamar's drug store.

Married, at the Tillamook High School Building, on the 3rd February, Mr. T. Edison to Miss U. Rose—the Rev. E. Allen officiating. The blushing bride was prettily dressed in blue. The editors of the Bugle Call and pupils of the T.H.S. wish them a long and happy married life.

The other day, when some of the boys started from the eighth grade room to the basement to work in the workshop, Miss Shirk exclaimed, "Now don't make a bolt for the door, boys!" We do not know whether she meant a bolt of goods or a bolt for a door, but the boys after a while will be able to make either.

Quite a crowd gathered at the gymnasium last Tuesday evening to witness the second basket ball game ever played in town. It was pleasantly surprised by a game between the 1st and 2nd High School girls' teams, who played the preliminaries, preparing the crowd for the boy's game afterward. All the girls did finely, especially Captain Lillian Anderson, Violet Noyes and Fay Burk. Miss Burk's steady guarding won the admiration of the old basket ball critics, as also did Miss V. Noyes' work in center. The score resulted in 8 to 4 in favor of the 1st team.

At 9:30 the C & C. C. and T. H. S. teams walked out to their respective places with the line up as follows:

T.H.S.	C. & C. C.
A. Bramwell	forwards
L. Eberman	H. Deibl.
Ralph Himes	center
Tom Holman	guards
C. Stanley	M. Deiter.

During the first half the tide of battle was very even, the club throwing four

foul baskets and the T.H.S. two field and one foul basket. The second half was more decisive for the H.S. Nine more points were added to the five, leaving the score 14 to 4 in favor of the H.S. T. Holman, A. Bramwell and L. Eberman all did some good throwing at the baskets and R. Himes did some good high jumping in center.

We were glad to see so many of our neighbors from Bay City present at the game Tuesday night.

Jump, Ralph, jump, you never need two.

### A Hunting Trip.

It was one fine summer's day when my brother and I started for a hunt in the woods. It was the first time that we had ever started out alone in the woods, and although we were well armed, our fear was not calmed in the least. Every sound of a motion caused by a bird or a squirrel attracted our attention and we kept our guns cocked all the time.

We had nearly reached the summit of the mountain when we heard a loud noise further up the hill. We quickened our steps a little and were soon near the spot where the noise came from. My brother led the way through some thick underbrush and I followed close behind. This underbrush suddenly opened out into a stretch of green grass. All of a sudden we saw a large deer shoot out of the underbrush and stop suddenly and snelt the air for a moment and we both started to start again when we were both fired at once. He staggered for a moment and then shot into the underbrush. We both started after him instantly, tracing him by the blood on the ground. We took our time, expecting that the deer would soon fall from the loss of blood. We followed him until well in the afternoon when we decided we would stop and have something to eat and drink. We soon came to a small creek and we stopped and had some dinner on its banks. We thought it was a little past noon, but when I looked at my watch it was half past four.

We decided to give up the deer chase and return home. We acted upon this plan and were soon on our way again. We could easily track our selves back to where we first saw the deer by the blood on the ground.

We had not realized how far we had gone and before we reached the place where the chase began it was nearly dark. We knew we could not travel in the dark, so we decided to camp there during the night. We built a fire and ate what we had left to eat and after building up a good fire we lay down to sleep. I was awakened suddenly by a crack from a rifle near me. I sat up quickly and saw my brother standing with his rifle in his hand peering into the darkness. He told me that he had awoke just in time to see a large panther run into the brush close beside the fire. We sat by the fire till morning when we started for home again which we reached without any more difficulties.

### A Night in the Woods.

During Christmas vacation last year, Arthur Case, Willie Anderson, Elmer Baker and myself went down on the bay hunting. We started about noon, and after an hour's rowing we reached a cabin where we had determined to spend the night. The cabin was about three hundred yards from the Elmore ranch.

We soon had our provisions into the cabin, and a good fire in the stove. After we had cooked and eaten our supper, we decided to go to bed, for we had to get up early in the morning. We went to bed, but sleep was against our religion, and a pillow fight was soon in progress.

After this had subsided a little, Willie and I crept out of the door with the determination to scare the boys. We had made two holes in a pumpkin, and put a candle in it so that as the light passed from the holes it looked like two balls of fire. We put this lantern on the end of a stick, so that if they shot they would not hurt us. We soon began to growl, and snapped a few twigs, after which we could hear the boys whispering. A gun was soon seen aimed through a knothole, pointed at the pumpkin which they thought were the eyes of a panther. After taking careful aim they fired and knocked the pumpkin to pieces. They came running out with a lantern expecting to find a dead panther, but only found Willie and me almost dying with laughter. The next morning we went hunting and about four o'clock we started home.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.
