Tillamook Mercantile Company, Inc. Edmunds Bros. Managers.

Wholesale and Retail Dealers in STAPLE and FANCY GROCERIES, HAY, FLOUR, FEED and GRAIN.

The Tillamook Mercantile Company has been incorporated and organized for the purpose of buying merchandise in the largest quantities possible for use in this county. Our cash resources are such that we are in a position to purchase goods in car lots, or any number of cars of goods, that it is possible to use to wholesale or retail them out to the public at prices never possible for us to furnish before. It is our purpose to benefit every citizen in Tillamook County, instead of trying to injure them. We shall have no regret if we fail in our efforts to benefit everyone. It would be impossible for us to undertake to make such prices as we shall offer and continue to make if we were compelled to borrow capital to run our business, nor would we attempt to make them, if we supposed for one minute that we were to continue to purchase goods in the usual quantities in the future as in the past twenty years. But we are now prepared to make bids for goods in any quantity possible to use in this county, instead of paying the prices asked. In the business world today there is a bid price and an asking price, and capital usually makes the bid price and receives the goods. We feel that these remarks are worthy of the careful weighing and consideration of every practical person in the county. As soon as time will permit we expect to issue for general use a price list of everything in our lines.
