**FATAL ACCIDENT.**

**A Tillamook Boy Fatally Injured while Felling Trees.**

A fatal accident occurred Friday afternoon to Frank E. Norberg while he was felling trees in F. S. Whitehouse's logging camp on Sutton creek. He was working for Al. Biggs, and with Biggs' son had felled a tree which was caught in a large branch of another tree. To free it the young men started to fell the tree, and while doing so the branch holding the tree broke. Biggs succeeded in getting out of the way, and Norberg tried the same thing, but instead of getting out of danger, ran right into it, the timber striking him on the head and felled him unconscious to the ground, from which he never recovered, causing concussion of the brain. The unfortunate young man was taken to the residence of John Weber and Dr. Smith was called and he stayed with him until he expired at one o'clock the next morning. No one was to blame for the untimely death of young Norberg, it being purely accidental. The funeral took place on Sunday, the religious service being conducted by Rev. W. W. Rosebraugh in the United Brethren church and the interment in the Odd-fellows' cemetery, which was attended by a number of relatives and friends.

The deceased was a son of Mr. and Mrs. Peter Norberg, and was born in Tillamook County on May 14th, 1888, and died on Saturday morning, March 27th, 1909. He was industrious and a young man well liked amongst his friends in the county, who deplore his early death.
