The TAXPAYERS FOOT THE BILLS.

In Bootleg and Criminal Cases in Justice Court.

CITY DEMANDS \$8,283.

Claimed County Owes City that Amount for Road and Poll Taxes.

The Board of County Commissioners, composed of County Judge Goodspeed and Commissioners Bodyfelt and Alley, was in session last week, when two important matters came up regarding the county finances. One was the string of bills, for one month's business in Justice Sappington's court, and the demand of Tillamook City for \$8,283.86.

In the matter of the cancellation of taxes for W 1/2 of the S 1/4, sec. 15, tp. 1 N range 6 west, the same was ordered upon the payment of \$20.

In the matter of P. H. M. Smith for assistance in building side walk, the same was continued.

In the matter of the claim of Pacific Telephone & Telegraph Co. for damages, the same was continued.

In the matter of the demand of Tillamook City, for all road taxes and poll taxes collected for the years 1902, 1903, 1904, 1905, 1906 and 1907, assessed on property and persons within the corporate limits of the city, that the city claimed that the sum of \$14,207.19 had been collected for those years and that \$5,923.33 of which had been paid to the city, leaving a balance of \$8,283.86 claimed to be due the city. The court rejected and disallowed the demand in whole and in every part.

In the matter of the demand of Tillamook City for road and poll taxes collected within the city for the year 1908, the court allowed the usual one half to be paid.

In the matter of bids for the construction of a septic tank for the court house, there being no bids offered the county clerk was instructed to readvertise.

About Road Work.

[TO THE EDITOR TILLAMOOK HEADLIGHT] Dear Sir,—Might I ask a small space in your paper to express a few views in regard to the road question for I do not think that any one can appreciate the blessings of good roads more than those who like myself have lived where our only road was a pack trail.

In regard to sending out side for a civil engineer I certainly cannot see the wisdom of so doing, while we have such men in here as Mr. John Hickey, a man who is a natural engineer and whose work is the only recommendation he needs, as any one will acknowledge if they were acquainted with his district before he took hold of it, and see it as it is at the present time. He also knows every foot of ground in Tillamook and consequently the difference in the soils, in my opinion where he to have full supervision of our roads there would be no kick coming. Of course there may be others in Tillamook just as good but we know what he is by the work he has done heretofore.

I agree with Mr. Watson in regard to seeing that no water holes be allowed to exist during the winter, I believe it would pay big to have the gravel hauled in the summer to where it can be reached in the wet season and whenever a break or depression occurs in the road bed attend to it immediately. In my opinion we will have to gravel a good deal heavier than heretofore so as to meet the increased traffic during the wet season, that is bound to come from this on, the time has passed when we have to stop hauling in the winter for fear of spilling the roads. Well I guess that is about all, I'm like the Irishman and the bear, I don't trouble very often, and it may be a long time before I do so again, so maybe you will find space for this.

Yours Truly,
 JACK JENNINGS.
 Kitchis, April 10, 1909.
 [With all due respect to the opinion of our correspondent, we want to say this that John Hickey has not the technical education in modern roads building, consequently he could not fill the position of road engineer. We think that Mr. Hickey will admit that. With the large amount of road money spent in John Hickey's district the last ten years we have an idea there ought to be some good roads in that vicinity. Yet, like most every road district in the county, roads have been located and re-located in that district also.—Ed.]

For Constipation.

Mr. L. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price, 25 cents. Samples free. For sale by Lamar's Drug Store.

Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by Lamar's drug store.

A Healing Salve for Burns, Chapped Hands and Sore Nipples.

As a healing salve for burns, sores, sore nipples and chapped hands Chamberlain's Salve is most excellent. It allays the pain of a burn almost instantly, and unless the injury is very severe, heals the parts without leaving a scar. Price, 25 cents. For sale by Lamar's drug store.
