

THE BUGLE CALL.

C.L.S. E.L.S. Editors: Lynn Eberman, Ralph Himes.

The pupils of the H. S. were very much pleased by the announcement of the Board that their beloved Professor, Mr. Rutherford, would teach their next year.

Rah! Rah! Rah! Rah! Rah! Rutherford! Rutherford! Rah! Rah! Rah!

The proceeds of the ball team's dance amounted to \$44.50. Although this is not large it will put the team on its feet again with a little extra in the treasury. Vida Rogers was chosen May Queen.

Friday morning the single fold, Freshman flag was seen floating from the fore mast of the cupola. The Freshies look with loving eyes on the white and green.

The following is the latest Freshmen yell.

Freshies, Freshies, Bawl, Bawl, Bawl, Babies, Babies, One and all,

Every school has one or more bullies, and this school is no exception. It has one in particular. Any amount of pains will be taken, if need be, to see that this conspicuous bully is not in school another year.

In going by the rate at which the school playground is being occupied by lumber piles, buildings and rock piles, it will not be long until the pupils will be confined to the lots upon which the school house stands.

Garibaldi beach is most beautiful in the summer time when the atmosphere is free from smoke, so that one can see a great distance out to sea. Large ocean liners pass every day; also sail boats and steamers.

What's the matter with Babby's time? is the general question. Babby keeps his time in his "pouch wacket" but he hardly thinks it is good.

Just one more month of school and then hurrah for vacation.

The Freshmen and Sophomore classes were in open war last week. War was declared by the Sophs after the Sophomore flag was taken down by the Freshies.

The second team of Bay City will be challenged for a game next Sunday. It is practically the same team the Tillamook boys have played every summer for several years.

The Freshmen have an odd but very pretty flag.

The opera house was very tastefully decorated last Friday by the Juniors in their class colors blue and white.

How I Learned to Skate. Fern and I were passing the old mill one afternoon on our way to the river to fish when we heard an awful noise which sounded like a lot of croquet balls being rolled on the mill floor.

Prof. Goldworthy takes advantage of the fine weather to and from his ranch evenings and mornings.

Some of the girls forget themselves at times and even get as vulgar as to say "dog-gone-you."

Tuesday afternoon at recess the Freshmen class assembled in front of the school house with their flag for the purpose of having their pictures taken.

If these directions are followed closely the door will then be opened to you. One who knows.

"May" I. The bright May month has come once more.

The winter months at last are o'er, The cold drear wind has gone away, The little birds are singing gay.

Pretty little violets, waking from their sleep, Fragrant little blossoms, just about to peep;

Pretty ferns and grasses all so green and bright, Purple clover nodding, daisies fresh and white,

The children in the woodland love to stray; The birdies in their nests no longer stay.

A school has its home record and its outside reputation to look after. It behooves every real student to have both in mind in regulating his school conduct.

Garibaldi Beach. Garibaldi beach is most beautiful in the summer time when the atmosphere is free from smoke.

Billousness and Constipation. For years I was troubled with billousness and constipation, which made life miserable for me.

The World's Best Climate. Is not entirely free from disease, on the high elevations fevers prevail.

"Here let me put your skates on your feet for you," she said as she took them out of my hands and began unstrapping them.

"I'll help you get started, and then you'll have to go by yourself," she continued. "All right," I said, "I would rather go alone," but when I started out my ankles turned over; my feet wanted to go in different directions and much too fast for the rest of my body.

Bertio laughed but came and helped me up. "You're doing all right," she said by way of encouragement, "almost as well as I could do myself."

"Do you see that log down there," she continued, "sticking out over the ice about three feet above it?" I did.

"Well see if you can get that far alone, but if you do fall down I'll come and pick you up," she laughed.

I got down to it alright but as it stopped the further progress of my body, and my feet kept right on going under the log and out on the other side, I took another tumble.

I got up that time without any help and did not take any more falls before we went home for supper.

"My, I wish I lived where I could learn to skate," said Fern, as she watched a boat going up the river.

"It is the most fun that ever was," I replied as I played with a large trout at the end of my fly-line.

Field of Honor Commission. Perhaps wit is stimulated by a slight derangement of the nerves, and good things said on the field of battle are sometimes recorded.

Grand People in London in 1866. "I came to town on Wednesday and intended to go to the Ancient Music; it was too late to get it.

Winning a Violin. The way M. Ysaye, the great violinist, became the owner of a Guarnerius violin dated 1742 was thus quaintly told by himself.

They Meant Business. A Chicago stage manager was telling of amusing incidents of blunders and errors caused by stage fright.

The Hourglass. Instead of being obsolete and simply an interesting relic, the hourglass in various forms is a twentieth century necessity.

He Walked. "Good afternoon, Miss Brown! Going for a walk? May I go with you?" asked an elderly but ardent admirer of the lady.

The Exporter. "Who is your Chicago friend?" "He is a prominent exporter."

A Way They Have. "Some men," said Uncle Eben, "has a way of keepin' der consciences quiet by takin' de minister's advice on Sunday an' de lawyer's advice all de res' o' de week."

A Brave Patient. Dentist (to assistant)—I think I heard a patient in the waiting room. Assistant—Yes, but I can't bring him in. He's turned the key on the inside.—Meggendorfer Blatter.

Somewhat Puzzling. It is not at all surprising that the American vernacular should sometimes prove a little too much for the Englishman.

England's Generals. There has not been an English general since Marlborough. Wellington was born at Dangan castle, Meath, of an old Irish family called Wesley and christened in Dublin.
