## Every Piece of Merchandise in our Big Stock Reduced, Except a few contract lines.

Prior to taking stock it is our desire to reduce the stock to the smallest possible minimum; to close out lines that are broken in sizes. To make our stock show as far as possible, the least quantity of last year's goods that we may open our spring lines of merchandise to the greatest possible advantage. To do this we will sell goods for the next two weeks, during stock taking, at prices that have never been paralled in this county. Read over this list of reductions carefully and see if it does not contain some item on which you can save money.
