## MISSOURI'S GREAT MILK COW.

**Additional Facts of the Wonderful Holstein Cow, Missouri Chief, Josephine.**

Diated and trained for a milking test to extend over a period of 365 consecutive days, Missouri Chief Josephine, an eight year old Holstein datry cow owned by the Agricultural college of the University of Missoura, has already annexed the state championship and is now ranked within four of the world's record, which is the object of the milking test she is now being put through. Josephine weighs 1,300 pounds and produces 103 pounds of milk a day for ten days, or nearly her own weight. Her highest mark in one day was 110½ pounds of milk. This is the equal of 13 gallons. The average consumer of milk in cities uses two thirds of a pint per day. Josephine wouid supply a hotel with 165 boaders if she produced thirteen gallons a day.

To produce 13 gallons of milk in a day she drinks twelve 3 gallon pails of water, or about 250 to 275 pounds of water heated to a temperature of 70 degrees during the winter. She is fed 20 pounds of alfalfa hay, 15 pounds of corn silage, and 24 pounds of grains, including corn, bran, linseed meal, and gluton seed. The last is a by product of corn.

Josephine is milked at 5 a. m., at noon, at 5 p. m. and at 10 o'clock at night. She is fed every six hours.

Ninety days of the year's test have elapsed and in that time Josephine has evidenced her milk producing powers. She has produced as much milk and butter in the ninety days as two Missouri cows produce in a year. Only 3 cows in the world have ever hit Josephine's gait, and one of those was the present world's champion, a cow owned in Wisconsin. Josephine's daily butter production is enough to supply forty persons.

### Lion Fondles a Child.

In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Danger to a child is sometimes great when least regarded. Often it comes through Colds, Croup, and Whooping Cough. They slay thousands that Dr. King's New Discovery could have saved. "A few doses cured baby of a very bad case of Croup," writes Mrs. George B. Davis, of Flat Rock, N. C., "we always give it to him when he takes cold. Its a wonderful medicine for babies." Best for Coughs, Colds, LaGrippe, Asthma, Hemorrhages, Weak Lungs. 50c. $1.00. Trial bottle free. Guaranteed by Chas. I. Clough.

### Billiousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomache, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale at Lamr's drug store.

### A Regular Tom Boy

was Susie—climbing trees and fences, jumping ditches, whitling, always getting scratches, cuts, sprains, bruises, bumps, burns or scalds. But laws! Her mother just applied Bucklen's Arnica Salve and cured her quick. Heals everything healable—Boils, Ulcers, Eczema, Old Sores, Corns or Piles. Try it. 25c. at Chas. I. Clough's.

Foley Kidney Pills are antiseptic, tonic and restorative and a prompt corrective of all urinary irregularities. Refuse substitutes. C. I. Clough.

**Will Run 100 Cows.**

**Price $45 an Acre, Stocked.**

This fine dairy ranch of 650 acres lies on the east fork of the Lewis River, in Clark County, Washington. About 350 acres lies on the river bottom, the balance being level bench land; 200 acres are under the plow, practically all in crop, and 100 acres more may be plowed immediately without clearing, but is now the finest of pasture.

The balance of the land is nearly all slashed and is first-class pasture, the slashing having been done about 25 years ago, leaving very few stumps. The soil resembles Tillamook county bottom.

**Green Feed all Summer.**

There is no rock or gravel, it never bakes and is almost like a garden to work. There are three fine streams crossing it and it borders on the river, the June freshet backing up on about 50 acres of pasture and subirrigating the plow land, without overflowing it.

This makes an abundance of green feed during the dryest months of the summer. There is a boat landing on the place and one may ship produce direct from the ranch avoiding expensive hauling and handling.

The crop consist of oats, vetch and potatoes. There is a fine orchard, with every kind of fruit. This orchard covers four acres. The ranch is well fenced and there is an outrange of about 200 acres of finet bottom pasture land.

**Finest Improvements.**

There are three houses, one costing $4,000, has porcelain baths, hot and cold water, in fact all the convenience which make it compare favorably with city residences. There are large cow barns, large horse barn and a new creamery building equipped with engine, boiler, feed chopper, separator, milk tank and scalding tank.

The stock consists of 40 fine dairy cows, 9 horses, 60 hogs and pigs, and about 200 chickens. There are wagons, harnesses, all kinds of implements and tools.

Three railroad surveys cross the place; it lies directly in the right of way of the only feasable line between Vancouver and main line of the Northern Pacific R. R. They are now operating about 7 miles on this road and this place will double in value when the road is completed.

This place is 20 miles from Portland.

Price $30,000—$10,000 cash will handle it.
