Editorial Snap Shots.

Those who voted to keep the cows up should keep the grass cut near their residences.

Whether it is true or not, it is reported that autos are to be taxed \$2 at the toll road in Yamhill county for the privilege of getting in and getting out of Tillamook county. That would about kill the automobile travel into this county this year.

Our advice to Republicans in this county is: Don't be humbugged or influenced by those who are shouting against the Republicans holding an assembly. The whole scheme is being worked up by Democratic newspapers to divide and defeat the Republican party.

It took quite a bit of exertion and a good many snags were met in starting the Commercial Club. We want to say this, now that the club boosters have accomplished their object, that Tillamook City has reason to be proud of its Commercial Club. But the boosters must not let interest in the club lag.

Time and death have brought many changes in Tillamook the past few years. The bonus men who held people up and exacted blood money from them are amongst the most despised; the monopolists find that they cannot bleed the people any longer; those who dictated politics with a rule or ruin spirit are down and out. But it's all for the best.

It will be noticed that it was the Republicans who voted for the postal savings bank in Congress and it was the Democratic party which voted against it. When you hear a Democrat chewing the rag in opposition to the Republicans holding an assembly, just point out the policy of the two parties in regard to the establishment of postal savings banks.

The snap shot man is not wanting or seeking public office, but if he was one plank of his platform would be, as an advocate of good roads, to employ a competent engineer to plan out and supervise the road work in this county. As editors are expected to speak out and give their views on public policies, we fail to see why aspirants for county judge or county commissioner are not expected to do the same.

Empty houses in this city are evidently being broken into and used for immoral purposes. As an instance of this a pocket knife, handkerchief, hair pins, etc., and a lot of empty beer bottles, were found on the floor. The marks on the handkerchief were a dead give away as to the identity of the man, but who does the lady's wearing apparel belong? This is what Bill Ryan is intent on finding out.

It seems that the only platform and policy the Democrats in Oregon have is to endeavor to prevent the Republicans from holding a meeting for the purpose of running its

own affairs. Republicans are beginning to get their eyes open to the fact that this is a scheme to divide the Republican party at the next election, for with a united Republican party the Democrats know they will go down to defeat. Hence the great howl against the Republicans getting together.

Things are working awfully one-sided in Oregon. Just fancy. The political wire-pullers are trying to make the voters believe that it will be a terrible thing if the Republican party is allowed to hold a meeting and run its own affairs to suit itself. Talk about the Czar of Russia being a dictator and a despot, why there are plenty of dictators in Oregon. We don't propose to be led by the snout in that way if other Republicans do.

Wouldn't it fool those who are opposed to the Republicans holding an assembly if they would hold a good old rousing meeting, define its policy and adopt its platform, and then adjourn without recommending names for state and district offices. Wouldn't that take the wind out of the sails of the Democratic newspapers, which are shouting their heads off for fear that Republicans will get together in the next election.

The matter of harbor and slough improvements for Tillamook City is now the most important question before the citizens of the center part of Tillamook County, and the general opinion is that the work should be rushed to completion as soon as the project is planned out and obtains the engineer's approval. We understand that it will be August before Major Morrow will be able to come to Tillamook, but in the meantime everything that can be done to get things in shape should not be overlooked.

The members of the Commercial Club and the visitors were well pleased with the opening of the club last week, for it was one of the most harmonious and get-together meetings ever held in this city. This was brought about by the hearty and willing support given the entertainment committee, consequently everything passed off pleasantly. All personal prejudices were put aside and we hope, as the members mix together more freely and discuss matters of importance to the city and county, the bitter feelings that existed for so many years will eventually die out. Having come together, the next thing for the members is to keep together. The club is a credit to Tillamook City, and in a way will do a great deal of good, as well as afford the members and their families a lot of social enjoyment. This alone will be worth the price paid to join, for the club is going to have some enjoyable affairs quite often.

When the County Court agreed to expend a limited amount of money, at the request of the Tillamook Commercial Club, for publicity work, it made a mistake by not consulting with those who had had some ex-

perience in that line or the editors of the county newspapers. The committee appointed fell into the same mistake by not first gaining some valuable suggestions from the editors before they employed anyone to do the write up or sanctioned the expenditure of money. The write up is a rank failure. We make this statement after being asked to read it and pass our opinion on the same. The write-up would only take a few columns of space, and it is so uninteresting and in attractive that we would not waste the time to put it into type and print it. If the committee cannot do better than that it had better re-produce the neat little booklet gotten up by Erwin Harrison or the illustrated edition of the Headlight after bringing it up to date. The county is entitled to a flattering write-up and a presentable booklet.

The untimely and tragic end that befel Samuel Elmore is one of those distressing things in life which suddenly draws aside the curtain and reveals what kind of a life a man is living. But we will not add one word to make a most sad and distressing affair worse. Mr. Elmore has passed away and, no doubt, his friends deplore his loss, for he was a keen, though successful business man. So much so that he held Tillamook people in his grip when he monopolized the transportation service and salmon industry at a time when the people were not in a position to help themselves, and in that way helped to retard the growth of the county, hence Mr. Elmore never had the respect of the people of Tillamook, which he would have had had he adopted a different policy. Yet, Mr. Elmore only did what a great many other men would have done had they been in a position to put the screws on when handling a monopoly. Like most men, Mr. Elmore had many good traits of character, and now that he has passed away, let us forgive and forget his faults.

A number of our exchanges have been publishing an item of a wonderful tree and shingle mill that were and are the wonder of Tillamook county. As published, the tree, a magnificent cedar, made 141,000 shingles and it took the mill 33 days to cut it into shingles. When we calculate upon its achievement we find that the mill cut less than 4,300 shingles per day, or not enough to keep a good shingler busy laying roof and we have known men who cut their timber, rove and shaved more shingles per day than that mill cut. The tree, no doubt, was all right but what about the mill? Such information as this is sent out without thought as to its merit, and we do not always see the ludicrous tangle that is wrapped around it. Tillamook very likely had a tree that produced 141,000 shingles, but it is hard to imagine the merits of a mill that would be employed 33 days in making that amount when it is a well advertised fact that single machines have cut that amount in less than a day and a half. —Mouth Herald.

TILLAMOOK JOTTINGS.

May prices for butter fat will average around prices paid for April in most factories, from 37c. to 38c.

S. O. Wicklund, who has been on a visit to his son's, left today for his home in the valley. He was accompanied by his daughter Selma.

The Sue H. Elmore left here this afternoon with the following passengers: S. W. Grable, J. M. Dunn, H. Woolf, S. O. Wicklund, Miss Selma Wicklund, F. Berger and W. W. Ridelaugh.

The train between Tillamook City and Wheeler will be put on about the middle of July, when the locomotive now in use will be used for that purpose and the locomotive shipped in last week will be used for construction work.

The Percheron stallion Ville will make the season of 1910 in Tillamook County. Ville is the Largest and best proportioned stallion in the county, and took two prizes at Washington County Fairs. While in Tillamook City will be at Easter's barn. L. E. Sanders, owner.

John Jarvey pleaded guilty in Justice Stanley's court to a charge of larceny, and was sentenced to pay a fine of \$100 and to three months in jail. He stole a suit of clothes from the home of Vincenz Jacob while stopping there. This makes another prisoner to work on the roads.

Charley Edmunds the 4 year old son of D. Edmunds, had his leg badly injured on Wednesday. He was attempting to get onto the wagon of Ivan Donaldson, who was taking cheese to the dock, when his leg was caught between the wheel and tore a long flesh wound in it, which Dr. Smith attended to.

On Tuesday morning a son of Thomas Childers came near meeting with a fatal accident. The boy was playing in the road, and not noticing his son, Mr. Childers drove over him with his wagon. Part of the boy's scalp was torn off, and he was brought to the city and Drs. Smith and Monk attended to his injuries, and he is doing well considering the nature of the accident.

The Steamer Sue H. Elmore came in on Wednesday with her flag flying half mast on account of the death of Samuel Elmore. Her passengers were: Grace Ellis, A. C. White and wife, Misses Lister, W. A. Fisher and wife, M. Hughes and wife, Mrs. Thompson, A. Hellamacher, M. H. Guron, M. Hopkins, Mr. Thompson, G. Foster, D. Meyers, R. Smith and R. Johnson.

At the annual school meeting on Monday, W. C. King was re-elected director and Alvin Finley was re-elected school clerk. Frank Severance and Erwin Harrison were appointed a committee to expert the clerk's books. A resolution was passed, requesting the city council and water commission to take some action with the object of removing the hydrant from the middle of the side walk near the school building.

Engineer Geo. L. Davis of the P. R. & N. Co. and Mayor Thos. Coates took a trip up to the Salmonberry country last week and on their return were highly pleased with the rapid manner in which Contractor Sweeney is rushing the work on the railroad. A passenger train will be put on between Tillamook City and Wheeler about the middle of July. Mr. Davis is of the opinion that if men can be held to do the work both ends of the railroad will be connected by next December.

Maby the editor don't belong to your church or lodge or political party, but is he doing a lot more than you have dreamed of to keep your town on the map. And he can't paint it in glowing colors and buy Venetian red to do it with forever, unless he is a man of independent fortune. If he's the right sort he won't ask you to advertise or subscribe unless you get one hundred cents for a dollar, but he can sing the town's virtues in a much clearer tenor if his advertising columns are filled and some good citizens occasionally help him by writing a little something for publication instead of telling him what to do. —The Dalles Chronicle.

The present season will probably be the best ever experienced by the dairymen of Tillamook County. With the price of cheese around 15 1/2 cents at Tillamook, the dairymen are getting a lot of money. Even though the make is no greater than last season, there is a lot of cheese being shipped from the different parts of the county, Carl Haberlach, secretary of a number of the factories, reports shipment of over sixteen hundred cases this week, being 100 cases from Little Neustucca, 310 cases from Nehalem and over 1100 from the Elmore and Golden Gate. This makes the week's shipment about over \$17,500.00 and besides there are the three Ray factories, Long Prairie, Red Clover and several smaller ones.

The motion of Attorney Nolan for a re-hearing in the case of Herman Boelk vs. Oak Nolan was denied by the supreme court. This was a case where Nolan, through false representation, obtained a deed to Boelk's homestead, who was given to understand that it was simply a right of way he was signing, which, however, conveyed the land to Nolan, who took advantage of the old German because he could neither read nor write English. Judge Burnett decided the case against Nolan in the circuit court, and the case being appealed, the supreme court confirmed the decision of the lower court. Nolan filed a motion for a re-hearing and this was denied.

Owing to some misunderstanding as to the date and time of holding a meeting of the Republican County Committee on Tuesday morning, only a few of the committeemen were present. No action was taken to ascertain what was the desire of the committee as to an assembly. It is known that several members are opposed to an assembly, while the majority are favorable to it. It is not likely that precinct or county assemblies will be held, as there appears to be a disposition on the part of Republicans to allow the county central committee to select the delegates to the state assembly, so that Tillamook county can be represented at that large gathering of representative Republicans.

Christian Church Notes.

The Minister spent four days last week at Pacific City, preaching to appreciative audiences. There are many places in the county where no gospel work is being done. Any community that desires preaching services between Lord days should communicate with the minister, V. E. Hoven.

The Loyal Men's Class have outgrown their quarters in the church and moved into the tent between the church and parsonage. Any man above sixteen may become a member of this class by studying the lesson and meeting with the class on Lord's day morning at ten o'clock. Interesting class discussions. Social good time once a month.

The minister will begin a series of sermons on the book of Revelation next Lord's day morning. This will be of special interest to Bible students. The evening subject for the day will be "Lot in Sodom." Everybody is invited.

The Laughing Show.

"Ole Olson, Jr." will be presented by the Dramatic Club, under the personal direction of B. J. McCowell, Friday and Saturday, June 24th and 25th. This is considered the funniest farce comedy ever written. This play has caused more genuine laughs than any play yet played upon the American stage, presenting as it does the questions, "Can a person truly love and be jealous" and "Love and Revenge, which of you are the strongest." The domestic difficulties show us both sides of the story. After the worries of the day treat yourself to a good laugh, by seeing "Ole Olson, Jr." Remember, "Laugh and the world laughs with you." There will be specialties between each act, no waits to sit through. Mark the date, Friday and Saturday, June 24th and 25th. Seats are now going fast at Lamar's drug store.

Bids Wanted.

Bids will be received for forty cords of alder or hemlock wood to be delivered to the Clover Leaf Creamery at its factory, five to ten cords of hemlock or dry alder wood to be delivered by July 1st, 1910, and balance by September 1st, 1910. Bids to be delivered to Carl Haberlach, Secretary, on or before June 27, 1910. Bids will be received for all or part of the above. Directors reserve the right to reject any or all bids.

CLOVER LEAF CREAMERY CO.

Music Store for Tillamook.

Mr. Shipman, formerly with Staehr, of Forest Grove, will have a store in half of Whalen's store with a complete line of pianos, organs, phonographs, singer sewing machines, mandolins, guitars, etc. He will guarantee to save a customer money on any of these and will personally guarantee every instrument. All goods sold monthly payments if desired. There has been long needed a store of this kind in Tillamook and we are sure Mr. Shipman will well here as he has come to stay. Orders will be taken for tuning as soon as he returns to Portland with his stock of instruments.

NOTICE.

NOTICE IS HEREBY GIVEN that the County Court of Tillamook County, Oregon, will accept bids for the construction of a Steel Bridge across the Kitchie River, at the mouth of the present bridge. Plans and specifications now on file in the office of the County Clerk will also be accepted for the construction of a combination bridge at the same site. Plans and specifications for combination bridge to be furnished by the bidder. All bids must be filed with County Clerk on or before 6th day of July, 1910, and must be accompanied by a certified check equal to 5 per cent of the amount of the bid, as a guarantee of good faith on the part of bidder. By order of the County Court. Dated this 6th day of June, 1910. J. C. HOLDEN, County Clerk. By K. MILLS, Deputy.

Of Interest to Farmers and Mechanics.

Farmers and mechanics frequently meet with slight accidents or injuries which cause them annoyance and loss of time. A bruise or burn may be cured in one-third the time usually required by applying Chamberlain's Liniment as soon as the injury is received. This liniment is also useful for sprains, soreness of muscles and rheumatic pains. There is no danger of blood poisoning resulting from an injury if Chamberlain's Liniment is applied before the parts become inflamed and swollen. For sale at Lamar drug store.

The Conservation of Natural Resources.

Applies as well to our present state as to material things. R. L. Budlong, Washington, R. I., writes his condition, and took it before it was too late. "I suffered severely from kidney trouble, the disease I have had for four bottles of Foley's Kidney Pills and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Pills until it is too late." Sold by I. Clough.

What a Summer Cold May Do.

A summer cold if neglected just as apt to develop into pneumonia as at any other season. Do not neglect it. Foley's Honey and Tar soothes the inflamed air passages and expels the cold from the system. Sold by Chas. I. Clough.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that it may be effected by applying Chamberlain's Salve as soon as the sore is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many nurses use this salve with good results. For sale at Lamar drug store.
