 Attorney R. R. Duniway was in the city the first of the week looking up the proceedings and records in regard to the Ports on this county. GOLDEN GATE HITS SPIT.
 Steamer Grounds In Avoiding Collision.
 ASTORIA, Or., July 9.—While coming into the Columbia River about 11 o'clock last night, the steamer Golden Gate, which was en route from Tillamook for Portland with a cargo of dairy products and 13 passengers on board, struck on Clatsop Spit and was so badly crippled that she had to be towed up the river.
 It was almost low tide at the time and there was a thick haze, but the steamer crossed the bar safely. When well inside, Captain Snyder suddenly saw a fishing boat lying at anchor directly in front of him carrying no light. In order to avoid a collision the wheel was thrown hard over and the steamer missed the fishing boat but before she could be brought into the channel again, struck on Clatsop Spit, pounding hard several times before the raising tide floated her off a few minutes later. As Captain Snyder remarked, "It was a case of either cutting down the fishing craft or running into shallow water and we took the later chance."
 After the vessel was floated it was found that her propeller would not work, so anchor was dropped and signals of distress was sent up, but as no assistance came, Captain Snyder sent a small boat ashore, word was telephoned to Astoria and about three hours after the accident occurred the steamer Melville arrived, took the disabled steamer in tow and left with her for Portland where she will be placed on the dry dock.
 The Golden Gate is not leaking and it is believed the only injury she has suffered is the bending of her shoe so badly that it interfered with the propeller. The pounding of the vessel and the rolling of the breakers, which at times washed over the craft, caused considerable alarm among the passengers, but their fears were soon quieted by the officers. Before leaving the steamer, however, a number of them signed a petition to be sent

to Congress urging that laws be enacted requiring all coastwise passenger steamers to carry wireless telegraph plants.
 When the Golden Gate reached Portland it was found that the vessel was not injured but the reason that her propeller would not work was because rope had coiled around it.
"The Private Secretary."
 The Dramatic Company will present the funny English Comedy "The Private Secretary," under the personal direction of B. J. McCowell. You have all heard of this play, now go see it. This will be by far the best effort the Dramatic Club has offered so far. You may have troubles of your own, they are nothing in comparison to the Rev. Rob. Spaulding's. You may have laughed at comedies before, this one will make you holler, if there is a laugh concealed in your soul. "The Private Secretary" will find it and bring it out, so forget your woes, and leave behind your sorrow when you go to see the "Secretary." You would not recognize your own troubles. Mark the date. "The Private Secretary," Friday and Saturday, July 15-16. Seats are now selling at Lamar's Drug Store.

THE CREED
 Of the Church of Christ is Christ, the same as that of Peter expressed in the good confession. Thou art the Christ, the Son of the living God."
 It is simple, comprehensive and perfect.
 Human creeds differ and cannot all be right. They are used to better understand and explain the Bible, but since they differ in vital points, it is necessary to first know and understand the Bible before accepting any one of them, and after understanding and knowing the Bible, the man made creed, even the right is useless, and if wrong, then vastly more than useless.
 Come to the Bible School next Lord's Day morning to learn and discuss more of the living creed, revealed by God that needs no revision.
