The Tillamook Lumber Manu-

The competition for butter fat is
shown by shipments of cream from
Tillamook to a Portland creamery.
The cream is taken out by boat and
Tillamook people believe transpor-
tation, cold storage and ice make a
profit impossible, but that anticipat-
ing the opening of the railroad the
creamery is content to pocket a loss
in order to secure a foothold.—

A 700-acre ranch—600 acres bet-
tom—on the south side of the
Umpqua River (Douglas County),
always green. As for transporta-

ranch. Also President Lovett has
just announced that the Southern

(Saturday's Oregonian.) Proposed
line runs through this ranch. Price
\$50,000; \$10,000 cash; \$10,000 in one

A successful dairyman can make
this pay from 25 to 40 per cent on

SCHOOL CHILDREN.
Your eyes are worth more to you than any book.
Your safety and your success in life depend on your
eyes; therefore, take care of them. Always hold
your head up when you read. Hold your book
fourteen inches from your face. Be sure that the
light is clear and good. Never read with the sun
shining directly on the book. Never face the light
in reading. Let the light come from behind or over
your left shoulder. Avoid books or papers printed
indistinctly or in small type. Rest your eyes by
looking away from the books every few moments.
If in doubt about your eyes consult me. I will tell you
the truth about them and the information will cost you
nothing and you will not be asked to buy.
