The Tillamook Headlight.

Wets Make Offer to Tillamook Lawyer.

The following letter was sent to T. H. Goyme by the "National Model License League." It gives the public an idea of the efforts the Wets are making and the immense sums of money they must be spending to carry things their way.

Mr. T. H. Goyme, Tillamook, Ore.

DEAR SIR: On account of our need for speakers located in all parts of the country, we are endeavoring to secure one attorney in every county in your State, to represent the League in the manner described in the enclosed agreement.

As you will readily see, the only obligations under this agreement to which you will be committed, will be to read carefully the literature with which we will supply you and to furnish us with such information concerning events transpiring in your county as would be of interest to us in the work which we are doing.

For all active services such as the making of speeches, we will pay our regular fees for speakers, which range from twenty-five to fifty dollars per day, according to the nature of the work and the extent of the services rendered.

You can be assured that we will use every effort to make this relationship pay you. If there is an opportunity to make a speech in your county along the lines embraced by our platform, you can be certain that we will call upon you. If any of our members should require the services of an attorney in your county, we will not only recommend, but will urge the employment of you. It is further our aim and intention to send the collections of our members to the attorneys who represent us as soon as we can get your State well organized.

We are enclosing a pamphlet which will give you a slight idea of our principles and hope you will read it carefully before deciding upon this proposition.

Hoping that you will favor us with an answer at your earliest convenience and that if you do not find it possible to sign this agreement you will assist us by suggesting the name of some attorney in your county who might be interested, we beg to remain,

Very truly yours,
National Model License League,
J. M. GILMORE, Pres.

Not Sorry for Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky. "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, laryngitis, asthma, croup, hemorrhages whooping cough or weak lungs. 50c, \$1.00. Trial bottles free. Guaranteed by Chas. I. Clough.

Both peedy and Effective.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." Sold by C. I. Clough.

Fine Dairy Farm.

350 acres, lying 3 miles from Florence, the banking and shipping center of the district, with regular boat to Portland.

130 acres is dyked tide marsh, all in grass and worth \$300 per acre. 41 acres tide marsh in grass and not dyked, worth \$100 per acre. 216 acres rolling bench carries 4 million feet of virgin timber, worth \$6000—at local mills in logs at \$5.00 per thousand. This 216 acres after it is logged, will be worth \$100 per acre for pasture and apple raising. Fresh water fruit stream runs through the tract. Fine building site, but no building. Only 30 minutes by motor boat to bank at Portland boat landing. Good school, church, stores, creamery, mill, etc., near building site. Total present value, \$70,700. I want to sell and will take \$20,000, with \$5,000 cash and balance long time with 6 per cent interest.

GEO. MELVIN MILLER,
Box 35, Eugene, Ore.

Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative powers of Electric Bitters. For a few days he suffered from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only sold at Chas. I. Clough's.

For Circuit Judge, vote for L. H. Van Winkle, of Salem. Qualified by practice and experience. Two to elect. (Paid adv.)

BEALS IS ENDORSED.

A. G. BEALS,

Republican Nominee for Joint Representative for Tillamook and Yamhill Counties.

The only Candidate for this office who has conformed to the Direct Primary Law.

A LETTER

State of Oregon, Hall of Representatives,
Salem, Ore., Oct. 27, 1910.

Dear Sir:

I have been advised that an effort is being made to defeat Hon. Arthur G. Beals for re-election as representative from the joint district consisting of Tillamook and Yamhill counties, but I trust that the effort will be unsuccessful, for Mr. Beals, by reason of his experience as a member of the house during the past two sessions and his industry, integrity and faithful performance of duty, is better qualified to represent your district than any new member, however capable or trustworthy that new member may be. As a member of the last House and Speaker of that body, I was a close observer of the work of Mr. Beals, both on the floor and in the rooms of various committees of which he was a member, and I feel that I am warranted in saying that no man in the legislature represented his constituents more honorably, faithfully and intelligently than he did. He was chairman of the committee on food and dairy products, and was also a member of the committees on Ways and Means, and Assessments and Taxation. These were among the most important committees of the House, and many measures of great importance were constantly referred to them. Mr. Beals gave careful consideration to every question which was presented to the several committees of which he was a member, and was earnest and untiring in his efforts to get at the bottom of every question and to arrive at an intelligent conclusion. On the floor of the house, he was quick and alert in debate, and with the exception of three or four days when he was ill, was always at his post of duty. He voted fairly and intelligently on all questions, and although I disagreed with him in some instances, I know he always done what he thought was right and endeavored, at all times, to represent the people of his district faithfully and unselfishly. His vote could not be controlled or influenced by any political clique or faction, or by any corporation, and it is my belief that no other man in the House was more truly representative of his people than was Mr. Beals.

None of his time was spent in loafing at clubs or in engaging in social frivolities, for he was constantly at his post of duty, either on the floor of the House or in the committee room. I sincerely hope that Mr. Beals will be re-elected. His return to legislature will insure your district of the prestige and influence to which it is justly entitled.

Very respectfully yours,
C. N. McArthur.

A LETTER

Corvallis, Oct. 28, 1910.
Hon. A. G. Beals, Tillamook, Ore.

My Dear Sir:

It is with much pleasure I note the progress of your campaign, and the voters of your legislative district are to be congratulated for their excellent judgment in again nominating you as their representative. It is not in the spirit of flattery when I say that your record as a legislator stands out prominently for the intelligent support given to measures that are of vital interest to the general upholding of this commonwealth.

In other words, you have been weighed in the balance and have been found to be full weight as a legislator. Your experience is a valuable asset and should count for much in your election. It would indeed be unfortunate for your district and the state at large if you are not retained in legislative work when in the zenith of your power.

There are great educational, social and economic problems confronting the welfare of this state and men of ability and legislative experience are demanded to deal correctly with these problems. I sincerely hope the voters of your district will show in the coming election the appreciation of your splendid work and signal ability by giving you the largest majority ever given to a legislative candidate in your district.

BUSINESS MEN WANT NEW CHARTER.

Resolution Adopted at a Special Meeting of the Tillamook Merchants' Protective Association, Held November 1st, 1910.

Whereas, the City of Tillamook is in urgent need of immediate relief to the City Treasury, and crosswalks, street grading, paving, sewers and other needed improvements should at once be undertaken; and

Whereas, it is the judgment of the Tillamook Merchants' Protective Association that there is imperative necessity for immediate action to be taken that the present deplorable condition of the city may be remedied; and

Whereas, there is now before the people of Tillamook City, to be voted on at the ensuing Special City Election on November 7th, 1910, a proposed new City Charter for adoption or rejection; therefore,

Be it resolved by the Tillamook Merchants' Protective Association, that, while we may not all agree as to the wisdom of some of the provisions of said proposed Charter, yet in view of the fact that there is nothing in said proposed Charter that cannot be easily amended if found on trial to be objectionable, and in view of the urgent need of immediate action for the present welfare of the City, we hereby endorse the proposed new City Charter and we urge all voters of Tillamook City to lay aside petty differences of opinion and heartily work and vote together to carry and put into effect the proposed new City Charter.

James Withycombe.

STATE OF OREGON
vs.
H. C. KUNZE,
Second Justice District, Tillamook County, State of Oregon.

In Justice Court, before E. W. Stanley, Justice of the Peace.

BE IT REMEMBERED, that on this 14th day of January, 1910, appeared before me H. C. Kunze, accused of the crime of selling short weight butter.

After hearing complaint read and being apprised of his rights, he pleads guilty.

THEREFORE, I have adjudged that he pay a fine of \$25.00 and costs.

Fine and costs paid as the law directs.
E. W. Stanley,
Justice of the Peace
Second Justice Dist.
pd adv

PERCY R. KELLY,
Of Albany, Ore.,
Republican Candidate for Circuit Judge.

Mr. Kelly is 40 years old and has resided in Albany, Oregon, 33 years. He is a graduate of Albany College, has practiced law more than eighteen years, served as State Senator from Linn county in the sessions of 1898, 1899 and 1901; was chairman of the Judiciary Committee during the session of 1901 and is at this time, City Attorney of Albany.

All voters should remember that there are two Circuit Judges to be elected in the third Judicial District. Vote for two.

Greatest Steal of All.

We do not refer to the sheep stealing trouble in this city, but to the most stupendous steal ever undertaken in America: to illustrate: Suppose one of you dairymen, having a farm worth \$10,000.00 should deposit with the U. S. treasury your warranty deed and receive \$9,500.00 in crisp new bills to be used by you in buying an automobile piano, or another farm, and at the same time have the free use of the farm while your deed remained in Washington. Now wouldn't that be nice? Yes, but you are not a high enough teat puller to be noticed, only National Currency Associations in central reserve cities, of which eleven are formed and four more are about to do so, can have a divy at this graft through the Aldrich-Vreeland currency bill passed by a recent Congress.

This bill provides that banks may take commercial paper—that is, railroad and industrial stocks and bonds—deposit them with the National treasury and be permitted to issue bank notes within 95 per cent of the face value of the securities. The bank notes circulate as money. The banks issuing these notes have the money; but they also own the stocks and bonds, drawing interest or dividends on them. The result is that they are practically given the money free. You no doubt know that a few years ago, stocks and bonds were issued in vast quantities, far beyond the real value behind them.

This issuance of stock was a steal, and the currency bill, permitting the banks to practically duplicate the stock and bond issues, is a duplication of the other steal in its entirety.

But that isn't all. Under the provisions of the law, new stocks and bonds may be issued, and these may be cashed out by the banks, so that it is impossible to tell how many billion dollars are involved in the new steal. This law expires in 1914, in the meantime it will be possible for a comparatively few people to acquire possession of practically all the wealth of the country within a very short time. Much of this paper is already in circulation, some bearing a date long before the enactment of the law authorizing their being placed in circulation. We do not know what security is back of them, whether "U. S. Bonds or other securities", but we do know that while not a legal tender to pay the personal and mortgage notes in Tillamook County, which call for gold coin, they can be used in getting whiskey out of bond in warehouses, and to pay the Government license to sell the same.

MAKING SURE of your ACCOMMODATIONS

IN preparing for a journey the telephone performs a great variety of services. Reservations are made, last directions are given, good-byes are said over the wire.

The Long Distance Service of the Bell System is of special value to the traveller. Sometimes the Bell Telephone makes a trip unnecessary; sometimes it convinces him that a trip would be profitable. Wherever he goes, he feels the need of universal service, and that is Bell Service.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY.

Every Bell Telephone is the Center of the System.
