

The Prize Winners in Our Literary Contest

Are Oscar Aschim, H. C. Hansen and Sylvia Rowe, all of Tillamook, each of whom guessed correctly the author of eight out of the ten quotations. A tie resulting, the first, second and third prizes will be equalled divided among the three, which entitles each of them to \$10.

We congratulate the winners and also those who competed in the contest so favorably, yet without securing prizes. The correct answers will appear in the next issue.

TILLAMOOK COUNTY BANK, TILLAMOOK, OREGON.

GOVERNOR "KNOCKS" TILLAMOOK COUNTY.

Vetoes Small Appropriation for Fair—"Salem Hog" Gets the Taxpayers' Money.

Governor West "knocked" Tillamook County when he vetoed the small appropriation of \$1,500 which the State Legislature approved, to go towards holding a Tillamook County Fair. The bill was introduced by Representative Beals, which we published in full in a previous issue. It was only a small sum to be used for a good purpose, yet the governor vetoed it, and in doing so he "knocked" Tillamook. Mark the contrast. Besides the other exorbitant appropriations for State institutions at Salem, a bill appropriating \$150,000 for additional capitol grounds was railroaded through, and without the least compunction Governor West approved the bill and allowed the "Salem Hogs" to get into the taxpayers' jeans and take the sum of \$150,000 so that someone can make a "graft" out of the deal and Salem beautified at the expense of the rest of the State. The little, insignificant sum of \$800 a year towards a Tillamook County Fair, which this county is denied, will be insufficient to keep the capitol grounds in order.

Governor West has land to sell near the capitol buildings, which he is willing that the State Board should place a value upon. The governor and Treasurer Kay are the whole thing on that board, which gives the taxpayers some idea how that bill passed the legislature and received the governor's approval.

Great is the "Salem Hog" in Oregon! It is so greedy and gluttonous that there is not much show for a county like Tillamook getting a smell. And the Governor helped the "Salem Hog" and "knocked" Tillamook, which we hope the people of this county will long remember.

Miss Jones Arrived. Miss Jones, of Chicago, arrived on the boat Wednesday to take charge of the millinery department at the Hailton Store. Miss Jones brings to Tillamook a thorough knowledge of all the new in hatdom that Dame Fashion approves of for spring and summer, and Mr. Hailton considers himself very fortunate in securing one so high in the art of the millinery world. In conversation to-day Miss Jones remarked: "I hardly knew why I left the windy city (Chicago) to come to Tillamook for the blow is great the same here, look at those snow capped mountains over there—and tell me—do you think the ladies will approve of my Paris, English and home pattern hats I have brought with me? The people seem so generously good, one feels at home after the first foot step in Tillamook and I know I shall like your little town."
