

SCHOOL DISTRICT HAD A MEETING.

Large Attendance of Those Interested in New Buildings.

A very interesting meeting of the voters of this school district was held in the assembly hall of the High School building Friday afternoon, there being many lively discussions.

After G. B. Lamb, chairman of the board of directors, called the body of about seventy voters to order, he had the call read and the needs of the school explained by H. T. Botts and W. C. King, the subject of purchasing a new tract of land for school purpose was left open for discussion.

W. C. King stated that the district had an option on some land belonging to W. H. Eberman, lying next to the play grounds, at the rate of \$1000 per acre, also one block, north of Stillwell Park and belonging to Gifford Stilwell for \$1200.

According to a report of the school clerk, Alva Finley, it was found that there were \$6,220 back on the old school bonds, which were being paid off as fast as they came due, that there were warrants amounting to \$2,825.70, and that the school received \$3,000 per year from the state school fund, beside the other funds. The cost of running the school the past year, it was found, was \$8,155, leaving the district in good financial standing at the close of the year.

W. Holmes wishing to bring matters to some definite standing, made a motion that the Board be given the authority to purchase the Stilwell block, 210 feet square for \$1,200; it being seconded by W. C. King.

John Harter, thinking it more advisable made an amendment to the motion to the effect that the Board be allowed to use their discretion in buying the property, which amendment was accepted by Mr. Holmes.

The question was then put before the house and voted on by acclamation, every vote being an aye. After the motion was declared carried, some of those who came to the meeting merely to knock, and who were afraid to make known their desires before the public, demanded that the right to vote by ballot be granted them. This was done, in order to make no fuss, and when the votes were counted by the tellers, Ralph Moore, C. M. Vidito and A. M. Austin, there were found 41 ayes and 23 noes.

The question was then discussed concerning the purchasing of land in the east part of the city, when John Harter then made a motion which was seconded by Chas. Reynolds to build one building on one of the sites, however, an amendment was made by Thos. Goynes to the effect that the school house be built on the tract in the west part of town, which was seconded by M. F. Leach and accepted by Mr. Harter. Upon being put before the house it was passed by seven majority.

Those who took most interest in affairs were: Webster Holmes, John Harter, C. N. Drew, the teachers, and Board of Directors.

It is expected that some definite plans will be reached soon by the Board as a new school house will be required for next fall.

Mr. King stated that there was one block, of twenty-two lots, for \$2,500, or one common sized block for \$2,700 which could be purchased. I. J. Goynes made a motion to purchase not less than one acre of land in the East part of town, which was seconded by Carl Kunkdon. The question was voted on with the result of 42 ayes and 25 noes.

The next question of importance was that of building a new school house. To this Mr. Holmes made a motion that the Board build one or two buildings on either one or both of the tracts according to the needs of the district. The motion was seconded by A. M. Austin and when put before the house it was defeated by one majority, because a large member of the "pushers" had left and many of those present did not understand the question.

TEACHERS' INSTITUTE.

Interesting and Profitable Meeting of Pedagogues.

The Teachers' Institute, which has been in session the past week at the High School building, adjourned Wednesday evening after one of the most interesting sessions ever held in this county.

The home instructors, Prof. R. U. Moore, Mrs. E. Hansen, of Tillamook; Prof. Stroud, of Bay City, and Prof. Goldsworthy, assisted I. J. Gary, Supt. of Schools in Clackamas County; C. H. Jones, editor of the "Oregon Teacher's Monthly," and Miss Flora E. Baldwin, of Eugene, in the work of instructing.

Of the fifty-one teachers who were registered, there is not one but what will say that Prof. Gary is one of the most agreeable and most instructive personages that they ever met. He does not, like some, try to use many large words, and give a lot of theory which cannot be put into practice, but talks in a plain way that every one can understand, and only tells of such things which have been tried and found successful.

Either of the talks, "The Teacher, Who is She?" or "Opportunity," which Prof. Gary gave, are worth a half-dollar any time to hear. These two together with the talk on "The Country Life Movement," are full of such instruction as not only teachers should have, but also all classes of people.

Prof. Gary has much faith in the coming generation and feels that many changes will come about during their time. He stated during his talk on "Opportunity" that "young men and women who are living to-day will see the time when the whole world will be ruled by one great court, the head of which undoubtedly will be an American born citizen."

Miss F. E. Baldwin showed to a remarkable extent her ability to handle children. She is well versed on elocution and physical exercises.

C. H. Jones, who conducted the question box, explained the new school laws and gave a talk on the uses of Indian legends is always welcomed as promoter of better educational facilities.

Many of the High School Students took advantage of this opportunity and attended as many of the sessions as possible.

Tuesday evening the Tillamook County teachers enjoyed several readings given by Miss F. E. Baldwin and also a musical program at the Christian church. The building was packed and from the applause, we judge that everything was enjoyed to the fullest extent.

Prof. F. E. Gary's talk on "Boys" won a place in every one's heart, while the talk of Chas. Jones and the readings of Miss Baldwin were enjoyed by all.

Of the music, the Mandolin and Guitar duets by Dr. and Mrs. Monk were enjoyed the most.

Ex-Commissioner "Comes Back" at Bro. Effenberger.

Dear Sir,—In the last Enterprise we are told that the hamlet by the Hoquarton Slough is not the whole of Tillamook County. Alright, neither is the Enterprise the whole of the Nehalem country. It is not the sentiment of this community to call the people of Tillamook hogs, etc. He says the Tillamook hogs got our road money in 1905. Now the fact is, that money was all spent in this district, and I think about \$300 more than was raised in the district. During the time I was commissioner, this district got practically all the road money that was raised in the district and I think we have fared as well since. I don't think the people of Tillamook want any of our money.

Yours respectfully,
GEORGE LOERPABEL,
Nehalem, Mar. 27.

A Tribute to John Hickey.

Editor Tillamook Headlight:
Dear Sir,—At this time I cannot refrain from offering a tribute to the memory of John Hickey, by whose death Tillamook County has lost one of its best citizens, and the writer and his family one of the most faithful friends it could be possible for any one to have.

John Hickey was born in Canada on June 24, 1844, and came to Tillamook County in July, 1884. Since that time he has been my neighbor and friend in the truest sense of the word. Of rough and rugged exterior, he was a man of absolute integrity, one of nature's noblemen, outspoken in his opinions and without deceit or guile.

Handicapped as he was by the lack of school education, he was a natural engineer and built some of the best roads in Tillamook County, setting a mark in road building which nearly every road supervisor has tried to follow.

W. H. HOSKINS AND FAMILY,
Tillamook, Oregon, April 4, 1911.

Presbyterian Church.

Bible School 10 a. m.
Morning worship 11 a. m.
Christian Endeavor 6:45 p. m.
Evening worship 7:30.

The sacrament of the Lord's Supper will be observed in the morning and all the members and friends of the church are earnestly requested to be present. Subject of sermon for the morning will be "The Lamb of God" and for the evening "Christ is King."
S. G. FINNEY, Pastor.

Church of Christ.

Much interest has been manifested in the address on Ideals for Young People. The last of the series will be given next Lord's day evening, the subject to be: "The Ideal Church." The morning services are planned to be of special help to Christians. The minister has just started a series of sermons on "The Fruit of the Spirit." The Bible school is doing well. By next Lord's day we hope to have the church curtailed off for the different classes, thus enabling us to do better work. This is a personal invitation to you to attend all the services.

Farmers Attention.

I will shoe your horses for \$1.50 a piece, four new shoes. Other job work in same proportion. At the Larson Blacksmith Shop.—Grant Thayer.

Baby Chicks.

If you want some baby chicks, thoroughbreds to raise as fall layers see Dr. Morris. He can furnish the chicks and tell you how to raise them without the hen. Order them now.

Go to F. S. Whitehouse & Son the leading agents, for Bond, Accident and Fire Insurance, as they write more than three-quarters of the insurance written in Tillamook County, because they are better equipped than any one else in the business.

To Rent, Dairy Ranch.

CITY MILK ROUTE.
212 Acres, 40 Cows,
16 Heifers.

We have a 4 year lease on a 212 acre Columbia River bottom dairy ranch, all stock, implements, crops, in fact everything but the bare place included at the price \$4,600; part cash.

Only 9 miles from Portland, 2 miles from Vancouver, where a milk route is operated in connection with this dairy, or boat landing on the place from which milk may be shipped daily to Portland.

40 Cows, 16 Heifers, this is a fine selected herd of cows and 8 heifers coming fresh, 22 pigs, 4 horses, 70 chickens, 4 sets of harness, milk wagon, 2 farm wagons, 2 light wagons, 2 plows, harrow, cultivators, mower, 2 hay rakes, disc, cider press, separator, milk bottles and cans, milk route to Portland. All farm tools. Milk tank and cooler and numerous other dairy appliances.

There are 50 acres in crop of which 27 acres is well set to alfalfa which cuts three crops to the year, 5 acres vetch, balance in spring oats, clover and timothy. 2 acres bearing orchard which nets a good income.

Fair 8 room house, 3 good barns, all necessary outbuildings, abundance of water, only 2 miles from the city, enough wood cut for 2 years.

A sudden dissolution of a partnership throws this unusual proposition on the market at a snap price. We have it for sale until April 15. Next six months' rent \$90 a month; \$125 per month thereafter.

If you are interested, phone Main 7141, Portland, at once.

RALPH ACKLEY,
605 Corbett Building,
Portland, Ore.

High School Jottings.

School was dismissed Friday afternoon at three o'clock to give place for the school meeting which was held for the purpose of voting upon the proposition of buying property and building a new school house, was manifest in the matter and a great deal of debate was indulged in a full account of the meeting is given in another place.

The Emersonians will give their monthly program next Friday. A very interesting program is expected.

Friday afternoon a spelling was held between the pupils of the seventh and eighth grades. Much interest was shown in the match, which caused much studying of the speller. The eighth grade spellers won out in the end, they having eight standing, while only one of the others were left.

Prof. Baker left hurriedly for the valley, Thursday morning. He visited among other leading cities, Corvallis, where he had business in connection with school work, returning Wednesday morning.

A letter was received by one of the leading Ciceronians, some time ago, from Prof. Rutherford stating that he had a very handsome painting, the "Angelus," which he had secured to give the Ciceronian Literary Society as a reward for the manner in which they carried their society work on to victory. The picture will be sent in from McMinnville as soon as proper means can be found for sending it without breakage.

Because of the Teachers' Institute no school was held during the first three days of the week. Some of the students have been deriving good from the work by attending the institute. However, the majority of students have been enjoying themselves the best they could.

Last week the pupils of the eighth grade room indulged in a general debate on the subject. Resolved: "That the U. S. should interfere with the war in Mexico." Thos. Coates, Jr., led the affirmative, and Helen Stam the negative. The affirmative side winning by decision.

The class debate that have been held in the different rooms are showing up fine material and we do not think that there is any need worrying about the future of our debating team when such people as Capt. Handley, of the seventh grade, and Thos. Coates, Jr., and Helen Stam, of the eighth grade, are ready to take the places of those who drop out.

According to present preparations the T.H.S. Dramatic Club will give their heart splitting, soul stirring entertainment at the I.O.O.F. Hall, in Bay City, next Saturday night. The troupe will go to Bay City by the Henrietta No. 2, arriving at that place at about 7:00 p.m.

There seems to be a lack of interest shown in school affairs by some of the town people this year. The school has received no visits by any of the Board of Directors, we believe, and no fire drills have been held yet.

Notice.

Cheese maker wanted at Netarts Creamery. For particulars see on write Carl Haberlach, Secretary of Netarts Creamery, on Charles Lee of Netarts.

Ship By the Anvil.

The Twin Screw ship Anvil is now making regular runs to this port from Portland, with passengers and freight.

She is under good clean management, and the patronage of the public is solicited, and courteous treatment will be shown to one and all.

Have your shipments consigned care Str. Anvil, Albers Dock No. 3, Portland, Ore. For information inquire of D. L. Shrode, Tillamook, Or.

Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c. at Chas. I. Clough's drug store.

Midnight in The Ozarks

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes "for it made a new man of me, so that I can now do good work again." For all lung disease, cough, colds, lagrippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, it's the best known remedy. Price 50c. and \$1.00. Trial bottle free. Guaranteed by Chas. I. Clough.
