"I called at the Tillamook County Bank today and introduced myself to the cashier. When I told him I wanted to know more about a savings account I found him very ready to explain it all to me.

"Its a very simple matter and I had supposed it would mean a great amount of trouble and red tape.

"It was so easy I took a dollar out of my pocket (I will not miss it) and opened an account right there. They took my signature and address and gave me my bank book.

"I felt backward when I went in but when I came out it seemed to me I actually had an interest in that Bank."
