Marriages were more numerous the past week than usual, licenses being issued to Frank Kitchen and Nellie L. Davis; E. B. Gresham and Anna A. Tohl; Christian G. Nelson and Kathrine Knudson; George Gassen and Stella Bennett; Earle D. Curtis and L. M. Watt, of Bay City.

47 acres of the Moroney place, fronting on Garibaldi beach, on Lake Lytle, Moroney's Canal and Maniattan and the railroad, for sale in tracts not less than half acre, nor more than 5 acres to any one person at one-half the going prices.—M. MORONEY, Garibaldi, Oregon.

W. J. Grier, H. E. Starr and G. J. Shephard, of Falls City, also F. S. Belcher, of Portland, owners of the Falls City Lumber Mills, of Falls City, have been in this city the past week. They have been looking over the timber owned by the company in this county and will leave for their homes the last of the week.

Stanley Coates, who has been engaged by the P. R. & N. Co. during the past two years as a surveyor and who is well known in this city, was married to Miss Pearl Lister in Spokane, Wash., Monday evening. Mr. Coates, who is a nephew of Thos. Coates, will bring his bride to this city to live, the first of next week.

Rev. P. O. Bonebrake, D.D., Superintendent of the Oregon Conference, United Brethren in Christ, will conduct a week's special evangelistic meeting beginning next Monday evening. Dr. Bonebrake is a prominent member of the State Legislature, a strong man and an excellent preacher. Come and hear him.

Services at the United Brethren Church will be as follows next Sunday: The Bible School at 10 a.m. and the morning sermon at 11 a.m. The evening service will be in union with the other churches at the M.E. Church. Rev. Davidson, of Portland, representing the Pacific Coast Rescue Work, will address the Union Meeting.

A boy by the name of Collier met with a serious accident which may deprive him of his eyesight. He was setting off a giant fire cracker at Beaver on Thursday, when it exploded in the boy's face. His face and eyes are badly injured and he cannot see. Dr. Boals has him under his care in this city. The boy is eleven years of age.

A good deal of time was consumed on Thursday by the County Court in considering the petition for a saloon license at Garibaldi by J. J. McCormick, owing to a remonstrance being filed, which bore several names which appeared on the petition. The remonstrance ap-

pearing to have more names, the court refused to grant the license.

Five gasoline launches, which left Bayocean after midnight on Tuesday, stuck on the mudflats and at the Bay City cut off, and they, with the passengers on board had to remain for four to five hours, the Henrietta No. 2 reaching this city at six o'clock. Captain Jenkins is trying to figure, after a strenuous day of boating on the bay all day Tuesday without accident, who was the Jonah on board on the last trip.

R. H. Todd, who has been managing the Todd Hotel of this city since its opening about a year ago, will leave this city in about two weeks for Seattle where he expects to reside. P. W. Todd, proprietor of the hotel, has taken the management, and his family have moved to this city from San Jose. R. H. Todd and family will spend two weeks at Bayocean before leaving for Seattle.

The passengers who come in on the Golden Gate Thursday were: Clara Falkner, Frelign Falkner, J. O. Macaulay, Mr. Cook, Mr. Andrews, C. R. Curtis, R. H. Reid, Tom McKittrick, Mrs. Severance and children, Mrs. Hughes, Wm. Ruddle, Mrs. C. A. Brady, Frank Barton, Mrs. H. J. Eggleston and children, Mr. Delvalle, Mr. Raker and several others.

The Golden Gate brought in the following passengers on Sunday: E. M. Rhodes, E. Anneson, G. Paulson, Chas. Paulson, T. Sogdson, Mrs. W. H. Gilmore, Mrs. Della Hawkins, Mrs. M. A. Flaherty and daughter, Wallace Turner, N. J. Hudleston and wife and children, Mrs. Nolath and son, Mrs. L. Neff and son, Chas. Gatset, Fred Gatset, Chas. Osborn, S. G. McKee, Miss Keen, Bath Ordy, Easler Ordy, C. Peter.

Married, on Saturday evening, at the home of Mr. and Mrs. W. A. Williams, in this city, Mr. Geo. Gassen and Mrs. Stella Bennett. The ceremony was performed by Rev. D. L. Shrode in the presence of a few relatives. They will make their home in Wisconsin, where Mr. Gassen will take charge of his father's farm. They left for their new home Sunday, carrying with them the best wishes of their friends for their future happiness.

The new gasoline boat Tillamook, which was built by Kruse & Banks, at North Bend, was launched at Marshfield, last Thursday. Miss Alice Dean, of Astoria, and daughter of one of the part owners of the boat, christened her. The Tillamook is a finely-built boat, 124 feet long. She will be used by the Nehalem & South Coast Trading Company. As soon as the gasoline engines are installed the boat will be taken north.

Wm. H. Easter, of Dolph, and J. D. Belt, of Willamina, were arrested on complaint of Constable Mil-

ler, of Willamina, charged of selling liquor in violation of the local option law. Easter pleaded guilty and was fined \$200 by Justice Hopfield. The twenty day jail sentence was suspended. Mr. Belt pleaded not guilty and secured a trial Thursday, where he was found guilty. The case was appealed to the September term of Circuit Court.—Telephone Register.

The Board of County Commissioners is in session and it is expected that the question as to whether to suspend all new road work will be considered, owing to the many unjust and unreasonable complaints which have got started by a few agitators, and for the further reason that some person may start suit to enjoin the county treasurer from paying warrants over the sum of \$5,000, which is practically the legal amount for which the county can go into debt.

L. G. Freeman came in from Corvallis on Sunday, and reports the marriage of his daughter, Miss Ida Freeman, to Preston Tunell, of Roseburg, on the 14th June. Mr. Freeman is wanting to dispose of his farm on the Wilson river as a whole or in small tracts, having reduced to what he was previously holding it, as he considers that land is held and assessed too high in this county. Mr. Freeman expects to leave for Corvallis the early part of next week.

The beautiful warm growing weather, after the rain of last week, proved a great benefit to this county. Although at first it was thought it would not help the grass, there have been a wonderful growth this week, which will greatly increase the hay crop. Several showers of rain have fallen this week, and on Thursday night the rainfall was heavy. Although the East and the Middle West is being cooked with the heat, the weather in Tillamook is cool and refreshing.

Webb Elliott, son of Geo. Elliott, made a poor job trying to take his life at Bayocean on Tuesday. He was in the launch at the dock, and having had some words with a woman about drink, he, in a passion of anger, took a revolver from his pocket and shot himself in the mouth, which did not have the desired effect. At first it was thought that he would not recover, as he was bleeding quite freely. He was hurried to Bay City, where Drs. Hawk and Smith extracted the bullet from the ear and attended to the wounds, which were not considered serious.

The Fourth of July passed off quietly in this city, there being an exodus of persons who either took the excursion on the railroad to Nehalem, celebrated at Bay City, or went to Bayocean. The train was crowded which went as far as the Salmonberry country, or as far as the rails were laid on the road and all report having a good trip. There was a large attendance at the celebration at Bay City, and the boats were kept busy taking passengers to Bayocean. The weather was beautifully fine all day, but on the bay there was a strong wind and a choppy sea.

A very unique piece of window decorating may be seen at McNair & Co.'s hardware window in the way of an imitation battleship. Although decorating a hardware window is considered a hard piece of work, yet Mr. Albert Plank, Mr. McNair's head salesman and decorator, through the use of his rare genius and taste in this line, has always managed to keep a neat and attractive window. The present attraction is made with two cross cut saws for sides, spools of wire for masts, tie chains for rigging, hose nozzels for guns and many other little articles which shows the use of judgment in the matter of advertising. The boat is floating in a sea of nails.

Sheriff Crenshaw caused some little excitement at the Golden Gate dock last week while the boat was in by a short interview which he had with a man named Ben Comer, who works as a longshoreman at the Golden Gate and Lamb's Docks. It seems that Comer had borrowed some money from the Sheriff over a year ago, promising at that time to pay it back in a few days. The Sheriff let the matter go until some queer actions of Comer's made Mr. Crenshaw feel the need of speedy action, which resulted in a demand for direct payment of the debt. Mr. Comer has also issued a number of checks in payment of his debts lately, payable at the Tillamook County Bank, when in fact he has no funds in the bank and never has had any there.

O. G. Parker, who has been doing a tanning business, sold his entire stock and trade to the Plasker Bros., plumbers and tanners of this city, Thursday afternoon. Mr. Parker will leave with his family in about one week for Riddell, Douglass Co., Oregon, where he has a fine forty acre fruit farm. Mr. Parker intends to engage in the raising of apples

I know the best paint to use

Says the Little Paint Man.

For the man who is about to paint his home or other buildings there is the choice of three materials:

Cheap Mixed Paint Hand-mixed Lead and Oil
Good Prepared Paint, such as SWP

There is so much controversy about which is the best to use that it is hard for anyone not a paint expert to arrive at a decision. Here it is in a nutshell.

Cheap mixed paint is a poor buy—it's cheap, it's shoddy, it won't wear or give satisfaction. So it isn't worth considering.

Hand-mixed lead and oil is good as far as it goes, but it is impossible for anyone with a paddle and bucket and working by rule of thumb to make as good a paint as that which is worked out on a strictly scientific formula and mixed and ground by powerful machinery.

Good prepared paint, such as Sherwin-Williams Paint (SWP), will give the best of results. It is made of Pure Lead, Pure Zinc, Pure Linseed Oil and the necessary coloring pigments and driers, all combined according to exact scientific formula, the result of over 40 years' experience in paint making, and mixed and ground by powerful machinery designed especially for the purpose. The result is a paint that covers most surface and wears longest.

as a main crop, although he will grow some fruit of other kinds. Mr. Parker's departure from our midst will be a severe loss to this county, as he is considered one of the best tanners on this coast and a man who thoroughly understands his business. The Plasker Bros. are arranging their business at present in order to take over Mr. Parker's trade and they will endeavor to give thorough satisfaction to all customers of both places.

S. O. Wicklund, father of Gus Wicklund, died at Sellwood, Ore., the 22nd June, aged 81 years, and his remains were buried at Clarkamas the following Sunday. The deceased was one of the old settlers of Tillamook County, coming here from Sweden in 1882, when he bought 160 acres of river bottom land for \$600. At that time they did their trading at Hobsonville, as there was no road north of this city. They had to follow a trail up the Wilson river by Jenkins' to get to Tillamook City, which was a very small place at that time. The deceased left this county about 9 years ago, and located at Clackamas. He had been married three times. Gus Wicklund was with his father when he died, and returned home last week.

A complete change was made in the Clough drug store, as regards help, the first of the month. Mr. Jess O'Neal, who has been with Mr. Clough for the past years, left the first of the month for Canyonville, where he will go into the drug business for himself. Ralph Cody, a graduate of the O. A. C. Pharmacy course in the class of '08, has taken Mr. O'Neal's place as prescription expert. Since graduation Mr. Cody has been working for the Woodard Clark Drug Co. of Portland except one year, which he spent in Baker City. Wm. Burdick, who has been with Mr. Clough for the past three years, resigned his position as apprentice clerk in order to prepare for school next fall and in his place Mr. Clough has placed Thaua Honey. Mr. Clough engaged the services of Mr. Cody after a very careful investigation, and he comes to this city with the best of recommendations.

John Bolin and John Cook, a bartender, hired a buggy and team from Dawson Bros. livery barn to go fishing up the Trask river on Sunday. When returning in the evening, and when near the Wilks' place, where the road is somewhat narrow, the team, for some unexplained reason, went over the grade and down the bank over 60 feet, carrying the buggy with it. Bolin and Cook claimed that they jumped from the buggy, and fortunately escaped from the mix up without injury. One horse was killed and the other is so badly injured that it is practically useless. Dr. Reedy was sent for and Art Case took him to the scene of the accident in post haste, and the doctor brought the injured animal to the city. Dawson Bros. team was perfectly gentle, and it looks surprising how Bolin and Cook escaped from the buggy, as it must have gone down the steep bank with a crash after it went off the grade. The damages are estimated at over \$400.

Deputy District Attorney Willett was greatly surprised when it became known that Judge Galloway had allowed to be filed an amended motion for a new trial in the Henry McKinley case without giving the prosecution the opportunity to argue it, and, it is claimed, the judge had no jurisdiction. He also extended the time to the 13th November for the defence to file a bill of exceptions to the motion of appeal to the supreme court. It will be remem-

bered that Judge Galloway became quite indignant at the April term of court in the tactics to prevent the case from going to trial, and the pertinent remarks he made when it was discovered that one of the witnesses had been spirited away. And what makes it more surprising in Judge Galloway is that he overruled one motion for a new trial at the April term, and he has now unwittingly fallen into a trap that was laid for him to help delay this case with technicalities. Finding that Governor West would not pardon McKinley, these new tactics had to be resorted to, and the judge is open to criticism for what is believed to be a change of front.

Miss Jessie A. Donaldson has just arrived home to spend her vacation with her parents. She spent the fall and winter with her sister at Grants Pass, and in February started to the Portland Business College, at Portland, Ore. During her stay in Portland she made her home with Mr. and Mrs. B. A. Mitchell. Mr. Mitchell is a very prominent man in the Y.M.C.A. Miss Donaldson is very glad to get back with her friends, as she has been away for nearly a year. Miss Donaldson was a very studious young lady at college and will be greatly missed, not only at college, but by Portland's society circles for she was very prominent. She intends to return to Portland early in the fall and finish her course at college, which is one month, and she will make her home in Portland the remainder of the winter. During her stay in Tillamook she invites all of her friends to call.

A very pretty wedding was solemnized at the home of Carl Knudson in this city on Sunday afternoon, when Mr. Christian G. Neilson and Miss Katherine Knudson were pronounced man and wife by the Rev. B. E. Emerick, of the U. B. Church of this city. Both the bride and groom are lately from Denmark, they having been in this country but 11 months. The bride is a sister to Carl Knudson, of the Jones & Knudson Furniture Co. of this city. Mr. Neilson owns property North of town and is at present following the occupation of cheese making at the Maple Leaf Creamery. After the ceremony a sumptuous wedding dinner was served by Mr. and Mrs. Knudson. The invited guests were Mr. and Mrs. John Jones, Mr. and Mrs. Andrew Christensen, I. F. Larsen, Mr. and Mrs. Peter Heisel, Mr. and Mrs. Guy Ford, Mr. and Mrs. John Erickson, Mr. and Mrs. Adolph Erickson and Mrs. Emerick. The happy couple will make their home in the neat little cottage built in the Goldenvalle district and they have the congratulations and best wishes of their many friends for a long life of happiness.

Oregonian, June 29, 1911:
Arrangements have been made to establish a temporary service between Tillamook and Mohler, 25 miles east, by August 1 or earlier. Two locomotives for use on this end of the line have arrived in Portland and will be conveyed to Tillamook by water, arriving there early next week. First-class coaches also have been provided and will be pressed into service on that portion of the road.

MRS. JAS. HUGHEY DEAD
Pioneer Lady Passes Quietly
Away In Her Sleep

Mrs. Myra Elizabeth Hughey, wife of James Hughey, passed away some time Wednesday morning, for when her husband undertook to wake her that morning much to his surprise, he found her dead in bed.

Deceased was born on June 11, 1881 in Abingdon, Knox County, Ill., and with her parents crossed the plains in 1882 and settled where the city of Salem now stands. In 1884 they removed to Tillamook county, which at that time contained only three white families and several bachelors and a good many Indians. In 1891 the deceased was married to James Hughey, with whom she lived at their home at Fairview until the time of her death July 5th.

Her maiden name was Myra Elizabeth Smith, being a daughter of Hiram Smith. Deceased leaves besides her husband, two sisters, four brothers and other relatives.

The funeral took place on Thursday at Fairview, there being a large attendance of neighbors and friends who attended to pay the last token of respect to the pioneer woman and to show their sympathy to the sorrowing relatives.

Mrs. Hughey was one of the pioneer women whose name will always be associated with the home building of the west. To her is due the distinction of being the first white woman to settle along the Nestor river, hitherto invaded only by a few straggling members of the persuasion, and the waters of which still rippled under the canoe, placid blanketed braves, canoeing behind their copper colored faces, and their streamer opposition to the supplanting of the wigwam by the log huts of the white people.

1740. 1911.
The Coffee Pot Bank. The Up to the Minute Bank.

The savings idea is just as worthy, just as necessary to business success to-day as it was in 1740, but the methods have advanced during that time.

We now have the most modern savings convenience invented and respectfully invite the people of Tillamook County to call and see them.

In brief, let us tell you that it is a small **HOME SAVINGS BANK** which registers, or indicates, at all times, **THE EXACT AMOUNT OF MONEY** which has been placed in it.

The amount of money is plainly shown at all times, the amount of each kind of coin—Nickles, dimes, quarters and so on.

The thing that stimulates saving is to see the amount grow, to see it every day, right before your eyes. With one of our new banks this feature is the big thing and these banks have proven very popular wherever they have been placed.

GET ONE THE FIRST TIME YOU ARE IN TOWN, especially if you have children, for you know the adage, "as the twig is bent, so is the tree inclined," and the children will take unusual interest in these banks because **THEY ARE SOMETHING NEW AND UNIQUE.**

THEY ARE to be had **FREE** for we loan them to anyone who starts an account of \$1 or more.
