The Savings Book.

"A letter came this morning and brought me the five I loaned my friend. I hadn't expected it so soon. Did I spend the five? Not on your life. I went over and made my second deposit in the Tillamook County Bank.

"They had me endorse the five dollar draft and gave me credit on my book, which now shows a balance of \$6.00.

"I find I can deposit any amount and whenever I care to. And, too, I can withdraw any or all of what I have deposited on short notice when I want it.

"I will surely save ten dollars next month."

The Tillamook people seem to be taking advantage of the train service between this city and Nehalem at present. On Sunday a large number of people went to the Nehalem country on an excursion and beside a large number who were over come by heat, Dr. Sharp was nearly drowned while swimming.

Several of the parties who signed the petition asking that a receiver be appointed for the T. B. Potter Realty Co. were at Bayocean from Salem over Sunday, and we understand that they were well satisfied with the improvements there and expressed sorrow at being drawn

into the suit by some unscrupulous persons.

It appears that Oak Nolan, who is now attorney for Henry McKinley, misrepresented matters to Judge Galloway in stating that District Attorney McNary had agreed to a motion for a new trial, when, in fact, all that the district attorney had done was to acknowledge service of papers, and under the misrepresentation Judge Galloway, without looking over the papers, signed them.

A motion was filed for a new trial in the Henry McKinley case on Wednesday, and the grounds for doing so are alleged to be irregularity in the proceedings of the court, jury and adverse party by which the defendant was prevented from having a fair trial; misconduct of the jury and plaintiff; newly discovered evidence; that the verdict was influenced by passion and prejudice of the jury and insufficiency of evidence.

Some surprise was caused in this city that President Gray and party did not go to Bay City, but hiked off to Bayocean and took a lively interest in the south side of the bay, after the great big boosting the Oregonian's railroad reporter have been giving the city on the bay of late. The bay is a big place and it is not surprising that railroad interests should be looking over the situation, for the south, or Sturgeon's, channel is known to be the best channel to improve in the bay.

Sheriff Crenshaw said that he was at Bay City yesterday, and a man there bought a ticket to go on the train. The train pulled in and pulled out, but the man made no effort to get on the car. When asked why he did not go on the train, the man innocently remarked, "Why, they didn't put out a gang plank so that a fellow could get on." This is a good one on Tillamookers, who have been educated so long to walking a gang plank when they go on a journey that one individual thought it was customary to have a gang plank to get on the cars.

If you are contemplating getting in on the ground floor and making an investment or starting a business at Mohler and live a distance from Tillamook City, you can be reliably informed as to the wonderful resources of the Nehalem country and its bearing upon Mohler, the commercial center, by conferring with the following gentlemen, who have visited the place, A. H. Ruger, Neskwim; John Weiss, Meda; D. T. Edmunds, Pacific City; W. N. Bays, Beaver; R. C. Magarrell, Blaine; E. G. Anderson, Hemlock.

Misses Ollie Case and Helen Case returned to this city Saturday in company with Mr. George Evens, of Portland, and Mr. H. J. Meiring, of Salem, friends of Mr. Case's family, coming in from Portland with Art Case. Miss Case has been spending the spring months visiting in Salem, Portland, where she acted as queen of the Tillamook Float during the Rose Festival and Long Beach. Miss Helen, who returned with her, has been at Long Beach since the close of school. Miss Case expects to remain in this city with her parents, Mr. and Mrs. A. K. Case, during the summer months.

A. J. Smith, a prominent hardware lumberman of Decatur, Indiana, together with his family, have been visiting at the home of Mr. John Harter in this city for the past week. Mr. Smith and Mr. Harter were old school mates when boys and have not seen each other for thirty years, except when Mr. Harter was east last fall. Mr. Smith and family left Indiana the 5th of June, came west by the Sante Fe Line, have been visiting the important places from Los Angeles on up the coast and will return to their home by the Northern route. They left this city Wednesday and expect to be on their journey two months.

A thing which might have been a very serious accident happened Monday afternoon at Lamar's corner, when Chester Ball, a chauffeur from Portland, who has been causing considerable trouble in this city the past two weeks, came within a few inches of running over Mrs. Frank Hadley. Mrs. Hadley was crossing the street and when about half way across she saw young Ball coming toward her at fully five times the speed limit for cars moving toward cross walks upon which there are people. She saw that she could not make it across so she stepped back and by young Ball throwing on the emergency brake Mrs. Hadley had time to escape being run over. How-

1740. The Coffee Pot Bank. 1911. The Up to the Minute Bank.

The savings idea is just as worthy, just as necessary to business success to-day as it was in 1740, but the methods have advanced during that time.

We now have the most modern savings convenience invented and respectfully invite the people of Tillamook County to call and see them.

In brief, let us tell you that it is a small HOME SAVINGS BANK which registers, or indicates, at all times, THE EXACT AMOUNT OF MONEY which has been placed in it.

The amount of money is plainly shown at all times, the amount of each kind of coin--Nickles, dimes, quarters and so on.

The thing that stimulates saving is to see the amount grow, to see it every day, right before your eyes. With one of our new banks this feature is the big thing and these banks have proven very popular wherever they have been placed.

GET ONE THE FIRST TIME YOU ARE IN TOWN, especially if you have children, for you know the adage, "as the twig is bent, so is the tree inclined," and the children will take unusual interest in these banks because THEY ARE SOMETHING NEW AND UNIQUE.

THEY ARE to be had FREE for we loan them to anyone who starts an account of \$1 or more.

ever, the car was going at such speed that it slid over the walk in front of Mrs. Hadley.

Rollie Watson and a friend of his were swimming in the Nehalem river, at the mouth of the Salmonberry river, and Dr. Sharp thinking that the sport looked good, thought that he would swim for a while in order to cool off. He had been in but a short time when he yelled to Mr. Watson who was down the river from him that unless he was helped, he would drown. A couple of the men on shore went in after him, but could not reach the place where he was until he had sunk the third time. However, one of the men dived down and secured a hold on Mr. Sharp's arm. Tom Johnson took him by the other arm, but all three were helpless until Ed. Laughlin waded out and handing them a long pole, drag all three safely to shore, where they were revived by friends. J. S. Stephens and daughter, Lucile Hughes, were also overcome by the intense heat.
