 Owing to the need of another locomotive to hurry up the work on the railroad, the schedule of the passenger and freight train from this city was changed the first of the week. The case against Axel Nelson, who is charged by Chas. Pike with trespass on enclosed land, which was set for trial this morning, was continued until this afternoon. This is one of the cases growing out of the trouble between the fishermen. *

 Next Sunday will be the last time that Rev. James T. Moore, of the Methodist Church, will deliver a sermon to the people of this city before going to conference.  Warrants were issued on Wednesday for the arrest of H. W. Southmayd, Bert Ray, Eugene C. Barber and Henry Broton, charged with stretching their nets more than one third across Nestucca bay. It seems that the law permits fishermen to stretch their nets across Nestucca river but not entirely across the bay. *
 The fire wardens under the employ of the Whitney Co., Ltd., were discharged from the service Saturday for this year, owing to the inclemency of the weather. Very little trouble has been experienced by the wardens of this county and Chief Forester Munson, of the Whitney Co., is well satisfied with the work done by his men. *
 Although taxpayers who preferred to pay their taxes, one-half at a time, have until Monday, October 1, to pay the last half, there are many people coming in and paying up now. The advertising of the delinquent tax list has proved that it has been a most valuable means of bringing in delinquents and the unpaid tax of 1910 promises to be less than many preceding years. *

 Rev. R. Y. Blalock writes from Condon, Oregon: "We all arrived here Friday, Sept. 1st, and are well to day. We have had some good rains since we came. Had a heavy shower this morning. We like it as well as we expected here, but there is no place like Tillamook County. We have plenty time to write to all our friends that asked us to write, so we thought we could inform all we got here safe by writing to the Headlight."

found that Justice Warran had made a mistake in binding the boy over to the grand jury on account of his age, and he was given a hearing before County Judge Mason on Saturday, who ordered Davis sent to the reform school, Sheriff Crenshaw taking him there on Monday. *
 A surveying crew have been busy the past week laying out the village of Cloverdale and surveying into small tracts the bottom lands of the Chas. Ray. The land scape artist is among the party and it is proposed to layout the village in a most picturesque manner. There is not the slightest reason why Cloverdale cannot be the prettiest little city in the state, the summer home for many Portland people, and the resort headquarters for autoists to the coast.—Cloverdale Courier. *
 The gasoline schooner Gerald C, when leaving Nestucca Bay on Saturday at noon, was struck by several heavy breakers as she was leaving out, which headed her on to the sand spit where she stranded with a cargo of salmon. There was a heavy sea at the time and she was washed up on the spit high and dry when the tide went out. All the cargo was taken off without injury and the schooner Patsy will take the house moving plant from this city and the Gerald C. will be hauled across the spit. *
 County Surveyor U. G. Jackson left for Tillamook, Saturday, having completed the survey of the Necarney City road, also a preliminary survey of the Neah-kah-nie road to connect with Clatsop. According to their findings it is possible to make a road around the base of Neah-kah-nie Mountain to the county line on a four per cent grade besides shortening the distance considerably. In face of these facts it is not so difficult to build this road as has been expected by the most enthusiastic supporters of this highway.—Nehalem Enterprise.

 Marion Chance is circulating a petition to have the road tax cut down, which, if acted upon by the county court, will mean less road work and no more road improvements for those who are without work and road improvements. On the other hand, it is contended that Fairview and vicinity having had large amounts of money expended in giving that part of the county plenty of good roads and bridges, it would be unfair, when settlers in other parts of the county need some needed road improvements, to deprive them of it by cutting down the tax. Where the settlers have good roads, there are quite a number who are complaining about expending so large sums of money on road improvements, while those living in districts where roads have been neglected, not only favor a 10 mill road tax but some, and quite a number are in favor of bonding the county so that they can enjoy the good roads and fine bridges which have been constructed in the neighborhood of Fairview and the central part of the county. *
 "Repent ye, for the Kingdom of Heaven is at hand."—This constitutes the gospel, the only thing that Christ ever preached or ever authorized any one else to. J. C. Govt.

A large number of the young people of the city went to the home of Mr. and Mrs. Dan Goodspeed north of town Tuesday evening, and spent a few hours of merriment with Cloyd and Eliza Dawson, who left for college Thursday. Mr. Dawson and sister are both graduates of the T.H.S., in the class of '10, and are well known throughout this section. Mr. Dawson will attend school at the U. of O. this year, while Miss Dawson will be at the McMinnville College. Since their graduation from the high school here Miss Dawson has followed the profession of teaching, while her brother has been employed as one of the book-keepers at the Tillamook County Bank. *
 A very pretty wedding took place at the home of Mr. and Mrs. J. W. Jackson, of Portland, Ore., on August 31st, when Miss Elizabeth Terwilliger was married to Raymond E. Jackson, Rev. Father LeMiler officiating. The bride, who is the daughter of the late Joseph Terwilliger, was beautifully gowned in embroidered marquisette over white silk, and the bridesmaid was Miss Eva Wheeler, of Tillamook, who wore pink. The groom was attended by his brother, Earl Jackson, as best man. The wedding march was played by Miss Dorothy Makhester. After the ceremony, which was witnessed by relatives and intimate friends, a delicious luncheon was served. The young couple departed on a wedding trip to California and after their return will be

Report that United Railways Will Commence Work in Few Days.

For several weeks past those who are interested in the building of the United Railways to Tillamook City have been anxiously waiting to hear the announcement that work was to commence, for it had been officially stated that the Tillamook project would be the first work undertaken by the Hill people, and from many other sources it was learned that everything was in readiness and all plans made to commence work at any time. A report was current this morning that work on the road will start in a few days. This information came from parties in Portland, and when the official announcement is made it will be good news for Tillamook county. *
