

BAY CITY ROBBERY.

George Ross Confesses-- Stamps are Found.

George Ross, the cobbler who had a shop opposite the post office, and who was bound over to the grand jury for the burglary of the safe of the Tillamook Feed Co., is the man who broke into the Bay City post office and blew open the safe.

Twelve months ago tonight, on March 28, 1911, the crime was committed, when about \$125 in cash and between \$150 and \$200 in stamps stolen. Today Ross made a confession to Sheriff Crenshaw and at noon the sheriff and Postmaster Baker went to the old Miller barn, east of town, and recovered \$126.25 worth of stamps, mostly in the 10c. and 15c. denomination, also several fuses. James Smith had also found there 17 sticks of dynamite and some black powder.

It seems that Ross told Smith of hiding the stamps in the barn, but he had kept the secret until a few days ago. Getting into some little trouble at Bay City, the sheriff succeeded in making him tell what he knew, the result of which led to the recovery of the stamps. The \$125 in cash which had been stolen from the post office was spent by Ross, who also owned up to the robbery at the Tillamook Feed Co.'s store and at Hiner's machine shop. Ross will be turned over to the Federal authorities.

work in the field and office as surveyor and draftsman and assistant. The firm will upon the arrival of the junior partner establish a land emporium, particularizing in law, engineering, abstracts, insurance and real estate.

Commercial Club Meets.

The monthly meeting of the club was held, Monday, March 25, 1912, President Holmes presiding. Minutes of previous meeting were read and approved.

The following nominations were made:

For President, Chas. I. Clough, H. T. Botts.

For Vice President, D. L. Shrode.

For Secretary, E. J. Clausen, Will Spalding.

For Treasurer, James Walton.

For Trustees, C. E. Trombley, Geo. Willett, Capt. Groat, F. C. Baker.

It was moved and seconded that the by-laws be suspended and that a committee of three be appointed to receive nominations until the following meeting, the names of the candidates to be conspicuously posted. Motion was carried. Chas. I. Clough, F. Fitzpatrick and R. W. Watson were appointed.

A communication from the Northwest Development League, asking for the appointment of delegates to the convention at Seattle was read. It was moved that the President name the delegates. Motion was carried. F. C. Baker, Capt. Groat, J. L. Henderson, Boyd Mendenhall and W. B. Gordon were appointed.

A letter from the Portland Novelty Construction Co. regarding a float at the Rose Festival was read and referred to the Publicity Committee.

A letter from the Miles Bros. Inc. in regard to the exhibition of the principal industries of the County at the San Francisco Fair by means of moving pictures was read. It was referred to the Publicity Committee with instructions to communicate with the firm relative to terms.

A motion was made and seconded that the President and the Secretary be ordered to prepare a letter to the State Game and Fish Warden, protesting against the shipping of salmon eggs from this county to other parts of the state.

The matter of railroad rates on lumber was brought before the Club. It was urged that it is necessary that a common point rate be established, if lumbering is to be profitable. The matter was referred to the transportation committee.

It was moved and seconded that a committee of four be appointed to aid the Membership Committee recently authorized. Motion carried. Ralph Bacon, U. G. Jackson, Boyd Mendenhall and W. B. Gordon were appointed.

It was moved and seconded that a committee be appointed to arrange a mid-day lunch once a week, or at such intervals as seemed best—for the club members. Motion carried. F. C. Baker, Will Spalding and Rollie W. Watson were appointed.

It was moved and seconded that a committee be appointed to urge the establishment of a model dairy farm in this County by the State. Motion carried. Chas. I. Clough, U. G. Jackson and C. E. Trombley were appointed. No further business appearing, the meeting adjourned.

City Council Meeting.

On Monday evening the council met at the club rooms with the following members present: Mayor Harter; Councilmen Kudson, Vantres, Sappington and Leach; Recorder Handley; Attorney Botts; and Marshal Rains.

City Engineer Richardson of Portland, was present and submitted plans and specifications in regard to the sewer system which were accepted by the council. Mr. Richardson also advised and informed the council in regard to improvements in a general way.

In regard to the selling of bonds for the improvements contemplated, the council was informed by bond buyers and competent attorneys, that the initiative and referendum ordinance which was passed two years ago and upon which all later city legislation is founded, was passed irregularly and that before a sale of the bonds can be made, another initiative and referendum ordinance should be passed and a special election held. So accordingly an initiative and referendum ordinance was passed Monday evening. A special election will be called at once, a notice of the same, further explaining the matter, being ordered. The council ordered the Recorder to notify the various construction companies to send in bids in regard to sewer and pavement improvements, the same to be in ten days, the object of the council being to get the work under way as soon as possible.

After the subject of improvements was disposed of an ordinance in regard to the regulation of skating rinks was taken up and taken to a final passage. The ordinance as passed provides that a semi-annual license fee of \$150 be imposed and that the rink must close at 10 o'clock each night, and must be closed on Sundays, and that the management of the rink be placed under \$500 bonds. The ordinance as first read stated that a skating rink must be 210 feet from a residence. This section of the ordinance was struck out because this would necessitate the tearing down of the present rink which had but lately been put up at considerable cost and would entail a loss to the owners. Mr. J. H. Eliason, who resides 60 feet from the rink was present and stated that the rink created such a noise that it was impossible for him to sleep while they were skating and if the rink was not moved he would have to move. He threatens to bring suit. He said that he gave the owners of the rink fair warning before the rink was erected.

New Tillamook Firm.

We take pleasure in calling the attention of the public to the new and of the new firm of John Leland Henderson & Son, Agents.

The senior of the firm came to Oregon in 1870 and is well known in Linh. Lane, Benton, Washington, Marion, Multnomah, Wasco and Hood River counties in each of which he resided from time to time. While a lawyer and abstractor by profession, he is also a civil engineer and was the first City engineer of Hood River, and the first civilly surveyed of Hood River County. Mr. Henderson came to Tillamook to reside, Dec. 1st last.

The junior member of the firm will be a silent partner until this summer. He is finishing his Senior year at Oregon University, Eugene, the course of Civil Engineering, and as soon he gets his "sheep skin" he will come to reside with us and help build up Tillamook City, Valley and the County, and thereby, the State. Mr. Sidney E. Henderson is one of the senior partner's 6 sons, and has had five years practical

As was expected, the speech of Winston Spencer Churchill, first lord of the admiralty, in introducing the naval estimates in the House of Commons for the ensuing year, has caused a sensation in Germany. In effect, he declared that the naval increase was directed against that country. While he said that the old "two-power" standard which was maintained for many years by England is not necessary at present, he averred that a 60 per cent superiority over Germany in battle ships and battle cruisers of the dreadnaught type would be a convenient basis for the next five years. Angry criticism of Churchill's remarks appeared in many of the leading German papers. The Cologne Gazette, whose utterances are often "inspired," says that England must let her own interests decide as to the strength of her navy, and Germany must do the same, adding that "Germany will never have a navy equal to that of England, but if Germany's navy is to be destroyed by England the victory must cost the enemy so heavily that she will hardly have any resources left to defend her great international interests."

Dear Mr. Baker:—A few words from Leach and Small from San Jose, the Garden City, and it is surely well named, but Oregon has been at the front all the time and everywhere since we left Tillamook.

San Francisco showed us a royal good time while in her city, but San Jose can't be beat. We drove all day yesterday over the beautiful Santa Clara Valley, Pioneer S. H. Leach, brother of M. F. Leach, piloting the party. We passed miles of the prettiest orchards all in bloom and especially one prune orchard of six hundred acres that sold for \$900,000. We also had the pleasure of picking a box of oranges which is now on its way to Tillamook. We traveled over fifty miles of the finest roads in the country, and saw electric cars running in every direction.

We walked in a grocery store and found a man inquiring for Tillamook cheese and said if there was any more, he wanted some. This has demonstrated to us fully that we haven't seen anything to compare with our resources of Oregon, especially Tillamook.

We are having the finest trip and we have found how people who come South hate to leave this lovely country. Words fail to express our appreciation and delight in having visited here and we trust that you may soon come and enjoy the beauties for yourself.

With best wishes, we remain,
Yours respectfully,
M. F. LEACH.
