Write T. B. Handley's name for Joint Representative.

Go to the polls to-morrow and vote for President Taft, for by doing so it will help to keep the country prosperous and not allow it, if possible, to drift into hard times again.

Let well enough alone is the best argument in favor of the re-nomination and re-election of President Taft, and to ward off another experience of Democratic hard times. We predict this will follow if Taft is not re-elected.

Instead of expending \$500 to \$1000 on a Fourth of July celebration, if that amount of money was divided into prizes for a three days' stock show sometime in August it would be far more interesting and attractive. But perhaps we can have both.

Fortunately, there is no factional strife in the Republican party of this county, and as a result the primary nominating election passed off in a most friendly spirit and without mud slinging. To-morrow the Republicans will nominate their ticket, and those who take part should feel themselves morally bound to support the ticket at the general election, no matter who are nominated.

Anything to fool the people. Every office seeker is stuffed full and running over with progressive humbug these days, and in the great scramble to obtain office Statement No. and the so-called Oregon system are lost sight of. But any old thing to fool the voters. It won't be long before the progressive idea will be overworked in politics and some new thing taken up to fool the people.

We have received a letter from Frank A. Rowe, of Nehalem, stating that he is running for office and wants the voters to write his name on the ballot. It is strange that Mr. Rowe has failed to mention the office he is running for, and we are at a loss to know whether we want to be U. S. senator or congressman, or a State legislator. Mr. Rowe cannot expect any support fooling away money sending out a bunch of letters like that. We notice that Mr. Rowe's name is on the Republican ballots for Nehalem and Foley as a candidate for commissioner for the Port of Nehalem.

Tillamook County has not been represented in the State senate since the late Senator Maxwell was a member of that body. This county has now an opportunity to be represented if the Republicans will pull together with that object in view. No personal matter should enter into the contest. Attorney H. T. Hotts having consented to run for State Senator, we feel that every Republican should have a little county pride in helping to give this county representation in the State Senate. The State taxes came high this year and they should be kept down, and with a representative in the house and another in the senate, Tillamook county would be in a position to have something to say in matters of importance to the taxpayers of this county. Be loyal to the county and support the home candidate is our advice to the Republicans of this county.

Attorney T. B. Handley is a candidate for Joint Representative, but having failed to circulate petitions, he is somewhat at a disadvantage in not having his name printed on the ballot, consequently it will be necessary to write his name. We may state that Mr. Handley held back until the last moment, on account of others expecting to run, but failing to do so, he did not have time to circulate petitions. As Mr. Handley is one of the young men of the city it would be well to give him an opportunity to represent the county as Joint Representative. We believe that with Mr. Botts in the senate and Mr. Handley in the house, they would consult together and work together for the best interests of the county. Both will be making personal sacrifices and financial loss to serve the people in the state legislature. Do not fail to write T. B. Handley's name on the ballot for Joint Representative so that Tillamook county will be represented in the house.

There are two persons running for the office of County Commissioner, the present occupant, H. V. Alley, and Geo. R. Edner. We hold both of these men in the highest esteem as citizens. Commissioner Alley is certainly entitled to a great deal of credit for what he has accomplished for the north end of the county, and as it is a position where an official cannot please everybody, it is natural to suppose that he will meet with some opposition, but on the other hand there are those who believe that Mr. Alley has been a conscientious public official and who are ready again to repose confidence in him. We have no doubt but what Mr. Edner will obtain quite a number of voters from those who desire a change. No matter who is elected to this office, it is safe to say that it will not be very long before they will run up against the opposition of those who cannot have their own way in road matters and county affairs.

We understand that the Hose Company is short handed, with insufficient members to handle the apparatus and do good work should a serious fire occur. We may mention that some of the present members have been in the company many years and have rendered faithful service, and deserve a good deal of credit for keeping the company in a state of efficiency to fight fire. But as the company needs more members and as there are quite a number of young men in the city who should belong to the company, we hope this article will be taken as an invitation to them to join. In the meantime, so as to be prepared to meet any emergency, it might be well to call into service some of the exempt firemen for the time being, for no matter how a few firemen may exert every energy to fight a fire, if there are insufficient members to handle the apparatus, good service cannot be expected. So it behooves all of the business men to take an interest in the hose company, and to show some little appreciation of their services. We believe that if the boys were given a little banquet once in a while at the Commercial Club it would stimulate more interest in the company. These little acts of hospitality and courtesy have been overlooked in the past. We are all human, and the boys who are ready to fight fire and save the city from destruction at any moment, want to feel that their services are appreciated by the business men and property owners.

Waymire's Letter.

Editor Headlight.—I am in good old Oregon once more enjoying the balmy air. It seems good to see green grass again and to be free from a sand storm and to drink water free from alkali, but to be fair to Eastern Washington and Yakima Valley in particular, I must say it is splendid, its alfalfa hay is unsurpassed, and the people are enterprising and friendly, but some way my heart was not satisfied. Am feeling better and expect to fully recover on my return to Tillamook. Wife and I expect to visit home in a few days and perhaps to stay until June then we take up tabernacle work for the summer. I have been wondering for sometime how we are to get along with the I. W. W.'s. They are numerous and the doctrines they advocate will destroy our government if permitted to go on unheeded. Perhaps the best thing to do would be to insist on our people to not only be industrious, but to be saving of their earnings. The average I. W. W. sleeps in a 10 cent bed and eats 15 cent meals and spends the remainder for drink. Young man, have a higher ideal of life than this. You can have a home, you can be the head of a happy family if you start right and continue right. You must be thrifty if you would be trusted, truthful if you want the confidence of your fellows, and decent if you would be respected. These habits are best cultivated apart from the saloons. Strong drink injures us as workmen, makes many good men criminals, many smart men insane, many of affluence become paupers, and its latest product is men with no regard for God, or law, or our grand old flag or the institutions we hold so dear as American citizens. So I advise all to be industrious, saving, and sober. This thing will soon die if not recruited. Yours for the good of all.

ANOTHER BIG AWARD FOR BITULITHIC PAVING

A Leading City Awards Contract for this high class pavement.

Twenty one street paving extensions, to be completed during the present year, were authorized by the city commission this morning says the Deseret News, published at Salt Lake City, Utah. The improvements will approximate in cost close to three quarter million dollar mark, and will include the laying of water mains in 19 of the streets within the improvement program. Bitulithic pavement is to be used on 18 of the streets and asphalt on three. This award was made after thorough investigation of the merits of all the different pavements, in the leading cities of the Pacific Coast.

County School Industrial Fair

For the purpose of working up a big exhibit of agricultural produce and articles made in shop and home by the boys and girls of Tillamook county a general committee has been appointed by Pres. Holmes, of the Commercial Club, upon the authorization of a citizens' meeting held some time ago. The county school fair is to be held here last week in August. The county committee is as follows:

W. S. Buel, Mrs. Rose Crawford, Fairview; L. A. Edgar, South Prairie; W. H. Christensen, Oretown; Mrs. H. M. Farmer, Hebo; Peter Heisel, Wilson River; N. J. Gerson, Mrs. B. A. Todd, Mrs. Dr. Randall, Nehalem; Mrs. Ruth Desmond, Hemlock; Mrs. A. F. Foster, Woods; Eugene Atkinson, Sand Lake; L. M. Kramer, Cloverdale; Mrs. Edward Weston, Long Prairie; Miss Fannie Smith, Beaver; Miss Lucy Doughty, Bay City; G. R. Edner, Garibaldi; F. P. Miller, Rockaway; Mrs. F. S. Whitehouse and Mrs. D. L. Shrode, Tillamook.

It will be the duty of this committee to represent the county fair in the different sections. Another special committee is working up prizes in Tillamook City. Calvin C. Thomason, state contest manager, was in the county last week and reports more than ordinary interest among schools in the work. All that is lacking he said was a good county prize list. Fairview school will hold a district exhibit the week before the county fair to get in line for the county contest. The children's fair bids fair to bring a record crowd to Tillamook this summer.
