The large balances of the future are having their beginnings today in modest accumulations.

We want to place within the reach of an association with a strong, helpful bank. No serious minded person who has a regular income and a desire to conserve it, need hesitate to become a depositor here.

 W. G. Dwight has hit upon a plan to advertise Tillamook City, which, if readily complied with by all the property owners, would prove a great factor, not only in helping to boost the city, but that all property owners would help share the expense. His plan is to assess the land one per cent, and in that way enough money could be raised to boost the city, the money to be turned over to a publicity committee. The plan is a good one and property owners should get together and adopt it.

 The frequent showers of rain up till Monday made the prospects look gloomy for hay harvest, but early that morning the wind turned to the northwest, with prospects of good weather from now on, and notwithstanding the heavy fogs at night, the weather has been good for hay making. There is a heavy crop of grass, and with the oat hay looking fine, there will be a bumper crop again this year. There is also a large crop of hay all over Oregon, which will make it plentiful and, probably, much cheaper. A large number of the dairymen commenced hay making the first of the week, which will be in full blast from now on if the weather continues favorable.
 The Pacific Telephone and Telegraph Company has just completed a line up the beach covering the beach resorts, which is free to all Pacific Telephone & Telegraph Company subscribers. The line to Brighton is not quite completed, but so far the Life Saving Station, Lake Lytle, Barview, Ocean Lake, Rockaway, Rose City and all other points are reached. In addition to this eight new orders were taken in Garibaldi. This places Bell patrons only in a position to reach every portion of the county. A crew of men has been actively engaged for several months in metal-lacing all lines, reconstructing and building additional circuits for the new business and in regrouping the subscribers to place but ten on the line, this doing away a great deal with busy line reports. One or more circuits will be built at once between Tillamook and Bay City owing to the heavy traffic on the present two lines, which will then place the system in a first class condition.

POPULAR TILLAMOOK COUPLE MARRIED.
Quiet Wedding Takes Place at Bayocean.
 At three o'clock Wednesday afternoon in the parlor of the Hotel Bayocean occurred the wedding of two of Tillamook's most popular young people, Mr. Ralph Cady and Miss Rose Schei. The ceremony was a very quiet affair, the only ones present being Miss Gladys Beals, B. L. Beals, Jr., Arthur Case and the members of the Arthur von Jesse orchestra.
 Miss Beals was the bridesmaid and Mr. Beals attended the groom, Rev. D. L. Shrode officiating. As the bridal party marched down the beautifully decorated parlor, the sweet strains of the Mendelssohn Wedding march were softly played by the famous Arthur von Jesson orchestra. The ceremony was very impressive.
 Mr. and Mrs. Cady will spend a short time in Bayocean before returning to this city. The groom is

the pharmacist for the Chas. I. Clough Co., of this city. The bride was formerly in the employ of E. T. Haltom as head milliner in the Haltom Department store of this city, she having come here but a few months ago from Minneapolis, Minn., where her people live. Unique Wedding Occurs on Board Henrietta No. 2.
 One of the most unique wedding ceremonies ever performed in this section was when George Phelps was united in marriage to Mrs. Hardman by the Rev. D. L. Shrode, on board the launch Henrietta No. 2. The wedding occurred Wednesday while the launch was making her afternoon trip down the bay.
 Mr. Phelps had come to town and secured the license and was returning to Garibaldi, where he is spending the summer, to be married, when he discovered that there was another bridal party on board the launch and the thought occurred to him that it was no use waiting until they reached Garibaldi when a minister was on board. The couple accordingly stood up in the cabin of the boat and while Capt. Chatterton was running full speed ahead they were made man and wife.
 The witnesses were Carl Knudson and Ed Laughlin. Mr. and Mrs. Phelps will make their home in this county.
