

**The Club Luncheon.**

There was a fair attendance at the business men's luncheon at the Commercial Club room Wednesday noon. There were twenty-eight who set down to the table, and each wore a smile on his face branded him for a booster of everything that is good in Tillamook County. After luncheon President Shrode, of the Commercial Club, called on W. M. Owen, of the Ray & Co., and one of Cloverdale's boosters, for a short talk. Emphasis was made by Mr. Owen of the need of the "Pull together spirit." L. V. Eberhardt, manager of the Pacific Abstract Co., was next to speak. Mr. Eberhardt spoke of his business in this city and stated that he had settled here after a great deal of study as to the future possibilities of this section, and was located here at present to stay. The boosting spirit was shown strongly in his talk.

**They Lost Their Watches.**

It seems that Saturday and Sunday were bad days for those who were before that time, possessors of gold watches. At least there were three men who had serious luck with their time pieces on those days. On Saturday, while working in the hay field, Gail Buel lost a \$20 ticker, and although he has searched for it diligently ever since he has not been able to find it. W. P. Tuerck, while boat riding on the slough last Sunday, lost his Elgin overboard and as a result is asking other people what the time is. The other accident was hardly as disastrous to the owner as the two former ones were. Joe Richardson, while trying to get the launch Bayocean under the cable that was stretched across the channel last Sunday came nearly losing his watch when he was knocked down by the rope. He regained it without any particular damage being done to it.

**Annual Fish War Begins.**

The first trouble of the fish season started this week when the fishermen of the bay formed a union for the purpose of forcing the fish packers and canneries to raise the price paid for fresh salmon from three cents to five cents. As a result the buyers have made the statement that no offer above three and a half cents can be offered, and as the strikers hold out for five cents it will be impossible for them to buy.

At the present time no one is offering above 3c. except W. O. Chase, who states that he will pay 5c. as long as he can secure sufficient fish to warrant it. He has made arrangements with the Portland Fish Company to take his entire fish supply.

They will send a man to this city the last of this week to see whether or not it will pay them to install a storage plant here, but until other arrangements are made all of the fish will be shipped direct to Portland.

F. D. Small has had trouble with his fishermee. He gave them boats and they sold their catch to other parties. However, the matter has been settled without any trouble.

**Aged Pioneer Is Severely Injured--Daughter Also Sick.**

Grandma Mills, mother of Grant Mills, who fell from her invalid chair about a week ago, is reported as no better. Mrs. Mills, who is 78 years old, was stepping into the chair when she overbalanced, tipping the chair over and falling with her back across it. No injuries were received other than some very painful bruises, and Dr. Boals, who is attending her, states that he has hopes for her recovery.

Miss Kitty Mills, the deputy-county clerk, is also dangerously sick at the Mills home, two miles east of town, with inflammation of the bowels. Miss Mills was working in the Clerk's office on Tuesday, and although feeling poorly, did not think that anything was the matter, except possibly an attack of the grip. However, after work that evening she was taken sick and grew steadily worse until on Wednesday, at noon, her sister, Myrtle, who is stenographer for H. T. Botts, had to be sent for to help in caring for her. Dr. Boals reported today that Miss Mills had an attack of appendicitis and that she would, probably, have to be operated upon.

A. M. Nason, farming near Canaan, Me., was badly crippled with sciatic rheumatism due he says to uric acid in his blood. "Foley Kidney Pills entirely cured me and also removed numerous black specks that were continually before my eyes." Foley Kidney Pills are a uric acid solvent and are effective for the various forms of rheumatism. Lamar's Drug Store.

A conservation plank is found in the Democratic platform, but the document is a general assault on the conservation of present prosperity.

**Tillamook Did Not Play Ball Last Sunday.**

There was no base ball game Sunday at Gilford Stillwell Park owing to the fact that the Baltimore Dairy team which was scheduled to play the home team did not arrive as expected. According to a messenger received by T. B. Handley, manager of the Club team, the Portland boys were of the impression that they could leave their city Sunday morning and arrive here in time to play a game in the afternoon and return to Portland in the evening. It was because of this that they did not come, for when they asked for their tickets the agent at Portland informed them that they would not arrive here when they had expected. The team was composed of four men of the Aberdeen aggregation from the Washington State League, three of the Northwest League men, belonging to Nick Williams, and only had two of their own men with them. It seems that the teams around Portland have learned that our team is nothing to fool with and after this we may expect to see exceptionally strong men come to play the home boys.

**Shakespeare Club Has Social Meeting.**

The Shakespeare Club met at the home of Mrs. F. S. Whitehouse Friday afternoon and had a social good time. Only six of the members were present, they being: Meadames Alex McNair, B. C. Lamb, John Groat, Fred Christensen, George Willett and Mrs. F. S. Whitehouse. The invited guests were: Meadames Carl Haberlach, B. D. Lamar, James T. Moore and Miss Grace Whitehouse. No study work was taken up owing to the small number of members present. Mrs. Moore favored the ladies with a number of vocal selections and Miss Whitehouse played a number of beautiful instrumental selections. The Club decided to have their annual picnic at Rose City Park on Wednesday July 24th, and a full attendance of the members is expected. Lunch will be taken along and the ladies will go prepared for a good time.

**The Killkare Klub Holds Interesting Meeting.**

The Killkare Klub met at the home of Mrs. Homer Mason last Thursday afternoon, where they spent a few hours reading and talking over things of general interest. The ladies of the klub spent the greater part of the afternoon in the study of the book, "Polish Threshold of Russia."

Mrs. E. D. Severance, who had charge of the reading, thoroughly proved her ability at the work and not only made the time spent very enjoyable but caused the members to feel that they had been greatly profited by the study. The subject itself was made interesting by the fact that it is out of the ordinary line of reading and touches on a subject that is of importance to a great many people.

After the reading a light lunch was served by the hostess. This together with the friendly conversation which was indulged in made the ladies feel that they had spent one of the best afternoons that they have had together since their organization. The klub will meet in two weeks at the home of Mrs. W. A. Williams.

**Osteopathy.**

Osteopathy's first college was founded in 1892; there are now eight colleges. They have over 2,500 students annually (both sexes), and there are now nearly 700 of their graduate physicians practicing in the field. They are in all the States of the Union, in England, Ireland, France, Germany, Japan, China and the Islands of the Sea. State Legislatures give them the legal right to practice in the U. S. Dr. Bowers, the local osteopath, is in the Talmage building, E. First Street. Mutual Phone. Office Boy. At Beaver Sundays and Thursdays. He can show his Physician's Certificate granted by the State Medical Board, and his physician's permit by the proper county official. Massage and other non drug methods merely scratch the surface in their beneficial effects, he contrasts with osteopathy.

**Lake Lytle, TENT CITY.**

Is now open for CAMPERS. Tents are 12 x 16, furnished for light-house keeping. EXCEPT BEBBING. Fine mountain water piped to the door, grocery store on the grounds and every thing convenient. Fine fishing and boating on the Lake. RATES, \$2 per day or \$10 per week. Address, AUSTIN & WELCH, ROCKAWAY, OREGON.

**POPULAR BEACH RESORT TO OPEN.**

**Two Days of Celebration at Bar View.**

Jack Oliver, the proprietor of the Bar View beach resort, will formally open his place to the public for the summer, by giving a general good time, which will be started off Saturday evening by a dance. The Tillamook Concert Band will furnish the music for the entire two days of festivities and they will be taken to that place by the Henrietta No. 2. The band boys will run an excursion Saturday evening for the purpose of making money to pay their expenses. Capt. Jenkins has agreed to assist them in this matter by giving them a per cent of the fare collected from the excursionists, and it is the desire of the boys that who all go to the resort will go with them if it is convenient, as they are trying to make it possible to have the subscriptions for the band done away with by making money from their excursions.

In addition to the evening excursion the Henrietta will leave the rail road dock Sunday morning at seven o'clock with the Tillamook base ball team. A game has been planned for Sunday at nine o'clock with the Winton Six team of Portland. After the game the teams will come to this city and play ball at the Stillwell Park at two o'clock in the afternoon. The Henrietta No. 2 will land on the beach directly in front of Bar View on each of her trips to that place. A large representation from Tillamook is expected to attend the opening of this popular resort.

A special train will leave this city Saturday at 9 p.m., returning after the dance.

**Fire Association Has Lively Business Session.**

Thursday evening the Tillamook Hose Company met at the Commercial Club rooms in business session, this being their regular meeting night. There was considerable comment on the matter of people who are not connected with the company giving orders at fires, which tends to confuse the firemen. It was decided to purchase signal whistles for the use of the Chief and captains.

A matter which has been before the firemen for a number of months, that is the securing of suitable exempt certificates, was finally settled when it was decided to purchase three dozen of them from an eastern firm.

As the result of a slight diversity in opinion regarding a certain clause in the constitution, the secretary was called upon to secure the old record in which it had been written. Upon the reading of the different clauses it was found that there were a number of them that were not suitable for the company's present needs and it was decided that a committee should be appointed to propose a revised constitution at the next regular meeting. The committee was composed of E. J. Claussen, Will Spaulding and U. G. Jackson.

There was also considerable business of minor importance transacted.

**MOVING PICTURE MEN IN TILLAMOOK.**

**Use Scenery as Background for Films.**

It will not be long before moving pictures will be on the circuit which have as a part of their sea shore dramas the beautiful scenery of the country around Tillamook Bay. Within the last few days the American Lifeograph Co. has finished the staging of four dramatic plays along the Garibaldi beach which had plots built up about the sea shore or a fishing village.

There were about five members of the company who took part in the placing of the plays and they together with the machine men were all of the company's force who were present. Beside these there were some of the local people who helped in the work and added to the lifelikeness of the pictures.

Tillamook Bay and Bar, the pounding surf of the Pacific, the Garibaldi and Bayocean beaches, including the Bayocean dock, the Life Saving Station at Bar View, and the Elmore Cannery were all included in the staging of the dramas, in order to give a variety to the setting and make the pictures seem more real.

Besides the dramas the company is making up a reel of the views about Tillamook Bay. These views include the P. R. and N. rail road along the beach, the lakes between the Life Saving Station and Lake Lytle, the Life Station, Garibaldi and Bayocean beaches, and Cape and the light-house on the cape. The company expects to have the

reels ready by the middle of August. The staging of plays on our beaches for reproduction on the screens of moving picture shows will be a good way of showing the people of this country the rare beauty of our scenery. Especially is this true with regard to the scenic pictures.

**HILL BELIEVED IN MOVE**

**Southern Pacific Engineers Re-surveying Survey.**

SHERIDAN, Or., July 15--A party of Southern Pacific engineers left here today to re-survey the old Southern Pacific survey from here to the coast. The original survey was made some eight years ago and the present party is merely re-locating and checking the data as furnished by the original survey. It is probable that when the electrification of the Southern Pacific proceeds this far they will build on, providing the present party re-locating the survey reports favorably.

This action on the part of the Southern Pacific probably is due to the action of the Portland West Coast, which has a survey and large stretches of right of way through this section. It is said that the Portland West Coast is merely a dummy corporation, operating for the Hill lines.

**RAIL ROAD OFFICIALS VISIT TILLAMOOK.**

**Make Brief Inspection Tour--Will Build Depot Soon.**

D. W. Campbell, District Superintendent of the Southern Pacific, with his secretary, H. G. Thompson; R. E. Strahorn, Vice-president of the O. R. & N.; R. T. Guppy, the Chief Engineer; and F. L. Burkhalter, District Engineer, arrived in this city Tuesday evening at eight o'clock on board a special train and returned to Portland after a stay of an hour and a half.

According to a statement given out by the officials, the trip was in the main part to see about the building of the new depot on the terminal grounds and to ascertain what the condition of the road is and where it can be bettered. It is thought that work will be started on the depot within the next thirty days in order that it may be finished before the end of the good weather.

No statement was made as to whether the Southern Pacific intended to extend the road south from this city or not, but it was made known that no extension work would be attempted until things are arranged in this city. With a crew of surveyors working toward this county from Sheridan, it looks like the road might be built south as soon as the depot is finished.

The building on the terminal grounds will be of a better class of depot and will be a fine addition to the east part of the city. It will be located in all probability just south of the road that runs east from town.

**Bids for New Church.**

The trustees of the Christian Church, Tillamook, Oregon will receive sealed bids for the construction of church in said city, bids will be opened at the hour of ten a.m., Thursday, July 25th, at the office of H. T. Botts, 204 Tillamook Block. The board reserves the right to reject any or all bids. A bond for the fulfillment of contract will be demanded of any accepted bidder. Plans and specifications can be seen at the office of H. T. Botts, or at the residence of the pastor of the church, R. E. Jope.

And other properties. Some good trades.

This firm has taken over the Abstract Books of the Tillamook Title and Abstract Co. and good will and will continue to serve the public.

AGENTS FOR NORTHERN FIRE INSURANCE COMPANY OF LONDON.

**Dairy Chief Visits Tillamook To See How Cheese Is Made.**

Dr. B. H. Rawl, Chief of the dairy division, of the Bureau of Animal Industry, arrived on the Wednesday evening train in company with Mrs. Rawl. The visit was made so as to see "How the trick of making cheese in Tillamook was done," was the statement of Dr. Rawl. His visit to the Coast was primarily to make arrangements for the agricultural exhibit at the Panama-Pacific Exposition at San Francisco in 1915, but as he had heard so much about Tillamook county as a place where the best cheese was made he decided to spend a couple of days seeing how it is made.

Mr. Rawl and wife were taken around to the larger factories near the city today in company with Carl Haberlach, secretary of the Tillamook Creamery Association; Fred Christensen, inspector for the Tillamook Creamery Association; and George Willett, salesman for the Red Clover Creamery.

Mr. Rawl is more than pleased with the agricultural conditions in this county. He states that the cooperative plan for handling the milk and disposing of the cheese is the best plan that the farmers of this locality could adopt and expressed his desire to see more of the factories enter into the plan of selling their product through one man. He further said that all of the factories should join together and not allow any cheese to leave the county unless it carries the brand of the inspector on the case. In answer to the question, "How does Tillamook cheese rank with that of other sections in regard to quality?" Mr. Rawl said, "All of the leading men in the Department of Agriculture acknowledge the superiority of the Tillamook product." He predicts a great future for this county if dairying is handled right.

Dr. Rawl and wife will leave for San Francisco to-morrow morning.

**Prices for Hogs.**

150 lbs. to 200 lbs., 8 1/2c. dressed. 200 lbs. to 250 lbs., 7 1/2c. dressed. 300 pounds and over, 6 1/2c. Tillamook Meat Company.

**Notice.**

The Trustees of Mount Hebo Lodge, I.O.O.F., No. 221, will receive sealed bids for the construction of a Hall, at Beaver, Oregon. Bids will be opened at two o'clock p.m., the 27th day of July, 1912, at the residence of A. W. Bunn, at Beaver, Oregon. All material will be furnished on the ground by the Trustees. The Trustees reserves the right to reject any or all bids. The successful bidders, if any, will be expected to satisfy Trustees with bond for fulfillment of contract. Plans and specification can be seen at the residence of A. W. Bunn, at Beaver, Oregon.

**Pupils Who Were Awarded Eight Grade Diplomas for the June Examination 1912.**

- Charles Pesterfield, Dist. No. 1
  - Carl Commons, Dist. No. 6
  - Lillian Severance, Harold Mason

  - Eddie Heisel, Dist. No. 10
  - Bernice Barber, Dist. No. 11
  - Flora Robitsch, Dist. No. 12
  - Martin Ripley, Dist. No. 13
  - Orson Batterson, Dist. No. 24
  - Mary Rowland, Dist. No. 27
  - Berenice Knight, Dist. No. 30
  - Dolly Buckles, Willie Harrison, Dist. No. 46
  - Oral Barnes, Dist. No. 54
- Pupils who failed on not more than two subjects and who will be permitted to complete September 5-6, without rewriting on the subjects on which they have passed: Buelah Funk, Gilbert Rock, Reuben Glad, Leonard Paquet, Glen S. Taylor, Lizzie Tohl, Fred Coulter, Emma Bauer, Eustace Pfeiffer, Katie L. Jones, Martha Balmer, Arelene Burge, Lucy Sewers
- Highest average—Lillian Severance, 91 and 5-9.  
Second Highest—Oral Barnes, 87 5-9.  
Third Highest—Chas. Johnson, 87 per cent.

**NOTICE.**

Notice is hereby given that the County Court of Tillamook County, Oregon, will receive sealed bids for the construction of a wagon road 30 feet wide from the Union School House in section 33, Twp. 4 South, range 10 West, Wm. along the right-of-way described by J. P. Gage to Tillamook County, to the first mile post of the Great Dawson County Road, in Section 3, Twp., 5 S. R. 10 west. The work to consist of clearing of the right-of-way, grading and constructing a fill across the tide land to Gage's point and placing all culverts according to the plans and specifications on file at the office of the County Clerk.

A certified check equal to 5 per cent of the amount of the bid must accompany each bid as a guarantee that the bidder will execute a bond for the completion of the contract if awarded the same.

All bids to be filed in the office of the County Clerk of Tillamook County, Oregon, on or before 10 o'clock A. M. Wednesday the 7th day of August, A. D. 1912.

The Court reserves the right to reject any and all bids.

J. C. Holden, County Clerk.  
M. E. Church.  
10 a.m.—Sunday School.  
11 a.m.—Sermon. Subject, "The Prayer Against Temptation."  
7 p.m.—Epworth League. We have a welcome for all young people to the League.  
8 p.m.—Song and Sermon. Subject, "Cultivating the Lord's Vineyard."  
JAMES T. MOORE, Pastor.
