The Tillamook Headlight.

Editorial Snap Shots.

A stranger was heard to say
 "This town is on the boom."

It looks as though friends of
 Theodore Roosevelt are ready
 to crown him king—King Bull
 Moose the First.

B. Lee Paget, prohibition
 candidate for U.S. senator, has
 opened his campaign, and we
 are wondering whether he has
 a bottle in his jeans containing
 the beer that made Tillamook
 famous.

The politicians and political
 leaders are still endeavoring to
 kill one another off. Men who
 are political bosses denounce
 their opponents as bosses. It
 is a case of the kettle calling
 the pot snout.

Bro. Trombley seems to in-
 sist that the snap shot man is a
 "standpatter." We have no
 objection whatever to be called
 such by our self-righteous polit-
 ical friend, who follows after
 strange gods and holds them up
 to the people to fall down and
 worship.

Theodore Roosevelt is the
 whole thing in the Bull Moose
 party. It is a one man party,
 pure and simple, for should
 anything happen to the ex-pres-
 ident it would go to pieces. It
 is plainly a case where Roosevelt
 is using his popularity to bust
 up the party which honored
 him and defeat Taft, at one
 time his closest political friend.

Senator Root took the wind
 out of Roosevelt's sails when
 he told President Taft that he
 had been legally and honestly
 nominated the Republican
 candidate for president. As the
 Senator is a personal friend of
 Roosevelt and Taft and presi-
 ded over the convention with
 calmness and fairness, he is not
 a man to say that Taft had been
 legally and honestly nominated
 if he had not been. Still Roose-
 velt and his followers continue
 to shout "Steal" for political
 effect.

There is very little difference
 with the political unrest of to-
 day and 20 years ago when the
 Populist party cut such a figure
 in politics, for they under-
 took to revolutionize our sys-
 tem of government. As we
 view the situation there is a
 great similarity between the
 Populist of 20 years ago and
 some of our so-called "progress-
 ive" friends of today. It seems
 that every once in a while a
 wave of unrest goes over the
 country which politicians and
 office seekers fan into a flame,
 with the hope of riding into
 power on the crest of the wave.

Theodore Roosevelt and some
 of his followers are playing the
 role of autocrats and political
 dictators. What care they for
 the G.O.P. if they cannot be the
 bosses? Or what care they for
 friendship when they sacrifice
 old, confidential, reliable friends
 whom they denounce as thieves
 and crooks? Most of us were
 staunch admirers for many
 years of Roosevelt, but when a
 man goes back on the party
 that honored him and turns his
 back on and maligns one of his
 closest political friends, it is
 not surprising to hear sober
 minded people say that Roose-
 velt made the mistake of his
 life, for the average citizen does
 not look upon "bolters" with
 any degree of confidence.

About \$200,000 is to be ex-

pendent at Bayocean alone for
 hard surfaced pavement, which
 will add fifteen miles to that
 which is already laid. And this
 does not include the other large
 outlay of money. This is per-
 manent improvement that will
 add to the taxable property of
 the county. Notwithstanding
 that this beach resort is paying
 a large amount of taxes and is
 continually expending money
 for improvements, it seems to
 us that Tillamook county is not
 giving the Bayocean people a
 square deal in not giving them
 a road. Place any of our busi-
 ness men or dairymen in the
 predicament the Bayocean peo-
 ple are in, they would imme-
 diately contend, and rightly too,
 that they were justly entitled
 to a road and a way out. If it
 is going to hang fire for several
 years before Bayocean can ob-
 tain a road, then we hope some
 law will be passed whereby the
 money can be raised by bond-
 ing to build the road. We feel
 that it is doing Bayocean an in-
 justice, after such commenda-
 ble enterprise and large expendi-
 ture of money improving the
 county, to deprive it of a road.

The Spectator is beginning to
 feel hostile with the Oregon
 system. Criticising the refrad-
 ent State University referen-
 dum petitions and the decision
 of the Supreme Court, it says:
 "This decision of the observ-
 ing and sapient Supreme Court
 makes the initiative and refer-
 endum laws even more danger-
 ous to the state than they were
 before. It makes it possible
 for five per cent of the most
 ignorant and vicious citizens to
 overthrow our state institutions
 and destroy the state govern-
 ment. It places the burden of
 showing fraud in petitions on
 the taxpayer, and aligns with
 the forgers and destructionists
 the highest court in the state.
 It puts a premium on fraud;
 makes forgery pay splendid
 dividends to the criminal; in-
 duces poor honesty to doff its
 respectability and become rich
 and powerful through crime;
 and assures the political crook,
 grafter and hold-up man that if
 he have a sufficient following of
 crooks, grafters and hold-up
 men to make a showing at elec-
 tion time he may go as far as
 he likes." Steady, Mr. Specta-
 tor, steady. Have you lived
 so long in Oregon and not heard
 all about the glorious things
 the Oregon system were going
 to bring about? Why, don't be
 scared at the wholesale fraud
 in the University petitions, for
 that is only one instance where
 the dear people have been bun-
 cowed by a lot of cheap jack
 politicians who were out for graft.
 Failing in their efforts to be
 bought off, they hold up the
 State University appropriatin
 by fraud and deception.

Cream Farmer's Questions.

How thick shall I skim my milk?
 As close as possible to 35 per cent.
 What is the best breed of cows to
 keep when cream is sold?
 The Jersey, Holstein, Guernsey
 and Ayrshire are considered the
 best. Some strains of shorthorns
 and Red Polls are also good.
 What are the poorest breeds for
 dairy purposes?
 All breeds raised chiefly for beef.
 How can I tell my best cows from
 my poorest?
 By weighing all the milk pro-
 duced by each cow in a year and
 testing the milk for butterfat one
 day a month.
 How much milk and butterfat
 should a dairy cow give in a year?
 At least 6000 pounds of milk and
 225 pounds of butterfat. Under
 usual conditions a cow must give
 4000 pounds of milk or 160 pounds
 of butterfat to pay for her keep.
 The greater the amount above that
 the more profitable is the cow.
 What is the world's record for
 butterfat production by one cow?
 At the present time it is 908
 pounds of butterfat in 365 days.
 This record is held by a Holstein
 cow.
 Are silos a success, and is silage
 a good winter feed?
 Yes, decidedly so, if the silos are
 properly made and filled.
 What place on the farm is the
 best for keeping cream?
 The coldest, cleanest place avail-
 able. This is generally a spring
 house or a building provided with
 a tank of cold water changed fre-
 quently.
 Is a cellar or cave a good place to
 keep cream?
 No. The air in a cellar or cave is
 seldom pure, and the temperature
 is not low enough in summer.
 How often should a cream separa-
 tor be washed?
 The bowl and all parts of the
 cream separator which come in
 contact with cream or milk should be
 thoroughly washed and scalded
 after each separation. It is unlaw-
 ful in Kansas to use a dirty separa-
 tor or dirty utensils.—Agricultural
 Epitomist.
