"The Chinese were more to be desired as workmen if not as citizens, than the coarse crew that came crowding in every year at Eastern ports.' -Prof. Woodrow Wilson, democratic nominee for president.

Attorney Henderson says that he is going to give the Republican and Democratic parties the devil. The offer is thankfully declined, Bro. Henderson, for the reason that his Satanic Majesty is in pretty good company while in the Bull Moose band wagon.

The Bull Moose speaker in this dity last week told one of our citizene that the object of the new party was to kill off the political bosses. He was told by a wide-awake Tillamooker that the Republican and Democratic parties could kill off a few poli tical bosses, but if the Bull Moose party killed off their political boss they would be up against it.

Roosevelt charge that both Re-publican aud Democratic parties are oss-ridden and privilege-controlled is directly contrary to the facts Is La Follette or Borah or Cummins or Hadley boss-ridden or privilege controlled? Their whole public record proves the contrary. They have fought the bosses and privilege consistently and persistently are fighting still within the Repub-can party. They are winning every battle in which they engage. Nor is the Colonel's indictment true of the Democratic party, as was proved by the action of the Baltimore convention in denouncing the bosses among its own delegates and nominating the man the bosses most fear. Wilson's record proves that if elected President he would treat other bosses as he treated Smith of New Jersey. We all know what he did to Smith The most stunning blow ever dealt

at the bosses and special privilege was the passage of the Panama Canal law by the joint action of both parties in Congress. It has removed the strangle-hold of the railroads on water transporation and has committed the Nation to a new shipping policy directly opposite the privilege breeding subsidy policy which Roosevelt formerly advocated. That law is a convincing demonstration that the control of the

and those who have opposed it are one by one, slinking into retirement as does Senator Perkins. The battle was already won and the enemy's hosts were already put to rout whe Roosevelt rushed onto the field, shouting "Follow me," and merely

led the pursuit. The contest between the Republican and Democratic parties is being fought out on clearly-defined differences of principle, and which ever party wins will govern the country in accordance with its declared policy, free from the dictation of bosses or eleventh hour converts
