

THE COUNTRY'S BUSINESS AT FLOOD TIDE From Every Section of the Nation Comes the Good News of a People's Prosperity.

BIG CROPS, PLENTY OF WORK, GOOD WAGES

This is the Chorus That Comes from Every State, and it is a Song That Must Gladden the Heart of Every American Who Loves His Fellow Men and Wishes Them to Prosper.

BUSINESS IS BRISK "EVERY PROSPECT PLEASES"

Local Merchants in the Towns Find Receipts Increasing Each Month.

Under the heading, "Business is Brisk this Fall," the Freeport, Ill. Journal says that local merchants are optimistic and that "autumn displays in local windows include great variety of high class goods that will sell well."

Recent reports from shippers in almost every section of the country give one the idea that the only famine we will have is one of freight cars rather than of produce.

"Among local merchants business has been good this summer and each month has shown an improvement over the corresponding month one year ago."

WILL DEPEND UPON ELECTION

Politics Unfortunately, Will Have an Influence Upon Continued Prosperity.

In an interview published in New York, Mr. James S. Alexander, president of the National Bank of Commerce, said:

"Merchants have been increasing their stocks. Labor is well employed. Tremendous crops are assured. The outlook is exceedingly good."

But Mr. Alexander added that politics, unfortunately, were a factor in the situation and that if present conditions were changed by the election, the business world would naturally suffer.

Business Continues Good. From the Jackson, Mich., Patriot, Sept. 11, 1912.

As to the general business of the country, although within less than eight weeks of election, with conditions growing feverish among candidates, there can be no two opinions. It is large and tends to become larger, in some cases showing a volume never before recorded.

This is especially the case with those industries which imply a large volume of business in other lines and directions, such, for example, as the industrial demand for fuel and the biggest output ever known in manufactured steel.

At no time in the history of this country has the production of steel been so great, and its relation to other industries is shown in the large orders received from the railroad equipment companies.

Bright Business Signs.

From the Reading, Pa., Times: It gratifies the Times to be able to bring to the attention of its readers the many evidences of business improvement appearing in all sections of the country.

Let Well Enough Alone.

From the Quincy, Ill., Whig: It strikes us that we should be satisfied with our present prosperity under President Taft and not be misled by those who are trying to create a spirit of unrest throughout the country.

THE country is at the flood tide of prosperity.

The last four years under Republican laws and Republican policies mark a triumphant climax in the nation's history.

From the day that William McKinley, in the name of the Republican party, assumed control of the government, down to the present time, when William Howard Taft is proving the worthy and patriotic successor of the martyred president, there has been uninterrupted progress, unexampled prosperity, marvelous growth.

Business everywhere is booming. Labor is in great demand, and wages were never better. Banks' deposits are increasing. Railroads are carrying enormous quantities of freight. Shipbuilding has taken on a new lease of life. Farmers are making money and miners and all other classes of workers are busy. Never was such universal activity known before.

The details presented in these columns tell their own convincing story. They are gathered from all sections of the country—a broadside of interesting, instructive facts that demonstrate the widespread blessing of prosperity all over the land.

THE foregoing extracts from the news and editorial columns of the newspapers have been selected almost at random and numerous as they are they represent but a fragment of the innumerable stories with which the papers of this happy country are filled day by day.

Aren't they splendid stories? Can any American read them without a thrill of pride and satisfaction?

And when we stop to think of it, men and brethren, must we not realize that the concrete facts they present are of immeasurably more value and importance than all the theories, all the fine spun fads and fancies, that were ever invented. How trivial, how like sounding brass and tinkling cymbal, seems all the talk about "bosses" and "initiatives" and "referendums," about this or that petty "issue," in the presence of the splendid FACT that there is peace and plenty in all the land, that men are busy and women are happy and little children are fed and clothed!

All these things have come to us under the law we now have, through the sanity and sense and wisdom of the great party that is now in power. Why jeopardize it all in a rash experiment? Why change for the mere sake of a change? Why take a chance when we already enjoy a certainty?

Why vote for ANYBODY but Taft and Sherman and the Republican Party?

PROSPERITY HERE SAYS RAIL CHIEF

President of the Pennsylvania Sees Record Good Times Ahead.

PROMISES ENOUGH CARS

Declares He Will Provide Plenty of Chances to Move Products.

From the Chicago Tribune, Sept. 16, 1912.

Pittsburgh, Pa., Sept. 16.—(Special)—Prosperity that will eclipse anything the nation has ever enjoyed is what James McCrea, president of the Pennsylvania railroad, sees in the future. McCrea came to Pittsburgh last night. Asked what he thought of the business situation, he said:

"Prosperity—why it is here! Every body can see that. The pulse of the whole country is beating to the rhythm of happier times. And we are just entering the new era of prosperity."

ALL SIGNS POINT TOWARD PROSPERITY

Tremendous Business in Sight Which Should Not Be Checked.

From the Gary, Ind., Tribune, Sept. 11, 1912.

Orders on the books of the United States Steel corporation as of August 31 called for 6,163,375 tons of material. This figure represents an increase of 306,296 tons over the amount booked a month earlier. It is also the largest amount of business shown since the corporation began issuing monthly reports of its orders, and has not been exceeded in the quarterly statements since September 30, 1907. The largest amount of business the corporation ever reported was 8,489,719 tons on December 31, 1906. Since the beginning of this year the business on the order books has increased from 5,084,761 tons and during a large part of the period the mills have been running close to their productive capacity.

This means everything to Gary for the next year. If the steel companies cannot keep pace with their orders, with all the plants running at practically full capacity, the time is at hand when extensions will be in order, and Gary is going to get its share of the extensions.

Elsewhere in this issue, the Tribune prints a remarkably "boonish" series of interviews with New York bankers. They are worth reading. It all goes to show that general business is going to be tremendous for at least a year to come, and Gary is in position to get its full share of the good things bounteous times are to give out.

IOLA IRON WORKS RUSHED

HOPE TO INCREASE FORCE FROM 100 TO 400 MEN.

Treasurer Hornaby Says the Resumption of Business Came Within Three Months.

From the Iola, Kan., Register, Sept. 13, 1912.

"Business at all our plants is rushing and in a short time we hope to be operating at full capacity at our Iola mill, which will call for some 140 men," was the interesting statement made to a Register reporter by Mr. F. A. Hornaby of Springfield, Mo., treasurer of the United Iron Works company. Mr. Hornaby was on a visit to the Iola plant of the company and stated that he was adding to the force here as rapidly as possible, having now 100 men on the pay roll.

NO TALK OF HARD TIMES

Philadelphia Bankers Say That Business is Good Everywhere.

Philadelphia, Sept. 11.—Bankers here today expressed themselves as much encouraged by the prospects of almost a tidal wave of business and a trade prosperity that will endure owing to the prospects of bumper crops as forecast in the government crop report issued yesterday.

FORESEE AN ERA OF PROSPERITY

Julius Kruttschnitt and Otto Kahn Tell of Increased Business Everywhere.

OTHERS ECHO SENTIMENT

Politics Introduces the Only Element of Uncertainty.

From the New York Sun, Sept. 11, 1912.

Prosperity for the United States and its insular possessions was predicted by many returning passengers on the Kronprinz Wilhelm of the North German Lloyd line. Among the most optimistic was Julius Kruttschnitt, vice-president of the Harriman railroad lines.

Mr. Kruttschnitt bases his roseate predictions on the reports he received through the newspapers and from the officials of the Harriman system. He thinks that the prosperity wave will extend throughout the country.

Among those who are confidently looking for good times is Otto Kahn of the firm of Kuhn, Loeb & Co., who sailed for Europe on the Mauretania this morning. In discussing business conditions throughout the country Mr. Kahn declared the big crops of this year indicated a revival of prosperity and increased business.

But Mr. Kahn was careful to point out that there was danger to business from politics and unsettling legislation. He said in part:

"When any one tells you, as many are saying, that the business revival is going on regardless of politics, you can laugh at him," he said. "It will not. It is true that the country is all ready for the great prosperity. The crops are wonderful, the greatest we have seen. Business is running smoothly. Factories are operating at full capacity, labor is well employed. The outlook is good. But business will not cut loose into any great boom. Politics is one big factor. Wilson is an uncertainty. He has been giving us a great deal of loose talk lately on one thing, concerning the inability of American business men and bankers to handle their business. Presidents cannot afford to indulge in loose talk."

IN MINES AND QUARRIES

Industries Which Have Greatly Prospered Under President Taft.

From the Quincy, Ill., Whig:

The mining and quarrying industry is one of the greatest industries in the United States. During the administration of President Taft the miners have prospered, there have been fewer strikes than ever, and why should the miners vote for a change? The best is none too good for the working people of this country, and they have been getting the best during the past four years. Can they expect anything better under the administration of a Democratic president, when history teaches us that this would be an utter impossibility? Illinois has 86,289 persons engaged in the industry, a larger number than any other state in the east north central group, which consists of the states of Ohio, Indiana, Illinois, Michigan and Wisconsin. Do the voters of this great state want to continue to prosper, or do they prefer to go back to the old days when they worked for starvation wages? This is something for the thinking men of this country to ponder over. You cannot get away from the cold facts.

Prosperity Wave Increasing.

"The prosperity wave is increasing daily," said President Benjamin F. Bush of the Missouri Pacific-Iron Mountain system. "I wish," he adds, "that the railroads were going to share equally in the profits with other lines of business, but the prevailing rates are low and operating expenses are great."

Mr. Bush's interview shows that the Interstate Commerce commission, under President Taft, is protecting the interests of the people and that wages were never higher than they are at present.

Notice.

NOTICE IS HEREBY GIVEN,—To all whom it may concern: That the Common Council of Tillamook City, Oregon, did on the 16th day of September, 1912, duly adopt Ordinance No. 248, providing for a continuation of Sixth Street, in Tillamook City, Oregon, from the West line of Second Avenue East to the East end of said Sixth Street as it is now established in Central Addition to Tillamook City, and the said Common Council did on said September 16th, 1912, appoint Henry Rogers, M. Melchior and T. H. Goyne, three disinterested freeholders of Tillamook City, to view such proposed street and make an assessment of the damages and benefits on account of the laying out of the street mentioned in said Ordinance, and did appoint Thursday, the 17th day of October, 1912, at the hour of 8 o'clock p.m., at the Council Room in the Commercial Club Rooms, in Tillamook Block, Tillamook City, Oregon, as the time and place for said viewers to meet.

YOU ARE FURTHER NOTIFIED that the boundaries and terminus of the proposed street, being a continuation of said Sixth Street, are described as follows: Beginning at the southeast corner of Block 1 of Central Addition to Tillamook City, and being in the West line of Second Avenue East, and running thence West 300 feet to the southeast corner of Block 1 of Central Addition to Tillamook City, Oregon; running thence South 60 feet to the Northeast corner of Block 2 of Central Addition to Tillamook City, running thence East 300 feet to the West line of Second Avenue East and running thence North along the West line of Second Avenue East 60 feet to the place of beginning; the Eastern terminus of said street is the West line of Second Avenue East, and the Western terminus of said Street is the East end of Sixth Street, in Tillamook City, Oregon, as the same is now established lying between Blocks 1 and 2 of Central Addition to Tillamook City, and the property proposed to be appropriated for such purpose is described as a strip of land 52.82 feet in width off the entire south side of the said described street, belonging to Ida Martiny, and a strip 7.68 feet in width off the entire North side of said tract formerly belonging to J. R. Harter, and not included in the platted lots of Harter's Addition to Tillamook City.

And all persons claiming damages by reason of the appropriation of the said property for said street are hereby specially notified to file their claim for such damages with the undersigned, City Recorder of Tillamook City, Oregon, before the time appointed for the meeting of said viewers as above set out. Done by the order of the Common Council of Tillamook City, Oregon Dated this September 16th, 1912. T. B. HANDLEY, City Recorder of Tillamook City, Oregon.
