Rah! Rah! Rah! For President-elect Wilson.

Everybody doff their hats to President-elect Wilson.

The country has gone Democratic crazy, but this neck of the woods remain sane and sane.

We suppose the assistant Democrats think they did a mighty fine thing in helping to defeat the Republican party.

The Republicans in Tillamook county had no political "sack" to run their election, but they came out on top notwithstanding.

What's the matter, anyway, with Teddy that he and his followers are not shouting their heads off that Wilson stole the election?

The primary law should be amended so that any candidate who is defeated should not be allowed have his name on the official ballot in the election that follows.

Our Democratic friends have a smile on their faces which won't wear off, and, of course, they are thankful to the Bull Moosers for giving them that pleasant countenance.

We do not share the prediction that President Taft will never again be a candidate for the presidency, for we expect before another four years comes round that the people will realize that they made a mistake.

It took a lot of trust money to defeat the Republican party for prosecuting the trust magnates, but no doubt, they feel they have had sweet revenge and now conclude that the money was well spent and did excellent service.

The Democratic party will take hold of the reins of government when the country is in a most flourishing and prosperous condition. It remains to be seen how long they will be able to keep it at high water mark.

The snap shot man is being thanked by quite a number of the leading citizens for the excellent fight he put up for the Republican party. Thanks is not necessary, gentlemen, but thank those who stayed with and voted for the G.O.P. The party will soon surmount the factional strife and the wave of discontent which swept over the country and will come out victorious again.

It is to be hoped that the clay found at South Prairie is suitable for brick and pottery purposes. This is an industry that is greatly needed in this county, for as soon as tileing can be bought at a reasonable figure there will be considerable pipe laid in draining land. And as to brick, a large quantity will be used in building, especially fine quality of face brick.

The Bull Moosers disfranchised Republicans in California. It only acted as a boom-crang, however. What was at one time the strongest state for Roosevelt went to Wilson on Tuesday. With it Governor Johnson went down to defeat, who was one of those who help defeat the Republican party. The same fate will befall quite a number of prominent politicians who joined the rule or ruin faction.

Democratic State Committeeman Talmage made the public statement that there were only three Taft men in the county, Charley Reynolds being one and the editor the other two. Now there is on the Democratic

committeeman. Charley Reynolds thinks his feelings are injured to the extent of \$8,000 for the libelous statement, but he can't find any attorney who wants to monkey with a libel suit for fear he'd be taxed with the cost and get the horse laugh.

"Poor old Baker."—Bay City Examiner. Why, he is still as vigorous and lively as a kitten, doing business at the old stand, notwithstanding he has seen a whole raft of newspaper monstrosities come to this county, penniless, down on their uppers, and with unquenchable smarks in their throats. They have attempted to make a great smudge, run and dictate city and county affairs. After sowing seeds of discension, they pick up and depart for new scenes, leaving "Poor old Baker" to create a boosting, get together spirit in the place of so much strife and sectional squabbles.

Although the editor made a strong fight in Tillamook county for the Republican party, it is a source of some little satisfaction to know that the county is still in the Republican column. We still contend that the protective policy of the Republican party is best for the county, and it is "Show me" where the free trade policy of the Democratic party is going to improve conditions, either in this county or the country at large.

The Republican party met its defeat on Tuesday on account of factions stripe brought on by the rule or ruin policy of ex-President and his political advisers, who have also gone down to ignominious defeat as well. It is, no doubt, a source of satisfaction to the Bull Moose assistant Democrats that accomplished defeat of President Taft, but the Republican party is not dead by any means, for now that it is placed in a position where it will be the attacking party, it will not be long before it regain the confidence of the people.

For the sake of harmony in the north end of the county, we hope that the citizens of Nehalem will accept the result of the election in good part and place confidence in Mr. Edner. From what business dealings we have had with him we feel that he will treat all parts of the county fair and will do as near right as possible. It is no easy job to be county commissioner with so many petty jealousies cropping up and dissatisfaction amongst some people when they fail to obtain road work in their vicinity. But for the sake of harmony and a get together spirit in the interest of the entire county, we ask that Mr. Edner be given an opportunity to make good.

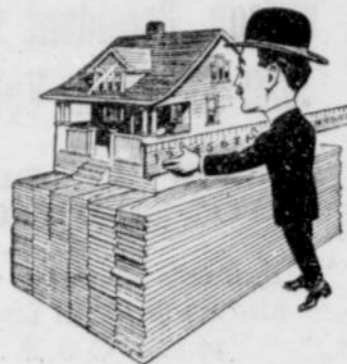

A great many of our citizens have become comparatively well fixed the past few years under a Republican administration, in fact, every cent they have made has been during prosperous conditions, yet, in looking over the election returns it is plain to see that a large number of Tillamookers were not content to let well enough alone, and have listened to the politicians and not properly considered their own interests. It remains to be seen whether they will do better and grow more wealthy with the change. Republican newspapers all over the country will keep a close tab on the business barometer, so that the people will be kept posted on business conditions.

For a number of years the Republican party have been in the throes of factional strife over a number of trivial questions and greedy, factional politicians in the State of Oregon. The result of which is the Democrats have made political capital on account of the strife and captured some of the most important offices. The Republican party went into the presidential fight handicapped by internal strife amongst the politicians. This was started by Garfield and Pinchot, two discredited politicians and cronies of Roosevelt, who started the fight against President Taft, and with the aid of enormous sums of money contributed by several big trusts, succeeded in defeating the president. This is how the strife first started in the Republican party, and proves what a few politicians with a grouch and a pile of money and paid spellbinders can do to fool the people and defeat a party as strong as the Republican party.

DON'T YOU THEY HAVE APPENDICITIS?

Many Tillamook people who have chronic appendicitis, which is very painful, have [doctored] years for gas on the stomach, stomach or constipation. Lamor states that if these people will try simple buckthorn, glycerine, etc., as composed in Adler-i-ka, the German appendicitis remedy, they will be surprised at the QUICK benefit. A SINGLE DOSE relieves these troubles INSTANTLY.
