PRA DU CHIEN, Wisconsin, the name of the city we left when we came to Oregon.

It also means our Wholesale Cost Mark.

P means one, R means two, A means three, and so on up to ten.

Have you ever seen an advertisement of this kind in Tillamook County? We never have.

THIS ADVERTISEMENT MEANS THAT WE ARE GOING TO  
Sell at Wholesale Prices the Entire Stock of  
MERCHANDISE on hand at present time.

There have been several stocks in Tillamook advertised to be sold at cost since we have been here, but they did not give you their cost mark, and you were obliged to take their word as to the cost of the different articles.

**THIS SALE COMMENCES**

**ON MONDAY, NOV. 18,**

**And Continues until Entire Stock on Hand is Disposed Of.**

This is an honest advertisement and all Goods of the present Stock will be sold to you at Wholesale Prices. There is no *hot air*, *Specials* or *Values* in this Sale. The store will not be closed, the Stock will not be re-arranged and prices will not be changed. The only difference is you will Pay the Wholesale instead of the Retail Price on all purchases. We positively refuse to sell to any of our competitors entire lines of any Goods in Stock.

If you have any present or future needs of any Merchandise that we carry, this certainly will be your opportunity to buy Goods at Prices never before offered to you in Tillamook County to our knowledge.

We will also Sell all fixtures on hand, consisting of shelving, counters, floor and counter show cases, safe, cash register, desk, stove, skirt rack, rolling ladder, wax fixtures, window fixtures and other small fixtures too numerous to mention at prices below cost.

*We might cover another page of this paper quoting prices that would astonish you, but come to the Store and See for yourself.*

**CARL A. PATZLAF.**
