Uncle Sam will be a competi-  
 tor with the express companies  
 this year.

It is about time that the tax-  
 payers of this city were given  
 a rest in being taxed every year  
 for the water system.

If some of our citizens would  
 put as much vim in boosting  
 the city as they did in the city  
 election, the city could not help  
 developing with so many boost-  
 ers shouting and working.

Which of the paved streets in  
 the residence district is going  
 to look best with dahlias plant-  
 ed in the parkings the coming  
 summer? Let everybody do  
 something to beautify the city  
 and make it attractive, for there  
 is going to be large number of  
 visitors next summer to this  
 city.

As the County Court greatly  
 reduced the outstanding in-  
 debtedness of the county last  
 year, which curtailed somewhat  
 road work all over the county,  
 there will be more money avail-  
 able next year for road work. It  
 is the desire of the officials to  
 put the county on a cash basis,  
 and we believe that this meets  
 with general approval.

Probably the best way to  
 make the saloon keepers con-  
 duct their business according  
 to law is for the City Council  
 to come to an understanding  
 that when applications are  
 made to renew saloon licenses,  
 those who violate the law in  
 the future will not be granted  
 a renewal. The City Council  
 is so constituted that it can do  
 this and the people of the city  
 would uphold them.

The P. R. & N. jumping off  
 place for passengers in this city  
 is a disgrace, for when they  
 make the jump they are just as  
 liable to land in the mud as  
 anywhere else, especially when  
 the train arrives after day light  
 has vanished. If the Southern  
 Pacific officials can't do better  
 we move that they borrow a  
 gang plank from the steamer  
 Sue H. Elmore, which would  
 be some improvement, and the  
 traveling public, especially Till-  
 amookers, would be able to  
 find their bearings.

Some of our citizens are not  
 quite satisfied with the way  
 things are shaping themselves  
 in the Port matter. It seems  
 to us that it would be a wise  
 thing for all the timber men  
 and a committee from this  
 county to get together and agree  
 upon some plan that will be  
 satisfactory to all parties. No  
 one wants to place any obstacles  
 in the way of bar and harbor  
 improvements, and if this can  
 be hastened along so much the  
 better. Anyway it would be a  
 good thing for the representa-  
 tives of the timber men to  
 meet with the leading citizens  
 quite often, and as this is a  
 favorable opportunity to get to-  
 gether, we invite them to a  
 conference in this city.

Commissioner H. V. Alley  
 attended his last meeting of  
 the County Court last week,  
 and at the close of this month  
 will become a private citizen.  
 Having watched Mr. Alley's  
 public career in this county, we  
 think it is only right on the  
 part of the Press to commend  
 him for his public services. He  
 has worked zealously and faith-  
 fully for the up building of the  
 county and for good roads. He

will retire with clean hands and  
 clear conscience of having per-  
 formed a public service faith-  
 fully and impartially. Whether  
 it was wise to make a change  
 is questioned, but it was the  
 will of the people. However,  
 Mr. Alley retires into private  
 life with a great deal of satisfac-  
 tion, for the six years he  
 was Commissioner the county  
 progressed wonderfully, espe-  
 cially the north end of the  
 county, which was "bottled up"  
 when he took office. We ex-  
 tend to Mr. Alley, in behalf of  
 the citizens of Tillamook coun-  
 ty, their thanks and apprecia-  
 tion of his work while county  
 commissioner.

The "Department" system  
 saloons put the lid on and those  
 places were closed up Sunday,  
 which is an outcome of the re-  
 cent election in this city. It  
 was a move in the right direc-  
 tion, for if the saloon keepers  
 expect to keep in business they  
 must strictly comply with the  
 law. That is what the business  
 men and citizens will insist upon  
 them doing in future. All  
 desire to see a progressive,  
 moral, up-to-date, business city,  
 and all should get together with  
 that end in view on a common  
 rational platform. Let every-  
 body take a pride in making  
 this an attractive city for visit-  
 ors, investors and manufactur-  
 ing industries, and by doing so  
 in a friendly spirit, great pro-  
 gress will be the result. Let  
 those who have had a grouse  
 or were inclined to "knock"  
 turn boosters from now on.  
 Tillamook City has a splendid  
 future before it and the way to  
 bring this about is to pull to-  
 gether and work.

The parcels post goes into  
 effect the first of the year, and  
 although it is sure to be a suc-  
 cess and will crowd additional  
 work on a large number of post-  
 masters, and city and rural  
 mail carriers, we are inclined  
 to think that on account of the  
 fact that all fourth-class matter  
 bearing the ordinary postage  
 stamps will be treated as "held  
 for postage" will cause some  
 inconvenience until such time  
 as the people become educated  
 that in availing themselves of  
 the parcels post they must  
 procure distinctive parcel post  
 stamps. Why there should be  
 stamps of different breeds we  
 do not know, unless it is to  
 prevent the use of a large num-  
 ber of stamps of small denomi-  
 nation on parcels or to distin-  
 guish it from other mail. All  
 parcels must bear the name of  
 the senders, otherwise they will  
 not be accepted for mailing.  
 This, no doubt, is made impera-  
 tive so that the parcel can be  
 returned should it remain un-  
 called for after 30 days.

Some persons think the snap  
 shot man made a mistake when  
 he called attention to the cam-  
 paign of scandal in the recent  
 city election. However that  
 may be we care little. When  
 we see some of our best citizens  
 maligned and all manner of lies  
 and scandal circulated about  
 them, it is the duty of the Press  
 to criticize that kind of thing,  
 no matter whether it is indulg-  
 ed in by the saloon people, the  
 "dry" advocate or Church peo-  
 ple. It was wrong and no one  
 with any honor can justify  
 defaming and pulling down the  
 characters of our leading citi-  
 zens who happen to run for  
 public office. Yet it is custom-  
 ary to do so in political cam-  
 paigns, but the system is wrong.  
 It is surprising to us that citi-  
 zens, who respect their good  
 name and standing in the com-  
 munity, allow themselves to be  
 drawn into a city election when  
 they know that scandal mongers  
 and those who have some per-  
 sonal spleen will get in and do  
 their dirty work. It is time  
 that this kind of thing was cut  
 out. We will close by saying  
 that anyone who did not partici-  
 pate in circulating scandal and  
 lies about some of our citizens  
 can take no exceptions to what  
 we said last week, for it was a  
 bit of kindly, Christian advice  
 to those who had allowed them-  
 selves to become scandal mon-  
 gers. Suppose they had been  
 running for office and the same  
 tactics used against them, how  
 would they like it?

Good road advocates having  
 met with considerable difficulty  
 in regard to new road laws, it  
 is presumed that they will make  
 another attempt to get some  
 bills through the State legisla-  
 ture. That may be necessary,  
 although we question the prop-  
 erty of more legislation, for  
 that will not build roads. It is

not more road bills but more  
 money for road work that is  
 actually wanted now. There  
 is nothing to prevent any coun-  
 ty in the State from building  
 good roads if they will make  
 their levys high enough and  
 continue to do so for several  
 years. That is the best way to  
 obtain roads, and the only way,  
 unless it is to raise money by  
 bonding, and too many bond-  
 age plasters placed on people's  
 property is not a good thing by  
 any means. But there are oc-  
 casions when a County Court  
 should have authority to borrow  
 a limited amount of money for  
 some special work. For in-  
 stance, when some expensive  
 and necessary piece of work is  
 decided upon and sufficient  
 money cannot be appropriated  
 in one year, it is not surprising  
 that a County Court feels re-  
 luctant to start when it ties up  
 money without any immediate  
 benefit, while if they could ap-  
 propriate one third of the money  
 out of the taxes one year and  
 borrow the other two-thirds to  
 be paid the next two years, it  
 would obviate the delays and  
 enable the people to enjoy the  
 improvement. This, we think,  
 is where a County Court should  
 be given a little more latitude  
 and given authority to make  
 short time loans in cases like  
 this.

There is some little difference  
 amongst the dairymen regard-  
 ing a model dairy farm, not but  
 what they admit that it would  
 be a splendid educator, but it is  
 the cost of maintenance and  
 who is to foot the bill is what  
 is perplexing some of the dairy-  
 men. It may be that it could  
 be placed on a paying basis, but  
 we hardly think this could be  
 done right off. Here is a point  
 raised by the progressive dairy-  
 men who have gone to the ex-  
 pense and trouble to inform  
 themselves of the best methods.  
 They do not think they should  
 help to furnish money to educate  
 those who have been less dili-  
 gent. We believe that a model  
 dairy farm in this county should  
 be maintained by the State and  
 under the supervision of the  
 State Agricultural College. All  
 must admit that the college is  
 a splendid institution for mak-  
 ing experiments, but its use-  
 fulness would be greatly en-  
 hanced by establishing small ex-  
 perimental stations in different  
 sections of the State. What is  
 suitable for one section is not  
 suitable for other sections. For  
 instance, Tillamook county is  
 an ideal dairying section, with  
 soil and climatic conditions  
 totally different from that of the  
 Willamette Valley and Eastern  
 and Southern Oregon, and for  
 that reason all the experimental  
 stations and bulletins issued  
 therefrom in other parts of the  
 state would not be suitable for  
 this county. If our Granger  
 friends would frame a bill with  
 sufficient funds for small experi-  
 mental stations in different  
 parts of the State, to be man-  
 aged by the Agricultural Col-  
 lege, we believe it would meet  
 with approval by the State legis-  
 lature. The schools of the State  
 are closed three days so that  
 teachers can attend institutes,  
 and teachers draw pay while  
 they talk "shop," and if the  
 farmers would get in and pull  
 the legs of the legislators the  
 same as the teachers have done  
 they would be equally success-  
 ful in having small model dairy  
 farms and experimental farms  
 established in different parts of  
 the State, which would be of  
 great benefit, for it is scientific  
 farming which is the most suc-  
 cessful and profitable.

**Cause of Insomnia.**

The most common cause of in-  
 somnia is disorders of the stomach  
 and constipation. Chamberlain's  
 Tablets correct these disorders and  
 enable you to sleep. For sale by

**A Night of Terror.**

Few nights are more terrible than  
 that of a mother looking on her  
 child choking and gasping for  
 breathe during an attack of croup,  
 and nothing in the house to relieve  
 it. Many mothers have passed  
 nights of terror in this situation.  
 A little forethought will enable you  
 to avoid all this. Chamberlain's  
 Cough Remedy is a certain cure for  
 croup and has never been known to  
 fail. Keep it at hand. For sale by  
 all dealers.

Dr. Wm. Sadler, author of "The  
 Cause and Cure of Colds," says  
 that common colds should be taken  
 seriously, especially when they  
 "hang on." Foley's Honey and  
 Tar Compound is a reliable house-  
 hold medicine for coughs and colds,  
 equally effective for children and  
 for grown persons. Take it when  
 you feel a cold coming on. It will  
 avert danger of serious results and  
 cure quickly. No harmful drugs.

**Keep Abreast  
 of the Times**

IN OLDEN DAYS, when buying  
 a cook stove, people would buy  
 the one they could get the cheapest,  
 that's because there were only a  
 few makes on the market and  
 were all practically the same in  
 construction and material.

It's Different Now! There are close to a thousand different ranges  
 on the market today—good, bad and indifferent. Wise people use a little  
 foresight in selecting their range, and they make no mistake in selecting  
 THE RANGE WITH A REPUTATION—the range that is recommended by  
 every user; the range that has stood the test—

**The Great Majestic Range**

the range that is made of MALLEABLE and CHARCOAL IRON—the range

 RANGE MADE—

and we can prove it!
